- 4. Open Discussion and Questions**

Link to presentation: <https://app.box.com/s/zd3kmwyloguvc6q6v4ose01l6sdlwh0u>

Meeting Notes:

- Introductions
 - Welcome to Teronda Davis, DDOT Transportation Specialist
- DDOT shared updates on Bike/Trails Program, Future bike plans including the Strategic Bikeways Plan and MoveDC, and current RTP project updates, and future applicant engagement and eligibility reminder.
- Open Discussion: Are there any organizations you think would be good to encourage future application?
 - Aman George: Friends of the MBT which provides water refilling stations along the Met Branch Trail

This meeting is governed by the Open Meetings Act. Please address any questions or complaints arising under this meeting to the Office of Open Government at opengoveoffice@dc.gov

- Mark Adelson: Northeast Branch Trail has a few down bridges that could use repair
 - DDOT: This trail is outside of the District and is managed by M-NCPPC so would not be eligible for District RTP Funds
- Aman George: Is the Irving St (Michigan Ave Trail) considered a trail project?
 - DDOT: Yes, but there is a lot of crossover between the trail and bike lane team which are both under the bikeways branch. Both trail and bike lane projects also advance beyond planning to engineers who help to design and build both kinds of projects.
