The Task Force proceeded to crash review. Pursuant to D.C. Official Code § 2-575(b)(1), which allows for closure of a meeting or portion of a meeting when a “law or court order requires that a particular matter or proceeding not be public,” the Task Force moved into a closed session because members specifically discussed the details of major crashes, which contained personally identifiable information and other sensitive material. The closed session involved review of review video and photographic records memorializing vehicular, pedestrian and other modal collisions and related fatalities, which may reveal images of such a personal and graphic nature that revelation in an open meeting would violate the personal privacy interests of the individuals involved.

Crash Review

During the closed session, the following crashes were reviewed:

A crash that occurred at 16th St NW and Iris St NW that occurred on May 2, 2024 around 2:56 am.

A crash that occurred at I295 to 695 Northbound Exit 5A on December 12, 2024 around 1:51 am.
