SUBCOMMITTEE REPORT

OS-26-09-05

Subcommittee Report

Board action:

The Legislative and Regulatory Subcommittee will discuss and recommend an update to the Pharmacist Scope of Practice FAQ document regarding non-injectable drugs and devices.

- During the August *Legislative and Regulatory Subcommittee* meeting, the subcommittee discussed the expanded scope of practice for pharmacists in the District of Columbia.
- The Board of Pharmacy currently houses an FAQ document on its website, which discloses the activities considered in the expanded scope of practice.
- Among these activities are those permitting pharmacists to perform duties that do not require guidance by regulations. However, there are other duties that require regulatory effort.
- The subcommittee discovered that, while the District of Columbia did not allow pharmacist to administer medications previously, the administration of non-injectible medications may not require regulations.

This matter is now brought before the Board for consideration of adding to the existing FAQ that pharmacists are allowed to administer any non-injectible medications now, (at this time), without regulations.

Motion:

Motion made by Vice Chair, Dr. Benjamin Miles to amend [the DC Board of Pharmacy's FAQ document [concerning the expanded scope of practice for pharmacists in the District of Columbia], to allow pharmacists to administer non-injectable medications, now.

2nd: Dr. Jamila Jorden.

Vote:

Dr. Hill, Dr. Miles, Dr. Jorden, Dr. Reddick, and Dr. Johnican voted in favor of the motion. Motion carried.

NOTE:

The subcommittee researched regulations in several states regarding this matter, but found that regulations existed for the pharmacist's administration of injectible medications. The subcommittee will work to establish regulations that require the elements of vaccination authority to be the prerequisite for

	administration of other injectible medications. The edited FAQ document will be published on the Board's website before the October, 2026 meeting.

MATTERS FOR CONSIDERATION		
OS-26-09-06	<u>Candidate Requests to Score Transfer their NAPLEX Exam Passed the 89 Days Deadline</u> <u>Board action:</u> For the Board to develop a policy on whether to approve candidates to do a score transfer beyond 89 days. If so, is there a limit as to how far beyond 89 days the request can be approved and whether the Board will delegate the authority to the Board's Executive Director to grant the approval. <u>Background:</u> The National Association of Boards of Pharmacy (NABP) Score Transfer Program enables candidates to send their NAPLEX scores to multiple state boards of pharmacy simultaneously. According to NABP policy, candidates must request and purchase score transfers through their NABP e-Profile within 89 days of their exam date. ➤ The NABP delegates the state to decide on this matter. ➤ Applicants, due to circumstances, may not apply for score transfer within the 89-day window as required and therefore are being referred to the state for authorization in accepting a score transfer beyond the established deadline. ➤ This matter is brought before the Board for future determinations, as the Board was recently asked for consideration by an applicant, who has, since then, withdrawn the application for pharmacist licensure by score transfer. <u>Motion:</u> Motion made by Vice Chair, Dr. Benjamin Miles to extend the	

	window for applicants [applying for pharmacist licensure by score transfer in the District of Columbia] to a hundred and twenty (120) days with staff being allowed to approve, on a case by case basis, [an applicant] requesting a score transfer between ninety (90) and a hundred and twenty (120) days. 2nd: Dr. Jamila Jorden. Vote: Dr. Hill, Dr. Miles, Dr. Jorden, Dr. Reddick, and Dr. Johnican voted in favor of the motion. Motion carried.
