Location Strategy

Why develop a location strategy?

- 1. Shifts the work of the CWC to something that is proactive.
- 2. Identifies potential sites for prospective applicants.
- 3. Guides commemorative works to locations that achieve broad District of Columbia goals:
 - Potential sites located in all Wards; and,
 - Preferred locations in areas identified as important community centers.

Location Strategy

BACKGROUND

Develop the District's First Location Strategy for Commemorative Works

Define Location Concepts

Apply to City Plan

Identify Specific Sites

Three Concepts

- Ceremonial Corridors
- 2. Community Spaces
- 3. Shared Spaces

Places in the City Plan

- 1. Small Parks and Open Spaces
- 2. Streets and Sidewalks
- 3. Civic Buildings and Spaces
- 4. Large Parks, Waterfronts, and Plazas

CORRIDORS - SITES

Ceremonial Corridors

1. Small Parks & Open Spaces	612
Triangle	212

Potomac Metro Station Metro Plaza

SITE PROFILE - EXAMPLE

Discussion

- 1. How many preferred sites should the strategy identify?
 - Fewer sites per Ward with more information on each site? (ie. 10 sites per Ward)
 - More sites per Ward with less information on each site (ie. 20 sites per Ward)
- 2. What criteria should be used to identify preferred sites?
 - High visibility
 - Mature trees/shade
 - Good accessibility

Commemorative Works Visioning Scope of Work

Purpose of the project: To develop a SOW for a commemoration strategy that affirms the District's civic identity; engages and solicits input from the public on subjects that should be commemorated; and, considers traditional, diverse and innovative ways to highlight community heritage.

Timeline/length of project: Four to six months (intermittent work between October 2020 to July 2021)

Study Area Boundaries: Citywide

Description of Analysis and Considerations: Staff review of best practices (New Orleans, Philadelphia, etc.); current discussions of historic commemorative works; budget/staff capacity; and, coordination within OP and EOM, District agencies, DC Council interest/legislation, and NCPC.

Listing of key milestones and deliverables: Summary of best practices/current events, draft SOW, review District agencies/partners, refinement/final draft SOW, presentation to CWC, and refinement/final SOW.

Discussion

- 1. With what other District initiatives should this work be coordinated?
- 2. What additional factors should be considered when developing the SOW?
