Closed Session

Eileen McCarthy motioned to enter a closed session of the meeting, and Linda Bailey seconded the motion. A roll call vote was taken:

Sgt. Terry Thorne	MPD	Yes
Linda Bailey	DDOT	Yes

The Task Force agreed to proceed to crash review, and to enter a closed session to do so. Pursuant to D.C. Official Code § 2-575(b)(1), which allows for closure of a meeting or portion of a meeting when a “law or court order requires that a particular matter or proceeding not be public,” the Task Force moved into a closed session because members specifically discussed the details of major crashes, which contained personally identifiable information and other sensitive material. The closed session involved review of review video and photographic records memorializing vehicular, pedestrian and other modal collisions and related fatalities, which may reveal images of such a personal and graphic nature that revelation in an open meeting would violate the personal privacy interests of the individuals involved.

During the closed session, the following crashes were reviewed:

D20-20 from August 15, 2020 in which a motor vehicle operator was fatally injured in a collision with a fixed object

D20-17 from June 30, 2020 in which a motor-driven cycle operator was fatally injured in a collision with another motor vehicle operator
