The Task Force proceeded to crash review. Pursuant to D.C. Official Code § 2-575(b)(1), which allows for closure of a meeting or portion of a meeting when a “law or court order requires that a particular matter or proceeding not be public,” the Task Force moved into a closed session because members specifically discussed the details of major crashes, which contained personally identifiable information and other sensitive material. The closed session involved review of review video and photographic records memorializing vehicular, pedestrian and other modal collisions and related fatalities, which may reveal images of such a personal and graphic nature that revelation in an open meeting would violate the personal privacy interests of the individuals involved.

Crash Review

During the closed session, the following crashes were reviewed:

A crash that occurred at the intersection of 5th Street and H Street, Northwest that occurred on May 18, 2023 around 7:23 AM.

A crash that occurred at the intersection of Rhode Island and Montana Avenue, Northeast on May 25, 2023 around 11:06 AM.
