Sec. 16. Severability.

If any particular provision of this resolution or the application thereof to any person or circumstance is held invalid, the remainder of this resolution and the application of such provision to other persons or circumstances shall not be affected thereby. If any action or inaction contemplated under this resolution is determined to be contrary to the requirements of applicable law, such action or inaction shall not be necessary for the purpose of issuing of the Bonds, and the validity of the Bonds shall not be adversely affected.

A RESOLUTION

21-479

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

May 3, 2016

To declare the existence of an emergency with respect to the need to amend the Legalization of Marijuana for Medical Treatment Initiative of 1999 to allow any applicant that received notification on July 25, 2014, that its medical marijuana cultivation center was eligible for registration to modify its application, to allow a holder of a cultivation center registration that owns or has a valid lease for the real property adjacent to its existing cultivation center to expand its facility into that adjacent real property for purposes of increasing production of marijuana plants, not to exceed the authorized limit, and to increase the number of living plants a cultivation center may possess at any time to 1,000.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Medical Marijuana Cultivation Center Expansion Emergency Declaration Resolution of 2016”.

Sec. 2. (a) This emergency is necessary to allow holders of cultivation center registrations that own or have valid leases for the real property immediately adjacent to, and located within the same physical structure as, their existing cultivation centers to expand their facilities into that adjacent real property for purposes of increasing production not to exceed the authorized limit. This emergency will also increase the number of living plants medical marijuana cultivation centers may possess at any time to 1,000.

(b) Pursuant to the Medical Marijuana Expansion Emergency Amendment Act of 2014, effective July 29, 2014 (D.C. Act 20-396; 61 DCR 8255), and the Medical Marijuana Expansion Temporary Amendment Act of 2014, effective February 26, 2015 (D.C. Law 20-163; 61 DCR 10753), the District increased the number of plants that a cultivation center could possess from 95 to 500 plants.

(c) To accommodate this growth, the District’s cultivation centers must increase production, which for some registrants may necessitate expanding the physical size of their facilities, and for all facilities will require the ability to possess more than the current allotment of 500 living plants at any time.

A RESOLUTION

21-480

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

May 3, 2016

To declare the existence of an emergency with respect to the need to amend section 103 of Title 18 of the District of Columbia Municipal Regulations to repeal the requirement that every person who has never been issued a driver license must provide documentation that they have successfully completed an approved course of driver instruction before issuance of a provisional permit or driver license.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Mandatory Driver Instruction Regulation Emergency Declaration Resolution of 2016”.

Sec. 2. (a) In January 2016, the Department of Motor Vehicles (“DMV”) announced its intention to implement rules on May 1, 2016, mandating that “before receiving their first driver license, all new drivers, regardless of age, must successfully complete a DC DMV approved course in driver education that consists of 30 hours of classroom instruction and eight hours of behind-the-wheel instruction.”

(b) The DMV has approved 15 private companies to provide the driver instruction courses in the District, with rates that range from \$375 to \$499 for 10 hours of instruction – amounting to approximately \$1,000 for the total 30 or more mandated hours of driving instruction -- resulting in high costs to District residents seeking to obtain a provisional permit or driver license.

(c) 20% of District residents make less than \$23,000 a year, meaning that a low-income resident would have to spend more than half a month’s income on driver instruction.

(d) Until 2009, public schools in the District provided driver instruction funded in part by a fee added to driver license applications, but there is currently no low-cost or free option for a District resident seeking driver instruction.

(e) By not providing a low-cost or free option, the DMV’s mandatory driver instruction rules will effectively prevent many low-income District residents from having equal access to provisional permits or driver licenses.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Mandatory Driver Instruction Regulation Emergency Amendment Act of 2016 be adopted after a single reading.

Sec. 4. This resolution shall take effect immediately.

May 3, 2016

To declare the existence of an emergency with respect to the need to approve the Human Care Agreement RM-15-HCA-SATS-008-FCM-BY4-CPS between the Department of Behavioral Health and the Foundation for Contemporary Mental Health for methadone maintenance and counseling treatment services to eligible District residents and to authorize payment for the services received and to be received under the agreement.

RESOLVED, BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this resolution may be cited as the “Human Care Agreement RM-15-HCA-SATS-008-FCM-BY4-CPS Approval and Payment Authorization Emergency Declaration Resolution of 2016”.

Sec. 2. (a) There exists an immediate need to approve the Human Care Agreement RM-15-HCA-SATS-008-FCM-BY4-CPS between the Department of Behavioral Health (“DBH”) and the Foundation for Contemporary Mental Health (“Foundation”) for methadone maintenance and counseling treatment services to eligible District residents.

(b) DBH anticipates an influx of about 400 new clients due to the unanticipated end of services by a current methadone provider in May. In addition, unexpected technical glitches in the electronic medical record and billing and claims system prevent a determination of Medicaid eligibility for enrolled clients and jeopardize the confidentiality of medical records as required by law during transfer of clients. This will delay the projected federal Medicaid reimbursements to support local dollars. To maintain continuity of care, the cost of the Human Care Agreement RM-15-HCA-SATS-008-FCM-BY4-CPS ending September 30, 2016, must be increased to \$1,060,000, thereby necessitating Council approval.

(c) Approval of Human Care Agreement RM-15-HCA-SATS-008-FCM-BY4-CPS is required to allow methadone maintenance and counseling treatment services to continue uninterrupted and to avoid disruption in care from transferring about 700 clients now served by the Foundation to other methadone treatment providers.

Sec. 3. The Council of the District of Columbia determines that the circumstances enumerated in section 2 constitute emergency circumstances making it necessary that the Human Care Agreement RM-15-HCA-SATS-008-FCM-BY4-CPS Approval and Payment Authorization Emergency Act of 2016 be adopted after a single reading.

(d) In addition, Change Order No. 004 will cause Contract No. DCAM-15-CS-0112 to become a multiyear contract that requires Council approval pursuant to section 451(c) of the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 803; D.C. Official Code § 1-204.51(c)).

(e) Approval of Change Order Nos. 001 through 004 in the aggregate amount of \$2,465,608.64 is necessary to compensate District Veterans Contracting Inc. for work completed and to be completed pursuant to the change orders.

Sec. 3. Council Chairman Phil Mendelson announces a public roundtable before the Committee of the Whole in regard to Bill 21-714, "Modifications to Contract Number CW25390 Approval and Payment Authorization Emergency Act of 2016." The roundtable will be held at 8:00 a.m. on Thursday, May 19, 2016 in the Council Chamber of the John A. Wilson Building.

The stated purpose of Bill 21-714 is to approve, on an emergency basis, Modifications M0004, M0005, and M0007, and proposed Modification M0008 to Contract Number CW25390 to provide school bus maintenance services and to authorize payment for the services received and to be received under the modification. This contract for services relates to school bus maintenance for the Office of the State Superintendent for Education. It was sent to the Council as a "tipping" action pursuant to Council rules. An option year of the contract was previously exercised for less than \$1 million, but because of changes, is now anticipated to go above \$1 million. This now requires approval of the option year – which is almost complete – retroactively by the Council. Had the option year been exercised for the same amount as the base year, which was also increased over \$1 million through a tipping action, it could have been sent to the Council for prospective passive approval last June.

Those who wish to testify are asked to email the Committee of the Whole at cow@dccouncil.us, or call Evan Cash, Committee Director at (202) 724-8196, and to provide your name, address, telephone number, organizational affiliation and title (if any) by close of business Tuesday, May 17, 2016. Persons wishing to testify are encouraged, but not required, to submit 15 copies of written testimony. If submitted by the close of business on May 17, 2016 the testimony will be distributed to Councilmembers before the roundtable. Witnesses should limit their testimony to four minutes; less time will be allowed if there are a large number of witnesses. Wilson Building, 1350 Pennsylvania Avenue, N.W., Washington, D.C. 20004. The record will close at 5:00 p.m. on June 2, 2016.

CASE NO. 08-15A (Cathedral Commons Partners, LLC – Modification of Consolidated PUD for Square 1920, Lots 833-835, 841, 844-852, & 7006-7012 and Square 1920-N, Lots 800-804, & 7000-7004)

THIS CASE IS OF INTEREST TO ANC 3C

On March 29, 2016, the Office of Zoning received an application from Cathedral Commons Partners, LLC (the “Applicant”). The Applicant requested approval of a modification to an approved planned unit development (“PUD”) to permit (1) a modification of a condition of approval in order to permit an increase in commercial linear frontage devoted to restaurant use and (2) a modification to the approved storefront and signage guidelines. The Office of Planning provided its report on April 14, 2016. The Applicant has requested the modifications to accommodate a proposed new ground-floor restaurant tenant within the PUD. At its regularly-scheduled public meeting on April 25, 2016, the Zoning Commission elected to remove the matter from the consent calendar, and the case was set down for hearing. The Applicant provided its prehearing statement on April 26, 2016.

The property that is the subject of this application consists of approximately 178,236 square feet of land area bounded by Idaho Avenue N.W., Wisconsin Avenue, N.W., and adjacent property fronting on Macomb Street, N.W. Newark Street, N.W. runs east-west through the PUD site and divides the Property into two parcels, the “North Parcel” and the “South Parcel.” The portion of the PUD that is the subject of this modification is located in the North Parcel. The PUD and a related amendment to the Zoning Map was approved by the Zoning Commission in Z.C. Order No. 08-15 08-15A. Through the PUD, the Property was rezoned from the MW/C-1 and R-5-A Zone Districts to the C-2-A and R-5-A Zone Districts.

FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. 15-32 (1126 9th ST NW, LLC – Consolidated PUD & Related Map Amendment @ Square 369, Lot 880)

THIS CASE IS OF INTEREST TO ANC 2F

On November 30, 2015, the Office of Zoning received an application from 1126 9th ST NW, LLC (the “Applicant”). The Applicant is requesting approval of a planned unit development (“PUD”) and related Zoning Map amendment. The Office of Planning provided its report on February 19, 2016, and the case was set down for hearing on February 29, 2016. The Applicant provided its prehearing statement on April 12, 2016.

The property that is the subject of this application consists of approximately 7,610 square feet of land area and is located at 1126 9th Street, N.W. (Square 369, Lot 880) (the “Property”). The Property is split-zoned between the DD/C-2-C and DD/C-2-A Zone Districts. The Property currently contains a surface parking lot and a one- to two-story commercial building.

The Applicant proposes a PUD-related map amendment to rezone an approximately 6,408 square foot portion of the site from the DD/C-2-A Zone District to the DD/C-2-C Zone District and include it in Housing Priority Area “A”. Such rezoning and PUD would allow for the construction of a mixed-use building containing residential units and ground floor commercial uses. The DD/C-2-C Zone District permits a maximum height of 110 feet and no maximum floor area ratio (“FAR”) for residential uses. The proposed structure will contain a floor area of approximately 40,290 gross square feet (“GSF”), an overall density of approximately 5.3 FAR, approximately 33 new residential units, and approximately 3,723 GSF of ground floor commercial use. The project will have a maximum height of 100 feet. Along the 9th Street façade, the project will step back from the street before rising to the full 100 feet, allowing the existing structure to be solely expressed within such setback area. Most of the existing structure will be retained and incorporated into the project. The project will have a height of approximately 51 feet, eight inches, with two sixth floor loft areas rising to approximately 61 feet, four inches along the M Street façade. Two permanent non-conforming parking spaces and loading facilities will be accessible via the alley.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.

How to participate as a witness.

Interested persons or representatives of organizations may be heard at the public hearing. The Commission also requests that all witnesses prepare their testimony in writing, submit the written testimony prior to giving statements, and limit oral presentations to summaries of the most important points. If an affected Advisory Neighborhood Commission (ANC), pursuant to 11 DCMR § 3012.5, intends to participate at the hearing, the ANC shall also submit the information cited in § 3012.5 (a) through (i). The written report of the ANC shall be filed no later than seven (7) days before the date of the hearing.

OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION

NOTICE OF SECOND PROPOSED RULEMAKING

The State Superintendent of Education (“State Superintendent”), pursuant to the authority set forth in Sections 3(b)(11) and (15) of the State Education Office Establishment Act of 2000, effective October 21, 2000 (D.C. Law 13-176; D.C. Official Code §§ 38-2602(b) (11) and (15) (2012 Repl. & 2015 Supp.)); and Section 301 of the Special Education Procedural Protections Expansion Act of 2014 (the “Act”), effective March 10, 2015 (D.C. Law 20-194, D.C. Official Code § 38-2573.01) (2012 Repl. & 2015 Supp.)), hereby gives notice of intent to amend Chapter 30 (Special Education) in Subtitle E (Original Title 5) of Title 5 (Education) of the District of Columbia Municipal Regulations (“DCMR”), in not less than fourteen (14) days from the date of publication of this notice in the *D.C. Register*.

The purpose of the proposed rules is to comply with Section 301 of the Act, which requires the Office of the State Superintendent of Education (“OSSE”) to issue rules implementing Section 104(a) of the Act by July 1, 2016. Section 104(a) requires that OSSE establish a procedure to determine when rights accorded to parents under the Individuals with Disabilities Education Act (IDEA) shall not transfer to a child with a disability who has reached the age of majority because the child with a disability does not have the ability to provide informed consent for purposes of educational decision-making and to appoint another adult to represent the educational interests of the child with a disability.

A Notice of Proposed Rulemaking was published in the *D.C. Register* for a thirty (30) day public comment period on July 24, 2015, at 62 DCR 10013. In addition, OSSE held two public hearings, on August 5, 2015 and on August 20, 2015. The comment period officially closed on August 24, 2015, with OSSE having received numerous comments from advocates and members of the regulated community regarding Section 3023, “Transfer of Rights,” in the Notice of Proposed Rulemaking. OSSE carefully considered all of the comments and made a number of the requested non-substantive amendments. Additionally, this proposed rulemaking also includes the substantive amendments requested by commenters, as described below.

First, OSSE received several comments requesting that the proposed regulations emphasize supported decision-making over appointing an educational representative whenever possible. To that end, a commenter also requested more guidance in the proposed regulations for local education agencies (LEAs) on how to implement the concept of supported decision making. In addition, OSSE received a comment that requested that the proposed regulations also emphasize the supported decision-making model in conjunction with the student’s right to power of attorney so that the student remains engaged in the decision making process with their designee.

Accordingly, to clarify and address those comments, OSSE has reorganized the substance of Section 3023, “Transfer of Rights” in the Notice of Proposed Rulemaking into three separate sections, (1) Section 3034, “Transfer of Rights: General Provisions and Supportive Decision-Making”; (2) Section 3035, “Transfer of Rights: Exceptions”; and (3) Section 3036, “Transfer of Rights: Notice”. In addition, OSSE has further emphasized supported decision-making by including a definition for “supported decision-making” and providing that appointment of an

educational representative should be sought only where supported decision making is not appropriate. In addition, the new Section 3034, “Transfer of Rights: General Provisions and Supportive Decision-Making,” includes documentation requirements to assist LEAs in implementing the supported decision-making provisions and clarifies that the student is the decision-maker. OSSE did not revise the regulations to support use of the supported decision-making model in the case where a student transfers educational decision-making by designation of an agent to have power of attorney. The Act provides for use of supported decision-making where there has not been a transfer of rights.

In addition, OSSE received several comments requesting the proposed rulemaking to clarify the standard of “informed consent” to determine whether an adult student is able to make education decisions. OSSE has considered these comments and agrees with the need to clarify the standard of “informed consent” and its use throughout the proposed rulemaking. Accordingly, OSSE strikes the phrase “informed consent” wherever it appears and replaces it with the term “informed consent regarding educational decisions.” Further, OSSE has amended the standard of “informed consent” to align more closely with the standard for incapacity to make informed health-care decisions under the District’s “Health Care Decisions Act” (D.C. Official Code § 21-2011(11A)).

Further, OSSE received several comments requesting the proposed rulemaking align the understanding of the word “incompetent” with the definition of “incapacitated individual” in District’s law regarding guardianship, D.C. Official Code § 21-2011(11). OSSE agrees with the need to clarify the definition of “incompetent” under District law in the proposed rulemaking. Although Section 104(a) of the Act uses the word “incompetent” in alignment with the IDEA Transfer of Parent Rights at the Age of Majority provisions, 34 C.F.R. § 300.520, OSSE has determined that IDEA’s requirement of a determination as “incompetent under state law” actually aligns with a determination as an “incapacitated individual” under the District’s law regarding guardianship. OSSE, therefore, strikes the use of the word “incompetent” throughout the proposed rulemaking and replaces it with the phrase “incapacitated individual.” OSSE has also added a definition for “incapacitated individual” that aligns with D.C. Official Code § 21-2011(11).

OSSE also considered other comments and made clarifying language revisions in the provisions on appointment of an educational representative and deleted documentation requirements in the certification process regarding the inability to provide informed consent in response to comments that the documentation requirements were burdensome.

Relevant advocates and stakeholders have participated in the comment process and it is not expected that there will be any further comment on these proposed rules. Therefore, there is good cause to shorten the comment period for this round of proposed rulemaking. Consequently, final rulemaking action to adopt the amendments shall be taken in not less than fourteen (14) days from the date of publication of this notice in the *D.C. Register*.

This notice is being circulated throughout the District for a fourteen (14) day period, including an opportunity to submit written comments and attend public hearings on these proposals. Two (2) public hearings have been scheduled for May 20, 2016, starting at 3:00 p.m. and ending when

public comments conclude or at 4:00 p.m., whichever is earlier; and May 26, 2016, starting at 4:00 p.m. and ending when public comments conclude or at 5:00 p.m., whichever is earlier. They will take place at the Office of the State Superintendent of Education, 810 1st Street N.E., Washington, D.C. 20002, as detailed and under conditions set forth at the end of this Notice.

Chapter 30, SPECIAL EDUCATION, of Title 5-E DCMR, ORIGINAL TITLE 5, is proposed to be amended as follows:

Section 3001, DEFINITIONS, is amended by adding the following definitions to Subsection 3001.1:

Educational Representative – an adult appointed by OSSE to represent the educational interests of a child with a disability who upon reaching eighteen (18) years of age is determined under this chapter to be unable to provide informed consent for educational purposes.

Incapacitated Individual – shall have the same meaning as the term is defined in D.C. Official Code § 21-2011(11).

Supported Decision-Making - supports, services, and accommodations that help a child with a disability make his or her own decisions, by using adult friends, family members, professionals, and other people he or she trusts to help understand the issues and choices, ask questions, receive explanations in language he or she understands, and communicate his or her own decisions to others.

Section 3023, TRANSFER OF RIGHTS, is deleted in its entirety and is amended to read:

3023 [RESERVED]

A new Section 3034, TRANSFER OF RIGHTS: GENERAL PROVISIONS AND SUPPORTED DECISION-MAKING, is added to read as follows:

3034 TRANSFER OF RIGHTS: GENERAL PROVISIONS AND SUPPORTED DECISION-MAKING

3034.1 In accordance with D.C. Official Code § 46–101 and IDEA, a child with a disability (“student”) who has reached the age of eighteen (18) shall be presumed to be competent, and all rights under IDEA and local law governing the delivery of special education and related services shall transfer to the child with a disability (“student”), unless one of the exceptions in Subsection 3025.1 is met.

3034.2 Any student who has reached eighteen (18) years of age and to whom all IDEA rights afforded parents under the IDEA have transferred, may voluntarily choose to receive support from his or her parents, family members, or another willing adult to aid the student with educational decision-making. The student’s decisional choice shall prevail any time that a disagreement exists between the

student and the other adult providing support in this manner and the student may withdraw his or her decision to receive support at any time.

- 3034.3 Supported decision-making arrangements shall be documented in writing and include the name, contact information, relationship to the student, and the extent to which the student grants the identified adult access to his or her education records pursuant to District and federal law. The student may change this arrangement and/or revoke access to education records at any time.

A new Section 3035, TRANSFER OF RIGHTS: EXCEPTIONS, is added to read as follows:

3035 TRANSFER OF RIGHTS: EXCEPTIONS

- 3035.1 In accordance with D.C. Official Code § 46–101 and IDEA, all rights accorded to parents under IDEA and local law governing the delivery of special education and related services shall transfer to the child with a disability (“student”) at the age of eighteen (18), unless one of the following exceptions is met:

- (a) The student is declared a legally incapacitated individual, as defined in this chapter, by a court of competent jurisdiction and a legal guardian or representative has been appointed by the court to make decisions for the student, including educational decisions.
- (b) The student has designated by power of attorney or similar legal document another adult to be the student’s agent to:
 - (1) Make educational decisions;
 - (2) Receive notices; and
 - (3) Participate in meetings and all other procedures related to the student’s educational program.
- (c) The student has been determined, in accordance with Subsection 3035.9, to not have the ability to provide informed consent regarding educational decisions and another adult has been appointed by OSSE to represent the educational interests of the student.

- 3035.2 An adult student who has executed a power of attorney or similar legal document transferring his or her right to make educational decisions to another to be his or her agent in accordance with Subsection 3035.1(b) may terminate the power of attorney at any time and assume the right to make decisions regarding his or her education. An LEA or responsible public agency shall keep a copy of any written power of attorney in the student’s special education record and shall rely on it

until the power of attorney has been revoked by the student in writing or the power of attorney has been superseded by a court order.

3035.3 OSSE shall appoint an educational representative for a student who has reached the age of eighteen (18) only after the following documents have been submitted:

- (a) A written request for the appointment of an educational representative signed by the parent, legal guardian, or other interested adult, and made on an OSSE-issued form available on the OSSE website or, upon request, in hard copy; and
- (b) Two signed professional certifications that meet all of the requirements of this section.

3035.4 Appointment of an educational representative should be sought only where necessary and where supported decision-making is not appropriate.

3035.5 OSSE will provide written confirmation that all submission requirements have been met and, absent extenuating circumstances, will appoint an educational representative within ten (10) business days of OSSE's receipt of a complete written request with all required information and certifications. A written request shall not be considered complete unless all requested information has been provided in the required manner.

3035.6 The professional certifications shall be completed by two different licensed professionals, one (1) meeting the requirements of (a) and one (1) meeting the requirements of (b):

- (a) A licensed professional who is any of the following:
 - (1) Licensed medical doctor;
 - (2) Physician assistant, if authorized by a supervising licensed medical doctor; or
 - (3) Certified nurse practitioner.
- (b) A licensed professional who is any of the following:

- 3035.7 The professional certifications shall meet the following requirements:

 - (b) Based on the professional's knowledge and expertise and upon clear evidence, the professional determined that the student is unable to provide informed consent regarding educational decisions as described in this section provided, however, that a finding that the student is unable to make educational decisions shall not be based solely on the fact that the student has been voluntarily or involuntarily hospitalized for a mental illness or has a diagnosis of an intellectual disability;
 - (c) The professional has informed the student in writing of the determination; and
 - (d) Confirmation that the professional is not employed by the LEA or responsible public agency currently serving the student and does not have a personal conflict of interest with the student or the adult seeking appointment as the student's educational representative. A personal conflict of interest includes, without limitation, being related by blood or marriage to the student or adult seeking appointment as the educational representative.
- 3035.8 A student shall be deemed unable to provide informed consent regarding educational decisions if two (2) qualified professionals each independently determine at least one (1) of the following:
- (a) The student is unable to understand, on a continuing or consistent basis, the nature, extent, and probable consequences of an educational decision or proposed educational program;
 - (b) The student is unable to evaluate the benefits or disadvantages of an educational decision or a proposed educational program as compared with alternative options on a continuing or consistent basis; or
 - (c) The student is unable to communicate understanding verbally, in writing, or in the mode of communication used by the student to communicate his or her decisions, an understanding of or an evaluation of the benefits or disadvantages of an educational decision or proposed educational program.
- 3035.9 Professional certifications may be submitted as early as ninety (90) calendar days prior to the student's eighteenth (18th) birthday but shall not be reviewed by OSSE

until all of the required documentation have been met, and shall not take effect prior to the student's eighteenth (18th) birthday.

- 3035.10 Upon confirming receipt of the required professional certifications, OSSE shall appoint the parent of the student to act as the student's educational representative. For a student who has already reached the age of eighteen (18), parent means the individual who acted as the parent for purposes of special education before the student reached age eighteen (18). If the parent is unavailable or does not wish to serve as the student's educational representative, OSSE, with notice to the parent or legal guardian seeking the certification, shall appoint another adult relative willing to act as the student's educational representative. If no adult relative is available to serve as the student's educational representative, OSSE, with notice to the parent or legal guardian seeking the certification, shall appoint a person trained as an educational surrogate parent to serve as the student's educational representative.
- 3035.11 The term of appointment for an educational representative shall expire when the student is no longer eligible for special education services, or graduates with a regular high school diploma, whichever occurs first.
- 3035.12 A determination that a student is unable to provide informed consent for educational purposes shall not be construed as a finding of incompetence or incapacity for any other purpose or as relevant or precedential evidence in any future court or legal action seeking to remove decision-making authority for the student.
- 3035.13 OSSE shall provide notice of the appointment to the educational representative, parent, student, and LEA or responsible public agency. The notice shall include the steps a student may take to challenge the appointment of an educational representative and shall direct the student's LEA or responsible public agency to deliver a hard copy of the appointment to the student and to inform the student of the appointment verbally, or in the manner of communication with which the student is most comfortable.
- 3035.14 The student may challenge the certification of the student as unable to provide informed consent for educational purposes or appointment of an educational representative in accordance with this section at any time, in accordance with the following requirements:
- (a) A challenge made under this section shall be made in writing to OSSE, except that OSSE shall assist a student who is unable to provide a written challenge to document a verbal challenge in writing and may refer the student to a community organization for assistance.
 - (b) OSSE shall notify the student, the responsible LEA or public agency, any current appointed educational representative, and the person who

submitted the request for the appointment of an educational representative (if different), of any such challenge in writing no later than two (2) business days from the receipt of the challenge.

- 3035.15 If the certification of a student is challenged by the student, the existing certification is invalidated, and all educational rights transfer back to the student.

A new Section 3036, TRANSFER OF RIGHTS: NOTICE, is added to read as follows:

3036 TRANSFER OF RIGHTS: NOTICE

- 3036.1 No later than one (1) year before a child with a disability (“student”) reaches eighteen (18) years of age, the LEA or responsible public agency shall notify the parents and student, in writing, that adult students with disabilities are presumed competent, and that all rights under IDEA will transfer to the student when he or she reaches eighteen (18) years of age, unless the student or parent pursues one of the exceptions described in Subsection 3025.1. The notice shall also describe the supported decision-making provisions of this section and the necessary procedures to pursue the exceptions described in Section 3035 related to educational decisions.

DEPARTMENT OF HEALTH CARE FINANCE

NOTICE OF THIRD EMERGENCY AND PROPOSED RULEMAKING

The Director of the Department of Health Care Finance (DHCF), pursuant to the authority set forth in An Act to enable the District of Columbia to receive federal financial assistance under Title XIX of the Social Security Act for a medical assistance program, and for other purposes, approved December 27, 1967 (81 Stat. 744; D.C. Official Code § 1-307.02 (2014 Repl. & 2015 Supp.)) and Section 6(6) of the Department of Health Care Finance Establishment Act of 2007, effective February 27, 2008 (D.C. Law 17-109; D.C. Official Code § 7-771.05(6) (2012 Repl. & 2015 Supp.)), hereby gives notice of the adoption, on an emergency basis, of amendments to Sections 1901-1902, 1904-1909, 1911-1912, 1937, and 1999, and new Section 1938, of Chapter 19 (Home and Community-Based Services Waiver for Individuals with Intellectual and Developmental Disabilities) of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR).

These third emergency and proposed rules establish general standards for the services provided to participants in the Home and Community-Based Services Waiver for Individuals with Intellectual and Developmental Disabilities (ID/DD Waiver) and conditions of participation for providers.

The ID/DD Waiver was approved by the Council of the District of Columbia (Council) and renewed by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services (CMS) for a five-year period beginning November 20, 2012. The corresponding amendment to the ID/DD Waiver was approved by the Council through the Medicaid Assistance Program Amendment Act of 2014, effective February 26, 2015 (D.C. Law 20-155; D.C. Official Code § 1-307.02(a)(8)(E) (2015 Supp.)). CMS approved the amendment to the ID/DD Waiver effective September 24, 2015.

The Notice of Final Rulemaking for amendments to 29 DCMR §§ 1901-1902, 1904-1909, 1911-1912, and 1937, was published in the *D.C. Register* on May 2, 2014, at 61 DCR 004406. A Notice of Emergency and Proposed Rulemaking, which was published in the *D.C. Register* on September 25, 2015, at 62 DCR 012777, was adopted on September 12, 2015, became effective when CMS approved the ID/DD Waiver amendment on September 24, 2015, and remained in effect until January 8, 2016. The first emergency and proposed rules amended the previously published final rules by making comprehensive changes to 29 DCMR §§ 1901-1902, 1904-1909, 1911-1912, 1937, and 1999, and creating a new 29 DCMR § 1938. Specifically, the first emergency and proposed rules amended these provisions by: (1) changing the name of Art Therapies to Creative Arts Therapies; (2) adding Companion to the list of covered services; (3) deleting Shared Living from the list of covered services; (4) clarifying the eligibility requirements related to intellectual disability; (5) allowing a waiver of the requirement that the owner/operator have a specific degree and years of experience; (6) requiring that providers of residential and day/ vocational services show evidence of fiscal and organization accountability; (7) modifying training requirements for a provider staff person who works exclusively as a driver; (8) requiring providers to participate and cooperate with the reporting requirements pursuant to, the Citizens with Intellectual Disabilities Constitutional Rights and Dignity Act

of 1978, effective March 3, 1979 (D.C. Law 2-137; D.C. Official Code §§ 7-1301.01 *et seq.* (2012 Repl.)); (9) modifying requirements for Cardio Pulmonary Resuscitation and First Aid certification; (10) clarifying the educational requirements for Direct Support Professionals who were educated outside of the United States; (11) requiring that a Direct Support Professional be acceptable to the person for whom they are providing services; (12) requiring that providers report all reportable incidents to the Department on Disability Services; (13) adding support plan to the list of required records; (14) clarifying the requirements for daily progress notes; (15) amending Section 1937 on cost reports and audits; (16) adding a new Section 1938 entitled Home and Community-Based Setting (HCBS) Requirements; (17) amending Subsection 1909.1 to clarify that DHCF and or its designees shall have access to all waiver provider locations, including access to the people receiving supports and all records in any form, and clarifying the meaning of “records” for purposes of this section; (18) adding certain definitions including definitions for Group Home for a Person with an Intellectual Disability, Living Wage, and SMARTER Goals; and (19) clarifying the requirements for Intellectual Disability and Qualified Development Disabilities Professional.

DHCF did not receive any comments to the first emergency and proposed rules. A Notice of Second Emergency and Proposed Rulemaking, which was published in the *D.C. Register* on February 5, 2016, at 63 DCR 001364, was adopted on January 28, 2016, became effective immediately, and will remain in effect until May 27, 2016, or publication of a superseding final or emergency and proposed rulemaking in the *D.C. Register*, whichever occurs first. The second emergency and proposed rules continued the changes reflected in the first emergency and proposed rules described above and further amended the rules by (1) requiring participation and cooperation with the National Core Indicators surveys or its successors; (2) indicating a timeframe where terminated or withdrawn providers may not re-enroll in the Waiver program; (3) requiring service coordinators to upload all documents pertaining to the service rule to the Department of Disability Service, Developmental Disabilities Administration’s MCIS database system or its successor; (4) requiring certain choices for a person receiving supports in some HCBS settings; and (5) requiring Provider Human Rights Committees to address certain questions before deviations from HCBS Requirements are made to a person’s supports.

DHCF received four comments to the second emergency and proposed rules related to 29 DCMR § 1904.5 (encouraging use of public transportation), § 1907.10 (annual commitment hearings conflict with individual rights), § 1909.2(m)(4) (use of electronic signatures), and § 1938.2(d)(3) (access to personal funds). These comments did not prompt DHCF to make any substantive changes to the second emergency and proposed amendments related to 29 DCMR §§ 1902, 1905-1908, 1911-1912, 1937, and 1999.

This third emergency and proposed rulemaking retains changes from the first and second emergency and proposed rules for 29 DCMR §§ 1901, 1904 and 1909, and new 29 DCMR § 1938, and makes additional changes as follows: (1) 29 DCMR § 1901 (Covered Services and Rates) was further amended to include the specific title for the implementing rule for each covered service, to reference the applicable DCMR section for each covered service, and to permit rates for each of the covered services to be published in a Medicaid fee schedule which will published online and a notice published in the *D.C. Register*; (2) 29 DCMR § 1904 (Provider Qualifications) was further amended to reflect that Board members should be

representative of the community, to require certain providers to conduct and report on annual customer satisfaction surveys, and to encourage the use of community-based transportation options per the public comment; (3) 29 DCMR § 1909 (Records and Confidentiality of Information) was further amended to acknowledge the use of electronic signatures per the public comment, to include reference to recommended tools, and to further define teaching strategies in a new subsection 1909.11; and (4) new 29 DCMR § 1938 (Home and Community-Based Setting Requirements) was further amended to clarify the use of community services, to ensure access to personal funds and bank accounts (though not responsive to the public comment), and to clarify privacy rights. The entire texts of 29 DCMR §§ 1901, 1904, 1909 and 1938, which comprise all of the changes, are included in this third emergency and proposed rulemaking.

Emergency action is necessary for the immediate preservation of the health, safety, and welfare of ID/DD Waiver participants who are in need of ID/DD Waiver services. The ID/DD Waiver serves some of the District's most vulnerable residents. As discussed above, these amendments implement new requirements and clarify certain existing requirements that assist in preserving the health, safety and welfare of ID/DD Waiver participants.

The emergency rulemaking was adopted on April 29, 2016, and became effective immediately. The emergency rules shall remain in effect for not longer than one hundred and twenty (120) days from the adoption date or until August 27, 2016, unless superseded by publication of a Notice of Final Rulemaking in the *D.C. Register*. The Director of DHCF also gives notice of the intent to take final rulemaking action to adopt these proposed rules in not less than thirty (30) days after the date of publication of this notice in the *D.C. Register*.

DEPARTMENT OF HEALTH CARE FINANCE

NOTICE OF EMERGENCY AND PROPOSED RULEMAKING

The Director of the Department of Health Care Finance (DHCF or the Department), pursuant to the authority set forth in An Act to enable the District of Columbia (District) to receive federal financial assistance under Title XIX of the Social Security Act for a medical assistance program, and for other purposes, approved December 27, 1967 (81 Stat.774; D.C. Official Code § 1-307.02 (2014 Repl. & 2015 Supp.)), and Section 6(6) of the Department of Health Care Finance Establishment Act of 2007, effective February 27, 2008 (D.C. Law 17-109; D.C. Official Code § 7-771.05(6) (2012 Repl.)), hereby gives notice of the adoption, on an emergency basis, of an amendment to Chapter 91, entitled “Medicaid Reimbursement for Adult Substance Abuse Rehabilitative Services,” of Title 29 (Public Welfare) of the District of Columbia Municipal Regulations (DCMR).

Since the original implementation of the Adult Substance Abuse Rehabilitation Services (ASARS) program in the District, the responsibility for development and promulgation of inspection, monitoring, and certification standards of all substance use disorder (SUD) treatment and recovery providers in the District transitioned from the Department of Health to the Department of Behavioral Health (referred to in this Chapter as “DBH”). These emergency and proposed rules amend the previously published rules to: (1) identify DBH as having the authority to authorize and monitor Medicaid-reimbursable SUD services; (2) require providers of ASARS to comply with certification requirements set forth by DBH; and (3) require that providers be subject to administrative actions pursuant to Chapter 13 of Title 29 DCMR, and comply with screening and enrollment requirements pursuant to Chapter 94 of Title 29 DCMR, record retention, and audit and recoupment requirements.

Emergency action is necessary for the immediate preservation of the health, safety, and welfare of District residents with SUD by: 1) ensuring that care is maintained in SUD treatment facilities and by providers that serve vulnerable individuals that require Medicaid-reimbursable SUD treatment; and 2) ensuring a smooth transition for Medicaid beneficiaries receiving SUD treatment services in accordance with the new rules promulgated by DBH governing the delivery of SUD treatment in the District. On September 28, 2012, a Notice of Final Rulemaking was published in the *D.C. Register* at 59 DCR 11144. These rules amend the September 28, 2012 rulemaking consistent with the corresponding State Plan for Medicaid Assistance (State Plan) governing the delivery of Medicaid-reimbursable SUD treatment in the District. The State Plan amendment has been approved by the Council of the District of Columbia through the “Medicaid Adult Substance Abuse Rehabilitative Services State Plan Amendment Approval Resolution of 2015” on April 3, 2015, and the Centers for Medicare and Medicaid Services (CMS) on July 23, 2015.

The emergency rulemaking was adopted on April 28, 2016 and shall become effective for services rendered on or after that date. The emergency rules will remain in effect for one hundred and twenty (120) days, or until August 26, 2016, unless superseded by publication of a Notice of Final Rulemaking in the *D.C. Register*. The Director also gives notice of the intent to take final rulemaking action to adopt this emergency and proposed rule not less than thirty (30) days from the date of publication of this notice in the *D.C. Register*.

9106 AUDITS AND REVIEWS

- 9106.1 This section sets forth the requirements for audits and reviews of ASARS services. DHCF shall perform regular audits of ASARS providers to ensure that Medicaid payments are consistent with efficiency, economy and quality of care, and made in accordance with federal and District conditions of payment. The audits shall be conducted at least annually and when necessary to investigate and maintain program integrity. DHCF may delegate the authority for audits and reviews described herein to DBH pursuant to a written memorandum of agreement. Any written memorandum of agreement shall require that DBH comply with the provisions of this section as DHCF's designee.
- 9106.2 DHCF shall perform routine audits of claims, by statistically valid scientific sampling, to determine the appropriateness of ASARS services rendered and billed to Medicaid to ensure that Medicaid payments can be substantiated by documentation that meets the requirements set forth in this rule, and made in accordance with federal and District rules governing Medicaid.

- 9106.3 If DHCF determines that claims are to be denied, DHCF shall recoup those monies erroneously paid to an ASARS provider for denied claims, following the period of Administrative Review as set forth in this rule.
- 9106.4 DHCF shall issue a Proposed Notice of Medicaid Overpayment Recovery (PNR) to the ASARS provider, which sets forth the reasons for the recoupment, the amount to be recouped, and the procedures and timeframes for requesting an Administrative Review of the PNR.

The provider shall submit documentary evidence and/or written argument against the proposed action to DHCF in the request for an Administrative Review. If the provider fails to respond within thirty (30) calendar days, DHCF shall issue a Final Notice of Medicaid Overpayment Recovery (FNR), which shall include the procedures and timeframes for requesting an appeal.
- 9106.6 DHCF shall review the documentary evidence and/or written argument submitted by the ASARS provider against the proposed action described in the PNR. After this review, DHCF may cancel its proposed action, amend the reasons for the proposed recoupment and/or adjust the amount to be recouped. DHCF shall issue a FNR, which shall include the procedures and timeframes for requesting an appeal.
- 9106.7 Within fifteen (15) calendar days from date of the FNR, the ASARS provider may appeal the FNR by filing a written notice of appeal from the determination of recoupment with the Office of Administrative Hearings. The written notice requesting an appeal shall include a copy of the FNR, description of the item to be reviewed, the reason for review of the item, the relief requested, and any documentation in support of the relief requested.
- 9106.8 In lieu of the off-set of future Medicaid payments, the ASARS provider may choose to send a certified check made payable to the District of Columbia Treasurer in the amount of the funds to be recouped.
- 9106.9 Filing an appeal shall not stay any action to recover any overpayment.
- 9106.10 Each Medicaid-enrolled ASARS provider shall allow access during an onsite audit or review to DHCF, its designee, DBH, other authorized District of Columbia government officials, the Centers for Medicare and Medicaid Services (CMS), and representatives of the United States Department of Health and Human Services, to relevant records and program documentation.

DISTRICT OF COLUMBIA TAXICAB COMMISSION**NOTICE OF EMERGENCY AND PROPOSED RULEMAKING**

The District of Columbia Taxicab Commission (“Commission”), pursuant to the authority set forth in Sections 8(c) (2), (7), (19) and (20), 14, and 20l, of the District of Columbia Taxicab Commission Establishment Act of 1985 (“Establishment Act”), effective March 25, 1986 (D.C. Law 6-97), as amended by the Vehicle-for-Hire Innovation Amendment Act of 2014 (“Vehicle-for-Hire Act”), effective March 10, 2015 (D.C. Law 20-197; D.C. Official Code §§ 50-307(c) (2), (7), (19) and (20), 50-313, and 50-329 (2014 Repl. & 2015 Supp.)), hereby gives notice of its intent to adopt amendments to Chapter 7 (Enforcement) and Chapter 16 (Dispatch Services and District of Columbia Taxicab Industry Co-op) of Title 31 (Taxicabs and Public Vehicles For Hire) of the District of Columbia Municipal Regulations (DCMR).

This proposed rulemaking would amend Chapter 16 to establish a new requirement in § 1605 that all digital dispatch services (DDSs) provide the Office of Taxicabs with a bond to secure the payments to the District of taxicab surcharges and one percent (1%) of gross receipts, required by § 1604.7 and the Establishment Act, which are vital to support the operations of the Commission and the Office. The Commission finds it necessary to impose this requirement after two incidents in which businesses obligated to make payments of surcharges or one percent (1%) of gross receipts failed to do so. In one incident, a payment service provider (PSP) ceased operations in the District without paying all owed taxicab surcharges, but, because it had provided the Office with a bond pursuant to Chapter 4 of Title 31 DCMR, the Office was able to recover a substantial portion of the unpaid surcharges. In a more recent incident, a DDS for private sedans ceased operations while still owing a payment for one percent (1%) of gross profits. Because DDSs are not required under the current rules in Chapter 16 to provide a bond, when the DDS ceased operations, there was no bond available cover its outstanding payment. To prevent a recurrence, the new bond requirement would apply to all DDSs, including all those which are currently registered with the Office. The rulemaking would also amend Chapter 7 to add an enforcement provision allowing the Office to suspend the registration of a registered digital dispatch service that fails to provide a bond within the time required under the new rules in § 1605.

The Commission finds there is an immediate need to preserve and promote the safety and welfare of District residents by ensuring that bonds be provided to the Office by all DDSs to secure the payments of taxicab surcharges and one percent of gross receipts, as required by § 1604.7 and the Establishment Act, to reduce the possibility that the District will fail to receive a required payment.

This emergency rulemaking was adopted by the Commission on February 10, 2016, and took effect immediately. The emergency rules shall remain in effect for one hundred and twenty (120) days after the date of adoption (expiring June 9, 2016), unless earlier superseded by an amendment or repeal by the Commission, or the publication of final rulemaking, whichever occurs first.

The Commission also hereby gives notice of the intent to take final rulemaking action to adopt these proposed rules in not less than thirty (30) days after the publication of this notice of proposed rulemaking in the *D.C. Register*. Directions for submitting comments may be found at the end of this notice.

Chapter 7, ENFORCEMENT, of Title 31 DCMR, TAXICABS AND PUBLIC VEHICLES FOR HIRE, is amended as follows:

A new Section 720 is added to read as follows:

720 IMMEDIATE SUSPENSION OF A DIGITAL DISPATCH SERVICE REGISTRATION

720.1 In addition to any other enforcement action available under this chapter, a digital dispatch service registered with the Office under § 1605 which fails to comply with § 1605.6 shall be subject to the immediate suspension of its registration until it provides the Office with a bond that meets the requirements of § 1605.5(c).

Chapter 16, DISPATCH SERVICES AND DISTRICT OF COLUMBIA TAXICAB INDUSTRY CO-OP, is amended as follows:

Section 1605, DIGITAL DISPATCH SERVICES – REGISTRATION, is amended as follows:

Subsection 1605.5 is amended to read as follows:

- 1605.5 Each registration application form filed under § 1605.3 shall be:
- (a) Executed under oath by an individual with authority to complete the filing;
 - (b) Accompanied by a filing fee of five hundred dollars (\$500) regardless of the number of vehicle-for-hire services dispatched by the digital dispatch service; and
 - (c) Accompanied by a bond payable to the District of Columbia to secure payment of the amount(s) owed to the District pursuant to the § 1604.7 which shall be valid for the licensing period and one (1) year thereafter, which shall be in the amount of one hundred thousand dollars (\$100,000) for taxicabs, and two hundred fifty thousand dollars (\$250,000) for each additional public or private vehicle-for-hire service dispatched by the digital dispatch service, and which shall comply with any applicable administrative issuance.

A new Subsection 1605.6 is added to read as follows:

- 1605.6 Not later than thirty (30) days after the effective date of these regulations, each digital dispatch service registered with the Office shall provide a bond to the Office which meets the requirements of § 1605.5(c).

Existing Subsections 1605.6 through 1605.9 are renumbered as Subsections 1605.7 through 1605.10.

A new Subsection 1605.11 is added to read as follows:

- 1605.11 A bond provided by a digital dispatch service pursuant to § 1605.5(c) may be forfeited in whole or in part to satisfy an obligation of the digital dispatch service under § 1604.7 that remains unpaid for more than thirty (30) days. The Office shall give written notice of its intent to forfeit a bond not less than ten (10) days prior to taking the action.

Copies of this proposed rulemaking can be obtained at www.dcregs.dc.gov or by contacting Secretary to the Commission, District of Columbia Taxicab Commission, 2235 Shannon Place, S.E., Suite 3001, Washington, D.C. 20020. All persons desiring to file comments on the proposed rulemaking action should submit written comments via e-mail to dctc@dc.gov or by mail to the DC Taxicab Commission, 2235 Shannon Place, S.E., Suite 3001, Washington, D.C. 20020, Attn: Secretary to the Commission, no later than thirty (30) days after the publication of this notice in the *D.C. Register*.

ABBREVIATED NOTICE OF SOLICITATION OF PUBLIC COMMENT**District's Draft Annual Ambient Air Monitoring Network Plan for 2017**

Notice is hereby given that the District of Columbia's (District) Draft Annual Ambient Air Monitoring Network Plan for 2017 is open for public comment before submittal to the U.S. Environmental Protection Agency (EPA) on July 1, 2016.

The Clean Air Act mandates that ambient air quality surveillance systems in state and local jurisdictions, including the District, meet requirements specified in Title 40 of the Code of Federal Regulations (C.F.R.), Part 58. Regulations require state and local monitoring agencies to conduct a periodic assessment of ambient air monitoring networks and propose any changes in an annual ambient air monitoring network plan. EPA established National Ambient Air Quality Standards (NAAQS) for six pollutants: ozone (O₃), carbon monoxide (CO), sulfur dioxide (SO₂), nitrogen dioxide (NO₂), lead (Pb), and particulate matter less than 10 microns aerodynamic diameter (PM₁₀) and less than 2.5 microns (PM_{2.5}). These are commonly known as the "criteria" pollutants. When air quality does not meet the NAAQS, the area is said to be in "non-attainment" with the NAAQS. For more information on air quality and the federal NAAQS, please visit EPA's website, <http://www.epa.gov/air/criteria.html> or DOEE's website, <http://doee.dc.gov/air>.

In the District's Annual Ambient Air Network Plan (Network Plan) for calendar year 2017, DOEE proposes to remove carbon monoxide (CO) monitors at the Verizon Center and River Terrace stations to avoid redundancy and remove the Lead (Pb) monitor at the McMillan station. Pollutant concentrations at all of these monitors are low, and the changes comply with monitoring requirements that were revised in April 2016. Finally, the Federal Reference Monitors (FRMs) at the McMillan, River Terrace, and Hains Point stations will be replaced with continuous Federal Equivalent Method (FEM) monitors. The rest of the existing network will be maintained.

The District of Columbia's Draft Annual Ambient Air Monitoring Network Plan for 2017 is available for review. A person may obtain a copy of the Plan by any of the following means:

Download from the Department's website, at www.doee.dc.gov, under the "Laws & Regulations" and "Public Notices & Hearings" tab;

Email a request to khinsann.thaung@dc.gov with "Request copy of Draft Annual Ambient Air Monitoring Network Plan for 2017" in the subject line;

Pick up a copy in person from the Department reception desk, located at 1200 First Street NE, 5th Floor, Washington, DC 20002. Call Khin Sann Thaung at (202) 535-2600 to make an appointment and mention this Plan by name;

Write the Department at 1200 First Street NE, 5th Floor, Washington, DC 20002, "Attn: Draft Annual Ambient Air Monitoring Network Plan for 2017" on the outside of the envelope.

The Department is committed to considering the public's comments while finalizing this Plan. Interested persons may submit written comments on the draft Plan, which must include the person's name; telephone number; affiliation, if any; mailing address; a statement outlining their concerns; and any facts underscoring those concerns. **All comments must be submitted by Monday, June 6, 2016.**

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
EXECUTIVE OFFICE OF THE MAYOR
MAYOR'S OFFICE OF LEGAL COUNSEL
Freedom of Information Act Appeal: 2016-01**

October 16, 2015

VIA ELECTRONIC MAIL

Mr. Patrick Kabat, Esq.

RE: FOIA Appeal 2016-01

Dear Mr. Kabat:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"), on behalf of your client, the Reporters Committee for Freedom of the Press ("RCFP"). In your appeal, you assert that the Metropolitan Police Department ("MPD") has failed to respond to a request the RCFP submitted to the MPD.

Background

On April 21, 2015, the RCFP submitted a request to the MPD seeking: (1) contracts pertaining to body worn camera ("BWC") hardware and software; (2) requests for proposals and other communications related to MPD's efforts to find vendors for BWC software and hardware; (3) requests for proposals and other communications related to MPD's efforts to find vendors or software for redacting BWC videos; and (4) records, including proposals, communications, contracts, and invoices related to the redaction of MPD videos posted on YouTube and MPD's website.

On October 2, 2015, you appealed to this Office MPD's failure to produce any records, arguing that in the 5 months since RCFP's original request, not a single document has been released, despite numerous assurances by MPD that a review has been underway and that responsive documents would be released on a rolling basis. Moreover, you argue that a public hearing is scheduled for October 21, 2015, on a topic that directly relates to RCFP's FOIA request, and that MPD's lengthy period of noncompliance will inhibit RCFP's ability to fully participate in that hearing.

We notified the MPD of your appeal on October 6, 2015, when we received it. Generally, an agency has 5 business days to provide this Office with a response; however, section 412.6 of Title 1 of the District of Columbia Municipal Regulations (1 DCMR § 412.6) provides that an agency may request an extension. On October 14, 2015, the MPD requested a 5-day extension to respond to your appeal. In correspondence to this Office on the same date, you submitted a formal opposition to the granting of an extension. You argue that MPD's request for an extension is untimely and inappropriate given MPD's failure to produce any records.

Discussion

It is the public policy of the District of Columbia that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” D.C. Official Code § 2-532(a). The right created under the DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. *See* D.C. Official Code § 2-534. Under the DC FOIA, an agency is required to disclose materials only if they were “retained by a public body.” D.C. Official Code § 2-502(18).

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *See Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

The crux of your appeal is MPD’s failure to provide any documents responsive to a request RCFP submitted in April 2015. RCFP’s request seeks two categories of documents: (1) procurement records related to providers of BWC hardware and software, and invoices pertaining to redactions of MPD videos; and (2) communications related to MPD’s efforts to find vendors for BWC software and hardware. With respect to the first category of records, an MPD FOIA officer notified your client in an email dated April 30, 2015, that for “actual contracts and RFPs for BWC hardwar[e] and software, you should submit a FOIA request with the Office of Contracting and Procurement (OCP) as OCP provides contracting services to MPD.”¹ It appears that RCFP has not requested this information from OCP in the intervening months. As a courtesy, in light of the BWC hearing scheduled for October 21, 2015, this Office contacted OCP and asked it to produce the contracting records you seek on an expedited basis. OCP has already provided this Office with the solicitation, offer, and award to Taser International Inc., which we will provide to you under separate cover.

With respect to the second category of records RCFP requested, MPD has indicated in previous correspondence with you/ your client that it has completed its search and identified approximately 40,000 pages of documents. MPD has further indicated that it has been reviewing these documents to release them to RCFP on a rolling basis.

Conclusion

Based on the circumstances here, and specifically the nearly 6-month delay in producing any documents to RCFP, we will forego our normal practice of permitting an agency to invoke an extension to respond to an appeal. We direct MPD to immediately begin releasing the non-procurement documents in its possession that are responsive to RCFP’s requests.

Dr. Martin Jones

RE: FOIA Appeal 2016-02

Dear Dr. Jones:

This letter responds to your administrative appeal to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the Department of Disability Services ("DDS") improperly withheld records you requested under the DC FOIA.

Background

On June 4, 2014, you submitted a request to the DDS seeking records pertaining to an investigation you believe DDS conducted that led to your termination from employment.

The DDS responded to your request on August 5, 2015, stating, "A diligent search of [DDS] files did not uncover any documents responsive to your request."

On October 1, 2015, you appealed the DDS's decision, asserting that you found the response letter to be "very disappointing." You further stated your belief that "it appears someone is masking the results of those formal interviews[.]" and that you have "reason to believe that [Eleanor Holmes-Norton's] office therefore forwarded the request to DDS and DDS decided not to respond . . ."

The DDS responded to your appeal in a letter to this Office dated October 19, 2015. In its response, the DDS reasserted that it conducted a reasonable search and found no documents responsive to your request.

Discussion

It is the public policy of the District of Columbia that "all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees." D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right "to inspect . . . and . . . copy any public record of a public body . . ." D.C. Official Code § 2-532(a). The right to inspect public records is subject to various exemptions that may form the basis for denial of a request. *See* D.C. Official Code § 2-534.

Under the DC FOIA, an agency is required to disclose materials only if they are "retained by a public body." D.C. Official Code § 2-502(18).

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm'n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

The crux of this matter is whether DDS conducted an adequate search for the documents you requested, and your belief that records exist despite DDS's representation to the contrary. DC FOIA requires only that a search conducted in response to a FOIA request be reasonably calculated to produce relevant documents. The test is not whether any documents might conceivably exist, but whether the government's search for responsive documents was adequate. *Weisberg v. U.S. Dep't of Justice*, 705 F.2d 1344, 1351 (D.C. Cir. 1983).

In order to establish the adequacy of a search,

'the agency must show that it made a good faith effort to conduct a search for the requested records, using methods which can be reasonably expected to produce the information requested.' [*Oglesby v. United States Dep't of the Army*, 920 F.2d 57, 68 (D.C. Cir. 1990)]. . . The court applies a 'reasonableness test to determine the 'adequacy' of a search methodology, *Weisberg v. United States Dep't of Justice*, 227 U.S. App. D.C. 253, 705 F.2d 1344, 1351 (D.C. Cir. 1983) . . .

Campbell v. United States DOJ, 164 F.3d 20, 27 (D.C. Cir. 1998).

To conduct a reasonable and adequate search, an agency must make reasonable determinations as to: (1) the location of records requested; and (2) search for the records in those locations. *Doe v. D.C. Metro. Police Dep't*, 948 A.2d 1210, 1220-21 (D.C. 2008) (citing *Oglesby*, 920 F.2d at 68).

DDS provided this Office with specific information as to the search it conducted to respond to your request. DDS's FOIA officer described the search as follows:

As part of my investigation I inquired with the District's Office of the Chief Technology Officer ("OCTO") for any emails that contained Mr. Jones' name for the timeframe at issue from the individuals Mr. Jones indicated may have been involved in the "investigation." OCTO provided me with the results of the query, none of which contained emails that related to any "investigation" or allegations resulting [sic] Mr. Jones' termination from DDS. Though I did not limit my query, when I received OCTO's response, I focused on locating any emails between these people and DDS administrators and human capital employees that might constitute an "investigation" related to Mr. Jones' termination. I was unable to find any such emails.

I likewise asked DDS's Chief of Staff and DDS's Human Capital Administrator to review their files and provide me with information related to any investigation conducted by the agency resulting in Mr. Jones' termination. Upon review of their files, there were no investigative documents responsive to Mr. Jones' request.

In light of DDS's description of the search it conducted, we conclude that DDS complied with the applicable standard under DC FOIA; that is, DDS made a reasonable determination as to the locations of the records you requested and searched for the records in those locations. We therefore accept DDS's position that no responsive documents exist.

Conclusion

Based on the foregoing, we affirm the DDS's decision and hereby dismiss your appeal. This constitutes the final decision of this office.

If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

/s Melissa C. Tucker

Mr. Ryan Greenlaw

RE: FOIA Appeal 2016-03

Dear Mr. Greenlaw:

This letter responds to your above-captioned administrative appeal to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the District's Office of Unified Communications ("OUC") failed to respond to a request you submitted under the DC FOIA.

Background

On August 3, 2015, you sent a FOIA request to the OUC via certified mail seeking records for "all 911 calls between 8:00 pm and 9:00 pm on Thursday, August 30, that resulted in police dispatch to a location in the First Police District, Service Area 107." Your request was further limited to specific enumerated criteria (e.g., police dispatch for trespassing, harassment, and vandalism). According to the United States Postal Service's tracking system, your FOIA request was delivered to the OUC on August 5, 2015. Having not received a response from OUC, on September 11, 2015, you submitted a follow-up request on the DC FOIA website and received a case number. You submitted your appeal to the Mayor on the grounds that as of the date of your appeal, you had not received a response from OUC pertaining to either your initial or follow-up requests within statutory timeframe under D.C. Official Code § 2-532(c).

Pursuant to D.C. Official Code § 2-532(e), the OUC's failure to timely respond to your request can be deemed a denial. Under D.C. Official Code § 2-532(e), you are also deemed to have exhausted your administrative remedies; however, you have chosen to exercise your right to an administrative appeal as provided under D.C. Official Code § 2-537. On appeal you assert that 9-1-1 calls responsive to your request should be disclosed except for redactions made pursuant to D.C. Official Code § 2-532(a)(2) ("Exemption 2")¹ for personal information such as names, phone numbers, addresses, and other identifying characteristics of the persons involved. Further, you assert that there exists a public interest in disclosure to shed light on police response to persons with perceived or actual mental illness based on descriptions of 9-1-1 callers.

Upon receipt of your appeal, this Office notified the OUC and asked the agency to formally respond. OUC responded to this office on October 14, 2015, with an explanation as to why your

¹ Exemption 2 prevents disclosure for "[i]nformation of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy."

FOIA request should be denied.² The OUC also provided this office with the “Background Event Chronology” pertaining to the audio recording of the 9-1-1 call at issue and a copy of the audio recording itself for our *in camera* review.

The OUC asserts that it contacted you for clarification of the enumerated “protocol numbers” listed in your request and that you agreed to provide clarification as to your request but never did. The OUC further asserts that it conducted a search in response to your request, and the search returned only one 9-1-1 call resulting in dispatch to Patrol Service Area 107 on August 30, 2015, from 8:00 PM to 9:00 PM.³ The OUC claims that this call is not responsive to your request because it pertains to a burglary alarm; therefore, it is outside the scope of the enumerated “protocol numbers” you specified. The OUC cites case law in support of its decision to limit its response to the scope of your request as drafted. *Miller v. Casey*, 730 F.2d 773, 777 (D.C. Cir.1984) (“The agency [is] bound to read it as drafted, not as either agency officials or [the requester] might wish it was drafted.”).

The OUC asserts that even if the call is considered responsive, the OUC would disclose only a “Background Event Chronology” for the call and a description of the recording with a *Vaughn* index because the recording of the 9-1-1 call itself is protected from disclosure under Exemption 2, citing *New York Times Co. v. Nat’l Aeronautics and Space Admin.* 920 F.2d 1002 (C.A. D.C. 1990). The OUC raises two arguments against your assertion that public interest favors disclosure of the recording: (1) your appeal focuses on the public interest of police conduct, but the OUC’s records would not shed light on activity of the Metropolitan Police Department, which is a separate agency; and (2) you argue that there is a public interest in police response to descriptions of actual or perceived mental illness; however, “the only record obtained as a result of the search of OUC records does not involve any suspects or persons that could possibly be deemed as mentally ill . . . The police located no persons on the premises.”

Discussion

It is the public policy of the District of Columbia government that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, the DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” *Id.* at § 2-532(a). The right to inspect a public record, however, is subject to exemptions. *Id.* at § 2-534.

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

Because you filed your appeal before OUC explained its reason for denying your request, we base our analysis on the arguments you raised in the appeal as well as those we anticipate you would have raised had you received OUC’s substantive denial. As a result, we shall address

² A copy of the OUC’s response is attached hereto.

³ See signed statement of acting FOIA Officer, which is attached hereto.

whether OUC conducted an adequate search in response to your request, whether the result of the OUC's search is responsive, and whether the OUC may withhold the 9-1-1 recording at issue under Exemption 2.

DC FOIA requires that a search be reasonably calculated to produce the relevant documents. The test is not whether any additional documents might conceivably exist, but whether the government's search for responsive documents was adequate. *Weisberg v. United States DOJ*, 705 F.2d 1344, 1351 (D.C. Cir. 1983). Speculation unsupported by any factual evidence that records exist is not enough to support a finding that full disclosure has not been made. *Marks v. United States DOJ*, 578 F.2d 261 (9th Cir. 1978).

To establish the adequacy of a search,

'the agency must show that it made a good faith effort to conduct a search for the requested records, using methods which can be reasonably expected to produce the information requested.' [*Oglesby v. United States Dep't of the Army*, 920 F.2d 57, 68 (D.C. Cir. 1990)]. . . The court applies a 'reasonableness test to determine the 'adequacy' of a search methodology, *Weisberg v. United States DOJ*, 705 F.2d 1344, 1351 (D.C. Cir. 1983) . . .

Campbell v. United States DOJ, 164 F.3d 20, 27 (D.C. Cir. 1998).

In conducting an adequate search, an agency must make reasonable determinations as to the location of records requested and search for the records in those locations. *Doe v. D.C. Metro. Police Dep't*, 948 A.2d 1210, 1220-21 (D.C. 2008) (citing *Oglesby*, 920 F.2d at 68). The determinations as to likely locations of records would involve knowledge of the agency's record creation and maintenance practices. *See Pub. Emps. for Envtl. Responsibility v. U.S. Section Int'l Boundary and Water Comm'n.*, 839 F. Supp. 2d 304, 317-18 (D.D.C. 2012). Generalized and conclusory allegations cannot suffice to establish an adequate search or the availability of exemptions. *See In Def. of Animals v. NIH*, 527 F. Supp. 2d 23, 32 (D.D.C. 2007).

Here, OUC has indicated that its search was conducted by an acting FOIA officer who is knowledgeable about OUC's record creation and maintenance practices. This individual identified and searched the database where the responsive information would be located, and the search resulted in finding one 9-1-1 call within the timeframe and geographic area specified in your request. Based on the OUC's description of the search, we find that it was adequate under the DC FOIA.

The OUC maintains that although it located one 9-1-1 recording that took place within the timeframe and geographic area you requested, this call does not match the enumerated "protocol numbers" that you specified in your request. The OUC states that the 9-1-1 call was made in response to a suspected burglary, which is not one of the "protocols" you list. Even if a request "is not a model of clarity," an agency should carefully consider the nature of each request and give a reasonable interpretation to its terms and overall content. *LaCedra v. EOUSA*, 317 F.3d 345, 347-48 (D.C. Cir. 2003) (concluding that agency failed to "liberally construe" request for "all documents pertaining to [plaintiff's] case" when it limited that request's scope to only those

records specifically and individually listed in request letter, because “drafter of a FOIA request might reasonably seek all of a certain set of documents while nonetheless evincing a heightened interest in a specific subset thereof” (citing *Nation Magazine v. U.S. Customs Serv.*, 71 F.3d 885, 890 (D.C. Cir. 1995)).

Since the “protocol numbers” you provided in your request do not match the OUC’s categorization methods, the acting FOIA officer at the OUC contacted you in attempt to obtain additional information about the records you were seeking. This employee states that you advised her that you would provide her with this information but you never did.⁴ Nevertheless, under the guidance of *LaCedra*, the call at issue should be considered responsive because a heightened interest in a specific subset of records does not override the more general request. In addition, the call is responsive under a narrower interpretation. One of the enumerated “protocol numbers” of your request was for trespass. Trespass is a necessary element of burglary. *See* D.C. Official Code § 22–801 (defining burglary). The call at issue involved a potential burglary; therefore, it involves trespass. As a result, we find that the call is responsive to your request as drafted.

The OUC states that if the 9-1-1 call it located is determined to be responsive, the OUC would release a “Background Event Chronology” and descriptive *Vaughn* index pertaining to the recording but would withhold the audio recording itself under Exemption 2. Therefore, we consider whether the recording may be withheld in its entirety pursuant to Exemption 2. Under Exemption 2, determining whether disclosure of a record would constitute an invasion of personal privacy requires a balancing of the individual privacy interest against the public interest in disclosure. *See Department of Justice v. Reporters Comm. for Freedom of Press*, 489 U.S. 749, 762 (1989).

The first part of the analysis is to determine whether a sufficient privacy interest exists. *Id.* A privacy interest is cognizable under DC FOIA if it is substantial, which is anything greater than *de minimis*. *Multi AG Media LLC v. Dep’t of Agric.*, 515 F.3d 1224, 1229 (D.C. Cir. 2008). The OUC cites *New York Times Co. v. Nat’l Aeronautics and Space Admin.*, 920 F.2d 1002, for the proposition that records of 9-1-1 calls are exempt from disclosure in their entirety as personal records. *New York Times* does not involve recorded 9-1-1 calls, but rather the final intercom recordings of the crew of the 1986 Challenger space shuttle disaster. *New York Times Co.*, 920 F.2d at 1004. Based on the specific facts and circumstances of the case, the court in *New York Times* found that the voices and vocal inflections of the crew immediately before their deaths were exempt because disclosure would constitute a clearly unwarranted invasion of personal privacy of the crew and their surviving family members. *Id.* at 1009-10.

We do not find that the *New York Times* case provides a blanket exemption for recordings of all 9-1-1 calls.⁵ After reviewing the audio of the 9-1-1 call, which was initiated by a security

⁴ *See* signed statement of the acting FOIA Officer, attached hereto.

⁵ Privacy interests may prevent disclosure for 9-1-1 calls made by victims or witnesses at a time of heightened fear and vulnerability when the vocal inflection, the words chosen, and the manner of delivery pose a substantial likelihood of presenting one in an embarrassing or humiliating light. *See* FOIA Appeal 2011-61. Those factors are not present here.

monitoring company employee in response to the activation of an automated security alarm, we find that the only related privacy interests are those involving personally identifiable information. In general, there is a sufficient privacy interest in personal identifying information.

Information protected under Exemption 6 [the equivalent of Exemption (2) under the federal FOIA] includes such items as a person's name, address, place of birth, employment history, and telephone number. *See Nat'l Ass'n of Retired Fed. Employees v. Horner*, 879 F.2d 873, 875 (D.C. Cir. 1989); *see also Gov't Accountability Project v. U.S. Dep't of State*, 699 F.Supp.2d 97, 106 (D.D.C. 2010) (personal email addresses); *Schmidt v. Shah*, No. 08–2185, 2010 WL 1137501, at *9 (D.D.C. Mar. 18, 2010) (employees' home telephone numbers); *Schwaner v. Dep't of the Army*, 696 F.Supp.2d 77, 82 (D.D.C. 2010) (names, ranks, companies and addresses of Army personnel); *United Am. Fin., Inc. v. Potter*, 667 F.Supp.2d 49, 65–66 (D.D.C.2009) (name and cell phone number of an “unknown individual”).

Skinner v. United States DOJ, 806 F. Supp. 2d 105, 113 (D.D.C. 2011).

Information such as names, phone numbers, and home addresses are considered to be personally identifiable information and are therefore exempt from disclosure. *See, e.g., Department of Defense v. FLRA*, 510 U.S. 487, 500 (1994) (“An individual’s interest in controlling the dissemination of information regarding personal matters does not dissolve simply because that information may be available to the public in some form.”). As a result, we find that there is a sufficient privacy interest in the personally identifiable information in the 9-1-1 call.

The second part of a privacy analysis examines whether the public interest in disclosure outweighs the individual privacy interest. The Supreme Court has stated that the analysis must be conducted with respect to the purpose of FOIA, which is “to open agency action to the light of public scrutiny.” *Department of Air Force v. Rose*, 425 U.S. 352, 372 (1976). The public interest argument you raise in your appeal is not relevant to the call at issue. Our *in camera* review of the recording confirms the OUC’s representation that the conversation between the caller and the 9-1-1 operator contains neither a description of nor an interaction with an individual with actual or perceived mental illness. In the absence of a relevant countervailing public interest, we find that personally identifiable information in the call (i.e., the names, personal phone numbers, employee identification number, and address) is protected from disclosure pursuant to Exemption 2.

D.C. Official Code § 2-534(b) requires an agency to produce “[a]ny reasonably segregable portion of a public record . . . after deletion of those portions” that are exempt from disclosure; however, cases have held that records may be withheld in their entirety if an agency lacks the technological capacity to remove exempt portions of a record.⁶ In prior FOIA appeal decisions,

⁶ *Milton v. United States DOJ*, 842 F. Supp. 2d 257, 259-61 (D.D.C. 2012) (explaining that segregability analysis focuses on “the agency’s current technological capacity” and holding that responsive telephone conversations were not reasonably segregable because an agency did not possess technological capacity to segregate non-exempt portions of requested records); *see also*

the OUC has been found to lack the technical capacity to redact audio recordings.⁷ The OUC did not indicate in its response to your appeal whether it currently has the technical capacity to redact audio recordings. If OUC has this capability, it shall disclose the audio recording of the 9-1-1 call at issue, with redactions made to personally identifiable information. If the OUC still lacks the technical capacity to redact the recording, the recording is exempt from disclosure in its entirety.

Conclusion

Based on the foregoing, we affirm in part, and remand it in part the OUC's decision. The OUC shall, within 5 business days of the date of this decision, disclose a "Background Event Chronology" redacted in accordance with the DC FOIA, as well as a descriptive *Vaughn* index pertaining to the 9-1-1 call discussed in this decision. In addition, if the OUC has the technical capacity to redact the audio recording, it shall disclose the recording with redactions made in accordance with the DC FOIA.

This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Mr. Ryan Greenlaw

RE: FOIA Request 2016-04

Dear Mr. Greenlaw:

This letter responds to the above-captioned administrative appeal that you submitted to the Mayor under the District of Columbia Freedom of Information Act ("DC FOIA"). In your appeal, you assert that the Metropolitan Police Department ("MPD") failed to respond to your request for certain reports and forms created on July 30, 2015, in the First Police District.

It is our understanding that you initially submitted a request to MPD regarding an incident on July 30, 2015, which MPD denied. Subsequently, you refined your request and resubmitted it on August 18, 2015; however, MPD inadvertently regarded it as duplicative of your first request and did not respond to you. On September 10, 2015, you contacted MPD to inquire as to the status of your refined request, whereupon MPD realized that the request had erroneously been filed as a duplicate of your first request. At that point, MPD informed you that your refined request would be processed. To date, you have not received a response, despite MPD's obligation under D.C. Official Code § 2-532(c) to answer your request within 15 business days.¹

Pursuant to D.C. Official Code § 2-532(e), MPD's failure to timely respond to your request can be construed as a denial, and you have accordingly exercised your right to administratively appeal said denial. MPD has been aware of your request since at least September 10, 2015, when it realized that the request was erroneously regarded as a duplicate. MPD advised this Office that your request was delayed after September 10, 2015, due to administrative error.² Although this Office acknowledges your right to file an administrative appeal because your request has been constructively denied, MPD has informed us that your request is in fact currently being processed.

Based on the foregoing, we direct the MPD to provide a response to your August 18, 2015, request within 5 business days from the date of this decision. We dismiss your appeal because it is not ripe for a substantive analysis of MPD's determination; however, you may assert any challenge, by separate appeal, to the response MPD provides you within 5 business days.

¹ An agency may also request an extension of an additional 10 business days to respond under D.C. Official Code § 2-532(d), but MPD does not appear to have made such a request here; rather, MPD reassigned your request to several different individuals and kept re-starting the 15-day response period.

² A copy of MPD's response is attached.

Mr. Christopher Kutner

RE: FOIA Appeal 2016-05

Dear Mr. Kutner:

This letter responds to your administrative appeal to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the Department of Insurance, Securities and Banking ("DISB") improperly withheld records your client requested under the DC FOIA.

Background

On August 31, 2015, your client submitted a request under the DC FOIA to the DISB seeking a copy of the health insurance contracts issued to your client from 2003 to present by CareFirst, an insurance company, along with "any amendments, riders or supplemental provisions that describe [your client's] benefits, applicable co-insurance, deductible, out-of-pocket maximums, etc."¹

DISB's FOIA coordinator responded to the request on September 11, 2015, by enclosing your client's 2014 and 2015 contracts with CareFirst. The FOIA coordinator noted that "both documents were not in DISB's files, but were submitted to us by CareFirst." You responded to DISB on September 14, 2015, inquiring why policies, riders, and other related documents prior to 2013 were not included. DISB's FOIA coordinator replied that FOIA does not require agencies to do research or create records to respond to a request. She further stated that "[a] search of the DISB's Compliance Analysis Division program files . . . confirms that neither the electronic or paper based files contained or created any government or public documents. Nor did either file contain knowledge of the existence of such a document." According to DISB, the 2014 and 2015 contracts it provided you were "not in DISB's files, as they were not public records relating to the affairs of government and the official acts of officials or employees, but were submitted to [DISB] by CareFirst. It has been determined that . . . DISB has no records [of] responsive documents."

You appealed DISB's decision on October 13, 2015, arguing that CareFirst "has deliberately withheld the subject policy," that you believe the insurance company² "may have destroyed

¹ Your appeal refers to "six (6) years of requests to CareFirst and the DISB," but provides no further details or documentation. Therefore, the scope of this appeal is limited to the FOIA request submitted to DISB on August 31, 2015.

² We note that CareFirst is not a public agency and is therefore not subject to FOIA or this Office's jurisdiction.

evidence” and that DISB “may be in possession of other documents that were not released to us, like the policies, riders and description of benefits dated prior to 2013.”

DISB responded to your appeal in an October 22, 2015 email to this Office reiterating that “DISB does not have documents responsive to the request.” DISB further claimed that it had no obligation to do research to compile data that would be responsive to the FOIA request. Upon request from this Office, DISB provided a subsequent response that contained a short declaration describing the search it conducted for the records at issue.

Discussion

It is the public policy of the District of Columbia that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” D.C. Official Code § 2-532(a). The right created under the DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. *See* D.C. Official Code § 2-534. Under the DC FOIA, an agency is required to disclose materials only if they were “retained by a public body.” D.C. Official Code § 2-502(18).

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

The crux of this matter is the adequacy of the search and your belief that more records exist. DC FOIA requires only that, under the circumstances, a search is reasonably calculated to produce the relevant documents. The test is not whether any additional documents might conceivably exist, but whether the government’s search for responsive documents was adequate. *Weisberg v. U.S. Dep’t of Justice*, 705 F.2d 1344, 1351 (D.C. Cir. 1983).

In order to establish the adequacy of a search,

‘the agency must show that it made a good faith effort to conduct a search for the requested records, using methods which can be reasonably expected to produce the information requested.’ [*Oglesby v. United States Dep’t of the Army*, 920 F.2d 57, 68 (D.C. Cir. 1990)]. . . The court applies a ‘reasonableness test to determine the ‘adequacy’ of a search methodology, *Weisberg v. United States Dep’t of Justice*, 227 U.S. App. D.C. 253, 705 F.2d 1344, 1351 (D.C. Cir. 1983) . . .

Campbell v. United States DOJ, 164 F.3d 20, 27 (D.C. Cir. 1998).

To conduct a reasonable and adequate search, an agency must: (1) make a reasonable determination as to the locations of records requested; and (2) search for the records in those locations. *Doe v. D.C. Metro. Police Dep’t*, 948 A.2d 1210, 1220-21 (D.C. 2008) (citing *Oglesby*, 920 F.2d at 68). This first step may include a determination of the likely electronic

databases where such records are to be located, such as email accounts and word processing files, and the relevant paper-based files that the agency maintains. *Id.*

An agency can demonstrate that these determinations have been made by a “reasonably detailed affidavit, setting forth the search terms and the type of search performed, and averring that all files likely to contain responsive materials (if such records exist) were searched” *Id.* Conducting a search in the record system most likely to be responsive is not by itself sufficient; “at the very least, the agency is required to explain in its affidavit that no other record system was likely to produce responsive documents.” *Id.* (internal quotations omitted).

Here, in response to your FOIA request, the DISB provided two documents: CareFirst contracts pertaining to your client for the years 2014 and 2015. DISB indicated that CareFirst submitted these contracts to DISB, but it is unclear whether the contracts were submitted to DISB in response to this FOIA request or in another context. In any event, the fact that CareFirst provided the documents to DISB is ostensibly the reason why DISB claims it “does not have documents responsive to the request.”

When this Office asked DISB to describe the search that led to its disclosure of your clients’ 2014 and 2015 contracts, DISB provided a declaration from Robley Backus, director of DISB’s Compliance Analysis Division. Mr. Backus described the search he conducted, in which he reviewed DISB’s complaint database “using the name ‘Hollander’ . . . All complaints are logged into this database . . . Since hard copy files are typically destroyed after six (6) months to twelve (12) months, the only place to find documents [] relating to a complaint over a year old is the complaint database.” Mr. Backus further indicated that he found one document responsive to your request – a “Scope of Coverage” document issued by CareFirst to your client, effective March 1, 2010. According to Mr. Backus, he forwarded this document to DISB’s FOIA officer on September 8, 2015. Notwithstanding this declaration, DISB made no reference to the 2010 scope of coverage in its correspondence to you or to this Office, to which it claimed that it possessed no documents responsive to your request.

We also find flaws with respect to the search Mr. Backus conducted. In his undated declaration, Mr. Backus states that he searched DISB’s complaint database for responsive records; however, your August 31, 2015 FOIA request did not ask for records pertaining to a complaint. Requests must be construed as drafted and not as how the requester or agency wishes they had been drafted. *Miller v. Casey*, 730 F.2d 773, 774 (D.C. Cir. 1984). The requested records were “the contract, insurance policy, summary and schedule of benefits.” It is unclear why the search was limited to complaints. DISB’s declaration does not indicate whether it determined the universe of possible record depositories where the insurance contracts might be located. Instead, DISB limited its search to a single database, using one search term - the requester’s last name.

DISB has paradoxically stated in its response to your appeal that despite having sent you two contracts, “DISB does not have documents responsive to the request.” It appears that DISB has taken the position that documents that were not originally drafted by a government employee, but that are retained by government agency are not public records subject to FOIA. This is an incorrect interpretation of D.C. Official Code § 2-502(18), which defines “public record” as:

all books, papers, maps, photographs, cards, tapes, recordings, vote data (including ballot-definition material, raw data, and ballot images), or other documentary materials, regardless of physical form or characteristics prepared, owned, used, in the possession of, or retained by a public body. Public records include information stored in an electronic format.

D.C. Official Code § 2-502(18).

Mere possession of a document by an agency makes it, subject to exemption, a public record; there is no authorship requirement for a record to be considered public. As a result of DISB producing two documents, it is unclear if the agency relied on its interpretation of the definition of public records in asserting that “DISB does not have documents responsive to the request.”

Here, based on DISB’s declaration and its responses to you and to our Office, we conclude that the search DISB conducted was not reasonable pursuant to its obligations under DC FOIA.

Conclusion

Based on the foregoing, we hereby remand your appeal. Within five (5) business days, DISB shall conduct a new search and provide you with: (1) the 2010 contract identified in the Backus declaration, subject to appropriate redactions; (2) an affidavit or declaration describing the new search conducted; and (3) all responsive records located, subject to appropriate redaction.

In conducting its second search, DISB shall:

- Identify all possible repositories likely to contain a responsive document;
- Search for the requested records, and not limit the search to complaints;
- Apply more search terms than the requester’s last name (e.g, requester’s policy number, the department file number); and
- Apply to its search the definition of public documents set forth in D.C. Official Code § 2-502(18).

This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

RE: FOIA Request 2016-06

Dear Ms. Upadhyaya:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act on behalf of your clients, Mr. and Mrs. Chukwulete Ukeekwe. In the appeal, you assert that the Department of Energy and Environment ("DOEE") failed to respond to a request that was submitted on August 12, 2015, for records pertaining to property located at 1251 Saratoga Avenue, N.E.

The DOEE advised this Office that it responded to your clients' request on October 5, 2015, but discovered that the file size may have prevented electronic delivery of the records. As a result, the DOEE sent the records again in a different electronic format on October 19, 2015.

Based on the foregoing, we consider your appeal to be moot and it is dismissed; provided, that the dismissal shall be without prejudice to you to assert any challenge, by separate appeal, to the DOEE's response.

RE: FOIA Request 2016-07

Dear Ms. Burton:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act ("DC FOIA"). In your appeal, you assert that the University of the District of Columbia ("UDC") failed to respond to your request for records related to UDC's investigation into your Equal Employment Opportunity complaint and UDC's selection process for supervisory police officers and a police chief.

You submitted the request at issue on July 23, 2015. In your appeal, you include a chronology of your interactions with UDC related to your FOIA request. Under D.C. Official Code § 2-532(c), agencies are required to answer FOIA requests within 15 business days.¹ Prior filing your appeal, UDC did not provide you with an answer or a clear denial in response to your request. Pursuant to D.C. Official Code § 2-532(e), UDC's failure to respond to your request within the statutory timeframe can be deemed a denial, and you accordingly exercised your right to an administrative appeal in accordance with D.C. Official Code § 2-537.

Subsequent to the filing of your appeal, on November 2, 2015, UDC provided you with responsive records, some of which were redacted. According to UDC, the redactions were made pursuant to D.C. Official Code § 2-534(a)(2) ("Exemption 2") and D.C. Official Code § 2-534(a)(4) ("Exemption 4"). UDC provided you with the statutory definitions for Exemptions 2 and 4. Exemption 2 may be asserted to protect personal privacy, and Exemption 4 is most often asserted to protect the deliberative process but has been construed to protect any privileges available during litigation. Further, UDC identified the applicable exemption in each portion of the records that it redacted.

Since the crux of your appeal concerned UDC's failure to respond to your request, we consider your appeal to be moot now that UDC has provided you with a complete response. Although we dismiss your appeal on these grounds, you may assert any challenge to UDC's response by submitting a new appeal.

¹ An agency may also request an extension of an additional 10 business days to respond under D.C. Official Code § 2-532(d), which UDC requested here; however, UDC did not answer your request within the timeframe of the extension either.

RE: FOIA Appeal 2016-08

Dear Mr. Barnekow:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the Department of Health ("DOH") improperly withheld records the Public Defender Service for the District of Columbia ("PDS") requested under the DC FOIA.

Background

On August 21, 2015, Carolyn Slenska, an employee of the PDS, submitted a request to the DOH for a copy of any and all records, files and information in DOH's possession or control pertaining to the licensure of a particular physician, including her application for license, credentials, and other specified records. On September 28, 2015, the DOH responded to Ms. Slenska, stating that DOH had conducted a search of its records and could not find any information concerning the named physician in its files. Ms. Slenska inquired how this was possible since the named physician is licensed in the District through the year 2015 according to the medical license directory on the DOH's website. DOH's senior assistant general counsel responded, "[a]fter having checked with everyone connected with the licensing file for [the named physician], it has been determined that such file was either misplaced or lost, most likely in the move of DOH to its current location several years ago." DOH further indicated that the physician is licensed until December 31, 2016, and any disciplinary action taken against her would be posted on DOH's website.

On appeal, you challenge the DOH's response to the PDS' request, contending that DOH failed to establish that it made a reasonable or adequate search for the licensing file of the physician specified in the request and failed to consider whether any responsive records may be located somewhere other than the physician's licensing file.¹ The PDS also argued that the disciplinary action database on DOH's website contains records from 2009 to the present and does not satisfy PDS' FOIA request because it does not include "records, files or other such information pertaining to the complaints or investigations that precipitated any such disciplinary actions, nor

does it include records, files or other information about complaints or investigations that did not result in a public order of disciplinary action taken.”

This Office asked the DOH to describe its search for the physician’s records. The DOH provided responded on November 5, 2015,² describing its search of an electronic database, on-site file room, and off-site storage facility for the physician’s records. After multiple efforts on the part of DOH, on or around November 5, 2015, records for the physician were located at an off-site storage facility. The DOH stated that once it received the records, the records would be reviewed and disclosed subject to redactions for applicable exemptions under DC FOIA. On November 6, 2015, the DOH sent a follow-up response to clarify aspects of its search and plan for disclosure.³ In its follow-up response, the DOH stated that in addition to records from the storage facility the DOH also located records related to licensure. The DOH attached both redacted and unredacted versions of the documents for this Office’s *in camera* review and reiterated that it would disclose to you records from the storage facility and from the electronic database subject to redactions for applicable exemptions under DC FOIA.

Discussion

It is the public policy of the District of Columbia that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” D.C. Official Code § 2-532(a). The right created under the DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. Under the DC FOIA, an agency is required to disclose materials only if they were “retained by a public body.” D.C. Official Code § 2-502(18). Yet that right is subject to various exemptions, which may form the basis for a denial of a request. *See e.g.* D.C. Official Code § 2-534.

The DC FOIA was modeled on the corresponding federal Freedom of Information Act, *Barry v. DC FOIA requires only that, under the circumstances, a search is reasonably calculated to produce the relevant documents. The test is not whether any additional documents might conceivably exist, but whether the government’s search for responsive documents was adequate. *Weisberg v. ‘adequacy’ of a search methodology, *Weisberg v. United States Dep’t of Justice*, 227 U.S. App. D.C. 253, 705 F.2d 1344, 1351 (D.C. Cir. 1983) . . .

Campbell v. United States DOJ, 164 F.3d 20, 27 (D.C. Cir. 1998).

To make a reasonable and adequate search, an agency must make reasonable determinations as to (1) the location of records requested, and (2) the search for the records in those locations. *Doe v. D.C. Metro. Police Dep’t*, 948 A.2d 1210, 1220-21 (D.C. 2008) (citing *Oglesby*, 920 F.2d at 68). Such determinations may include a determination of the likely electronic databases where such records are to be located, such as email accounts and word processing files, and the relevant paper-based files which the agency maintains. *Id.*

An agency can demonstrate that these determinations have been made by a “reasonably detailed affidavit, setting forth the search terms and the type of search performed, and averring that all files likely to contain responsive materials (if such records exist) were searched” *Id.* Conducting a search in the record system most likely to be responsive is not by itself sufficient; “at the very least, the agency is required to explain in its affidavit that no other record system was likely to produce responsive documents.” *Id.* (internal quotations omitted).

In this matter, the DOH has adequately identified the locations for the requested records specifying the electronic database, file room, and storage facility where the responsive records could be located. Prior to the filing of your appeal the DOH did not adequately search those locations. After your appeal was filed, however, the DOH conducted a more thorough search and records were located in the storage facility and electronic database. As a result, we find that the DOH ultimately conducted searches that were adequate. The DOH has represented that it will disclose the responsive records discovered, subject to redactions made under applicable exemptions to the DC FOIA.

Conclusion

Based on the foregoing, we find that your appeal is on moot on the grounds that DOH ultimately conducted an adequate search in connection with your FOIA request. Although we shall dismiss this appeal, you are free to assert any challenge to DOH’s disclosure by separate appeal.

This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

Mr. George Fadero

RE: FOIA Appeal 2016-09

Dear Mr. Fadero:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that records you requested pertaining to a named police officer were improperly withheld by the Metropolitan Police Department ("MPD") and the Office of Police Complaints ("OPC").

Background

Based on the attachments you included in your appeal, it appears that you submitted requests under the DC FOIA to both the OPC and MPD for complaints or cases against a specific named officer of the MPD. On August 1, 2014, the OPC denied your request, stating that without admitting or denying the existence of the requested records, the disclosure thereof would constitute an unwarranted invasion of personal privacy. In its denial, the OPC cited D.C. Official Code § 2-534(a)(2) ("Exemption 2") and D.C. Official Code § 2-534(a)(3)(C) ("Exemption 3(C)") as grounds for exempting any existing records from disclosure. On August 20, 2014, the MPD sent you a similar denial letter citing Exemption 2.

On appeal you challenge the decisions of both agencies, asserting that the requested information is necessary to prove you have been wrongfully convicted of a crime. You state that the records would allow you the opportunity to show the lack of credibility of the police officer and exonerate you.

Both the OPC and the MPD sent this Office responses to your appeal on November 2, 2015. The OPC reaffirmed its earlier position asserting authority from cases, statutes, and prior FOIA appeal determinations to support its decision that the records would be exempt under Exemption 2 and Exemption 3(C).¹ Similarly, the MPD reaffirmed its denial under Exemption 2, citing case law and a prior FOIA appeal determination in support of its position that privacy interests can preclude the disclosure of complaints against police officers under the DC FOIA.² Additionally,

¹ A copy of the OPC's response is attached to this determination.

² A copy of the MPD's response is attached to this determination.

both the OPC and the MPD provide further support for their use of a “Glomar” response, neither confirming nor denying the existence of the records sought.

Discussion

It is the public policy of the District of Columbia government that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, the DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” *Id.* at § 2-532(a).

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 312 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

Exemptions 2 and 3(C) of the DC FOIA relate to personal privacy. Exemption 2 applies to “[i]nformation of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.” Exemption 3(C) provides an exemption for disclosure for “[i]nvestigatory records compiled for law-enforcement purposes, including the records of Council investigations and investigations conducted by the Office of Police Complaints, but only to the extent that the production of such records would . . . (C) Constitute an unwarranted invasion of personal privacy.” While Exemption 2 requires that the invasion of privacy be “clearly unwarranted,” the word “clearly” is omitted from Exemption 3(C). Thus, the standard for evaluating a threatened invasion of privacy interests under Exemption 3(C) is broader than under Exemption 2. *See United States Dep’t of Justice v. Reporters Comm. for Freedom of Press*, 489 U.S. 749, 756 (1989).

Records pertaining to investigations conducted by the MPD and OPC are exempt from disclosure under Exemption 3(C) if the investigations focus on acts that could, if proven, result in civil or criminal sanctions. *Rural Housing Alliance v. United States Dep’t of Agriculture*, 498 F.2d 73, 81 (D.C. Cir. 1974). *See also Rugiero v. United States Dep’t of Justice*, 257 F.3d 534, 550 (6th Cir. 2001) (The exemption “applies not only to criminal enforcement actions, but to records compiled for civil enforcement purposes as well.”). Since the records you seek relate to investigations that could result in civil or criminal sanctions, Exemption 3(C) applies to your request.

Determining whether disclosure of a record would constitute an invasion of personal privacy requires a balancing of one’s individual privacy interests against the public interest in disclosing the disciplinary files. *See Reporters Comm. for Freedom of Press*, 489 U.S. at 756. On the issue of privacy interests, the D.C. Circuit has held:

[I]ndividuals have a strong interest in not being associated unwarrantedly with alleged criminal activity. Protection of this privacy interest is a primary purpose

of Exemption 7(C)³. “The 7(C) exemption recognizes the stigma potentially associated with law enforcement investigations and affords broader privacy rights to suspects, witnesses, and investigators.”

Stern v. FBI, 737 F.2d 84, 91-92 (D.C. Cir. 1984) (quoting *Bast v. United States Dep’t of Justice*, 665 F.2d 1251, 1254 (D.C. Cir. 1981)).

Here, we find that there is a sufficient privacy interest associated with a police officer who is being investigated for wrongdoing based on allegations. “[I]nformation in an investigatory file tending to indicate that a named individual has been investigated for suspected criminal activity is, at least as a threshold matter, an appropriate subject for exemption under [(3)(C)].” *Fund for Constitutional Government v. National Archives & Records Service*, 656 F.2d 856, 863 (D.C. Cir. 1981). An agency is justified in not disclosing documents that allege wrongdoing even if the accused individual was not prosecuted for the wrongdoing, because the agency’s purpose in compiling the documents determines whether the documents fall within the exemption, not the ultimate use of the documents. *Bast*, 665 F.2d at 1254.

As discussed above, the D.C. Circuit in the *Stern* case held that individuals have a strong interest in not being associated with alleged criminal activity and that protection of this privacy interest is a primary purpose of the investigatory records exemption. We find that the same interest is present with respect to civil disciplinary sanctions that could be imposed on an MPD officer. The records you seek may consist of mere allegations of wrongdoing, the disclosure of which could have a stigmatizing effect regardless of accuracy.

We say “may consist” because the MPD and OPC have maintained that they will neither confirm nor deny whether complaint records exist relating to the MPD officer about whom you seek records. This type of response is referred to as a “Glomar” response, and it is warranted when the confirmation or denial of the existence of responsive records would, in and of itself, reveal information exempt from disclosure. *Wilner v. Nat’l Sec. Agency*, 592 F.3d 60, 68 (2nd Cir. 2009). Here, the Glomar response is justified because if a written complaint or subsequent investigation against the officer you have named exists, identifying the written record would likely result in the harm that the DC FOIA exemptions were intended to protect.

With regard to the second part of the privacy analysis under Exemption 3(C), we examine whether the public interest in disclosure is outweighed by the individual privacy interest at issue. On appeal, you argue that disclosure of the records could allow you establish your innocence and exonerate you from a wrongful conviction. The public interest in the disclosure of a public employee’s disciplinary files was addressed by the court in *Beck v. Department of Justice, et al.*, 997 F.2d 1489 (D.C. Cir. 1993). In *Beck*, the court held:

The public’s interest in disclosure of personnel files derives from the purpose of the [FOIA]--the preservation of “the citizens’ right to be informed about what

³ Exemption 7(C) under the federal FOIA is the equivalent of Exemption 3(C) under the DC FOIA.

their government is up to.” *Reporters Committee*, 489 U.S. at 773 (internal quotation marks omitted); *see also Ray*, 112 S. Ct. at 549; *Rose*, 425 U.S. at 361. This statutory purpose is furthered by disclosure of official information that “sheds light on an agency’s performance of its statutory duties.” *Reporters Committee*, 489 U.S. at 773; *see also Ray*, 112 S. Ct. at 549. Information that “reveals little or nothing about an agency’s own conduct” does not further the statutory purpose; thus the public has no cognizable interest in the release of such information. *See Reporters Committee*, 489 U.S. at 773. The identity of one or two individual relatively low-level government wrongdoers, released in isolation, does not provide information about the agency’s own conduct.

Id. at 1492-93.

In the instant matter, disclosing the records at issue would not shed light on either MPD’s or OPC’s performance of their statutory duties and would constitute an invasion of the individual police officer’s privacy interests under Exemptions 3(C) and (2) of the DC FOIA.⁴

Conclusion

Based on the forgoing we affirm the decisions issued by the MPD and the OPC and dismiss your appeal.

This shall constitute the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

RE: FOIA Appeal 2016-10

Dear Mr. Evans:

I am writing in response to the appeal you sent to the Mayor under the Freedom of Information Act, in which you indicate that the D.C. Superior Court has failed to respond to your request for documents. Under the District of Columbia Freedom of Information Act ("D.C. FOIA"), the Mayor is authorized to review public records determinations made by a public body, with the exception of the Council of the District of Columbia. *See* D.C. Official Code § 2-537(a). The term "public body" means the Mayor, a District agency, or the Council of the District of Columbia. D.C. Official Code § 2-502. Accordingly, the D.C. Superior Court is not subject to the D.C. FOIA, and the Mayor has no jurisdiction to review your appeal.

Based on the foregoing, we hereby dismiss your appeal. This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

/s Melissa C. Tucker

RE: FOIA Appeal 2016-11

Dear Ms. Fuentes:

This letter responds to the administrative appeal you filed with the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 (“DC FOIA”). In your appeal, you assert that the Department of Health Care Finance (“DHCF”) improperly withheld records you requested under the DC FOIA.

Background

On August 5, 2015, you sent four requests to DHCF for “documents related to transportation assistance under the Early and Periodic, Diagnostic and Treatment Services (EPSDT) services program of Medicaid provided by DHCF’s contractor, Health Services for Children with Special Needs, Inc. (“HSCSN”). . . .” On September 16, 2015, DHCF granted in part and denied in part your requests. In specific, DHCF withheld fifteen (15) records as trade secrets protected under D.C. Official Code § 2-534(a)(1) (“Exemption 1”).¹

On appeal, you challenge DHCF’s withholding of responsive records. You contend that Exemption 1 is not applicable because the requested documents are related to government contracts, government policy manuals, and oversight documentation regarding the administration of a public service. Further, you argue that even if Exemption 1 were applicable, DHCF should have reasonably segregated the withheld documents.

DHCF provided this office with a memorandum in response to your appeal on November 13, 2015, reaffirming its decision to withhold records under Exemption 1.

Discussion

It is the public policy of the District of Columbia government that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that

¹ Exemption 1 exempts from disclosure “trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would results in substantial harm to the competitive position of the person from whom the information was obtained.”

policy, the DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” *Id.* at § 2-532(a). The right to inspect a public record, however, is subject to exemptions. *Id.* at § 2-534.

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

The instant matter involves the protection of proprietary interests from public disclosure. To withhold responsive records under Exemption 1, DHCF must show that the information: (1) is a trade secret or commercial or financial information; (2) was obtained from outside the government; and (3) would result in substantial harm to the competitive position of the person from whom the information was obtained. D.C. Official Code § 2-534(a)(1). The D.C. Circuit has defined a trade secret, for the purposes of the federal FOIA, “as a secret, commercially valuable plan, formula, process, or device that is used for the making, preparing, compounding, or processing of trade commodities and that can be said to be the end product of either innovation or substantial effort.” *Public Citizen Research Group v. FDA*, 704 F.2d 1280, 1288 (D.C. Cir. 1983). The D.C. Circuit has also instructed that the terms “commercial” and “financial” used in the federal FOIA should be accorded their ordinary meanings. *Id.* at 1290.

Exemption 1 has been “interpreted to require both a showing of actual competition and a likelihood of substantial competitive injury.” *CNA Financial Corp. v. Donovan*, 830 F.2d 1132, 1152 (D.C. Cir. 1987); *see also*, *Washington Post Co. v. Minority Business Opportunity Com.*, 560 A.2d 517, 522 (D.C. 1989). In construing the second part of this test, “actual harm does not need to be demonstrated; evidence supporting the existence of potential competitive injury or economic harm is enough for the exemption to apply.” *Essex Electro Eng’rs, Inc. v. United States Secy. of the Army*, 686 F. Supp. 2d 91, 94 (D.D.C. 2010). *See also* *McDonnell Douglas Corp. v. United States Dep’t of the Air Force*, 375 F.3d 1182, 1187 (D.C. Cir. 2004) (The exemption “does not require the party . . . to prove disclosure certainly would cause it substantial competitive harm, but only that disclosure would ‘likely’ do so. [citations omitted]”). The passage of time can reduce the likelihood of competitive harm. *See Teich v. FDA*, 751 F. Supp. 243, 253 (D.D.C. 1990) (rejecting competitive harm claim based partly upon fact that documents were as many as twenty years old). *But see Ctr. for Auto Safety v. Nat’l Highway Traffic Safety Admin.*, 93 F. Supp. 2d 1, 16 (D.D.C. 2000) (declaring that “[i]nformation does not become stale merely because it is old”).

Generally, records are “commercial” as long as the submitter has a “commercial interest” in them. *See Baker & Hostetler LLP v. U.S. Dep’t of Commerce*, 473 F.3d 312, 319 (D.C. Cir. 2006). *But see Chicago Tribune Co. v. FAA*, 1998 U.S. Dist. LEXIS 6832, *6 (N.D. Ill. May 5, 1998) (finding that chance events that happened to occur in connection with a commercial operation were not commercial information regarding documentation of medical emergencies during commercial fights). Although it is unnecessary to engage in a “sophisticated economic analysis of the likely effects of disclosure, conclusory and generalized allegations of substantial competitive harm are unacceptable and cannot support an agency’s decision to withhold requested documents.” *Watkins v. United States Bureau of Customs*, 643 F.3d 1189, 1195 (9th

Cir. 2011). Instead, a court may make a determination of economic harm by considering the cost of obtaining the withheld information, and the possible windfall to competition that would result from its release, such as whether:

a competitor could use the content of the [records] affirmatively to wreak competitive harm on Pfizer by acquiring records that, according to Pfizer and undisputed by the plaintiff, show what is and is not working in companies' marketing from the perspective of its customers. *See id.* . . . In applying the *National Parks* test, the D.C. Circuit noted that when commercial information "is freely or cheaply available from other sources ... it can hardly be called confidential and agency disclosure is unlikely to cause competitive harm." *Id.* at 51. Nevertheless, when "competitors can acquire the information only at considerable cost, agency disclosure may well benefit the competitors at the expense of the submitter." *Id.*

Documents 1-14

Your overarching contention on appeal is that records you seek pertaining to the contracts between HSCSN and subcontractors are required to be disclosed under D.C. Official Code § 2-361.04.² This argument is unpersuasive for two reasons. First, the withheld records are not contracts between a public body and a private entity. Rather, the records consist of or relate to contracts between private parties - HSCSN and its subcontractors. While D.C. Official Code § 2-361.04 mandates the disclosure of contracts in which the District is a party, it is unclear whether this statute applies to subcontracts in which the District is not a party. As a result, it is unclear whether contracts, contract reviews, policy books, customer satisfaction surveys, or vehicle inspections carried out between a government contractor and private subcontractors can be considered "determinations [,] findings, contract modifications, change orders, solicitations, or amendments associated with the contract" under D.C. Official Code § 2-361.04. The statute provides that "The [Chief Procurement Officer] shall establish and maintain . . . publicly-available information regarding District procurement." Here, the District had no involvement in the procurement at issue in the withheld records. We are therefore not convinced that this provision of the Procurement Practices Reform Act mandates disclosure of the records that DHCF withheld.

Second, assuming, *arguendo*, that subcontracts and documents related to subcontracts should be disclosed in accordance with D.C. Official Code § 2-361.04, these records may still be subject to redaction under the DC FOIA. The crux of this matter is whether HSCSN's subcontracting process, reflected in Documents 1-14, constitutes commercial information. This Office

² D.C. Official Code § 2-361.04 provides, in relevant part, that the following should be publicly available for contracts in excess of \$100,000: "a copy of the contract and any determinations and findings, contract modifications, change orders, solicitations, or amendments associated with the contract, including those made by District agencies exempt from the authority of the [Chief Procurement Officer] . . ."

conducted an *in camera* review of the fifteen documents that DHCF withheld. Documents 1-14 include subcontracting agreements, amendments to agreements, internal policy, review of the subcontracts by the prime contractor, and extensive customer satisfaction surveys. The process of selecting, managing, reviewing, and analyzing subcontractors is conducted at a cost to HSCSN. Releasing information about this process would amount to a windfall to HSCSN's competitors and could limit HSCSN's ability to competitively vie for future similar contracts. *See Pub. Citizen*, 66 F. Supp. 3d at 213.

Based on DHCF's representations and our *in camera* review of the documents, it is evident that the documents contain commercial and financial information provided by a party outside the government sufficient to meet the threshold for protection under Exemption 1. We agree with DHCF's claim that actual competition exists from HSCSN and that disclosure of the information would allow competitors to see HSCSN's strategy for monitoring and managing its subcontractors and take potential clients and business. Therefore, we find that the commercial and financial information in Documents 1-14 was properly withheld under Exemption 1. *McDonnell Douglas Corp. v. U.S. Dep't of the Air Force*, 375 F.3d 1182, 1190 (D.C. Cir. 2004) ("release of prices for certain CLINs composed predominantly of the costs of materials and services it procures from other vendors would enable its competitors to derive the percentage . . . by which McDonnell Douglas marks up the bids it receives from subcontractors."); *see also GAO Protest of Richen Management, LLC*, B-406750, B-406850 (July 31, 2012) (The Government Services Administration ("GSA") received FOIA requests seeking, among other things, copies of contract amounts, staffing, and a list of subcontractors for the incumbent contracts covered by these RFPs. The GSA responded to the requests by stating that subcontractor information was being withheld under exemption 4 of the federal FOIA since release would reveal to competitors commercially sensitive information concerning the incumbent contractor's internal operations and business practices.)

Under DC FOIA, even when an agency establishes that it has properly withheld a document under an exemption, it must disclose all reasonably segregable, nonexempt portions of the document. *See, e.g., Roth v. U.S. Dep't of Justice*, 642 F.3d 1161, 1167 (D.C. Cir. 2011). "To demonstrate that it has disclosed all reasonably segregable material, 'the withholding agency must supply a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.'" *Judicial Watch, Inc. v. U.S. Dep't of Treasury*, 796 F. Supp. 2d 13, 29 (D.D.C. 2011) (quoting *Jarvik v. CIA*, 741 F. Supp. 2d 106, 120 (D.D.C. 2010)).

Regarding the segregability of Documents 1-14, we find that the entire documents are protected from disclosure under Exemption 1. The numerical values in the documents are clearly protected information showing HSCSN's subcontractors commercial and financial pricing. Additionally, the categories and descriptions in the documents reveal HSCSN's commercial and financial strategy in managing and analyzing subcontractors. This information, if disclosed, could cause substantial competitive harm to HSCSN by providing a windfall to its competitors.

Document 15 consists of a document titled "DC Vehicle Inspection Record." It appears to be an inspection report of a vehicle bearing a Maryland license plate, and it contains some personally identifiable information (e.g., driver's license and VIN numbers). Because it is unclear how this document constitutes a trade secret or commercial information, we remand the record to DHCF. DHCF shall either: (1) release the document subject to appropriate redactions; or (2) provide a more detailed explanation as why the document should be withheld.

Conclusion

Based on the foregoing, we affirm DHCF's decision in part and remand it in part. Within seven (7) business days from the date of this decision, DHCF shall, in accordance with the guidance provided in this determination, reconsider its withholding of Document 15.

This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

RE: FOIA Appeal 2016-12

Dear Mr. Legg:

This letter responds to the administrative appeal you submitted to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 ("DC FOIA"). In your appeal, you assert that the Metropolitan Police Department ("MPD") improperly withheld records you requested under the DC FOIA.

Background

On September 24, 2015, you submitted a FOIA request to the MPD seeking "any information pertaining to the duty character of" a named officer along with "any information on the special training which accompanied [the named officer's] performance of duties, and sponsors names of that training."

On October 2, 2015, the MPD responded to your request, stating that any responsive records would be exempt from disclosure under D.C. Official Code §§ 2-534(a)(2) and (a)(3)(C) because producing them would constitute an unwarranted invasion of the officer's personal privacy.

In your appeal, you assert that the requested information would help show the named officer's "character of duty" and that there is a public interest in the information because it relates to "police work product," justice, and ethics. Lastly, you raise a private interest argument, asserting that you were wrongly convicted of a crime as a result of the named officer's actions, therefore the release of any disciplinary files pursuant to the request "does not constitute an unwarranted invasion of privacy."

In response to your appeal, the MPD sent this office a letter on November 13, 2015, reaffirming its position that disclosing investigative reports, citations, and disciplinary files of identified police officers, if they existed, would constitute an unwarranted invasion of an officer's personal privacy. MPD asserted, for the first time, that it could neither admit nor deny whether any complaints or investigations had been filed regarding the named officers, a so-called "Glomar" response. Nevertheless, MPD notes that a search of MPD's human resources office determined that no records exist relating to the named officer, suggesting that MPD never employed him.

Discussion

It is the public policy of the District of Columbia government that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, the DC FOIA creates the right “to inspect ... and ... copy any public record of a public body . . .” *Id.* at § 2-532(a). The right to inspect public records is subject to various exemptions that may form the basis for a denial of a request. *Id.* at § 2-534.

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute may be examined to construe the local law.

The crux of this matter is that it appears that the named officer has never worked for the MPD.¹ As a result, MPD has not withheld any records because none exist. This Office will therefore not consider the applicability of MPD’s asserted arguments related to D.C. Official Code §§ 2-534(a)(2) and (a)(3)(C) or the propriety of a Glomar response to this appeal.

Had MPD originally responded to your request with a Glomar response (a refusal to admit or deny the existence of a record), such a response may have been appropriate because neither admitting nor denying the existence of a disciplinary file is permissible to avoid the unwarranted privacy harm of associating a public employee with alleged, unproven misconduct. Unfortunately, MPD chose to deny your request by asserting that the non-existent records were exempt from disclosure under D.C. Official Code §§ 2-534(a)(2) and (a)(3)(C), prompting this appeal. We suggest that in response to similar future FOIA requests, the MPD should make an initial determination as to whether a named individual was employed by the MPD before denying records that definitively do not exist.

Conclusion

Based on the foregoing, we uphold the MPD’s decision and hereby dismiss your appeal. Because the named officer appears to have never been employed by the MPD, no responsive documents are being withheld, and no privacy interests need to be protected.

This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

/s Melissa C. Tucker

¹ A cursory internet search conducted by this Office indicates that the named officer may have worked for the Metro Transit Police Department, as opposed to the Metropolitan Police Department.

RE: FOIA Appeal 2016-13

Dear Mr. Soares:

This letter responds to the administrative appeal you filed with the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 (“DC FOIA”). In your appeal, you assert that the Department of Health Care Finance (“DHCF”) improperly withheld records you requested under the DC FOIA.

Background

On August 25, 2015, you sent twelve (12) part FOIA request to DHCF for “documents related to the provision of case management services for children under the Early and Periodic, Screening, Diagnostic and Treatment (“EPSDT”) services program of Medicaid, which are provided under DHCF contract by Health Services for Children with Special Needs, Inc.” On October 9, 2015, DHCF granted in part and denied in part your requests. In specific, DHCF withheld 21 records as trade secrets protected under D.C. Official Code § 2-534(a)(1) (“Exemption 1”).¹

On appeal, you challenge DHCF’s withholding of responsive records. You assert four primary objections to the withholding: (1) the records are inherently public material according to D.C. Official Code § 2-536; (2) the records were generated pursuant to a contract and are therefore inherently public according to D.C. Official Code § 2-532(a-3); (3) the records sought are not commercially valuable because HSCSN is not engaged in a competition for its contract and the only reason the information could possibly harm HSCSN is if HSCSN were violating its contractual obligations; and (4) DHCF’s statements are “not credible[.]” because the records “are squarely within the authority of the District of Columbia government.” Further, you argue that even if Exemption 1 were applicable, DHCF should have reasonably segregated the withheld documents.

DHCF provided this office with a memorandum in response to your appeal on December 3, 2015, reaffirming its decision to withhold records under Exemption 1.

¹ Exemption 1 exempts from disclosure “trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would results in substantial harm to the competitive position of the person from whom the information was obtained.”

Discussion

It is the public policy of the District of Columbia government that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, the DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” *Id.* at § 2-532(a). The right to inspect a public record, however, is subject to exemptions. *Id.* at § 2-534.

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

The instant matter involves the protection of proprietary information from public disclosure. To withhold responsive records under Exemption 1, DHCF must show that the information: (1) is a trade secret or commercial or financial information; (2) was obtained from outside the government; and (3) would result in substantial harm to the competitive position of the person from whom the information was obtained. D.C. Official Code § 2-534(a)(1). The D.C. Circuit has defined a trade secret, for the purposes of the federal FOIA, “as a secret, commercially valuable plan, formula, process, or device that is used for the making, preparing, compounding, or processing of trade commodities and that can be said to be the end product of either innovation or substantial effort.” *Public Citizen Research Group v. FDA*, 704 F.2d 1280, 1288 (D.C. Cir. 1983). The D.C. Circuit has also instructed that the terms “commercial” and “financial” used in the federal FOIA should be accorded their ordinary meanings. *Id.* at 1290.

Exemption 1 has been “interpreted to require both a showing of actual competition and a likelihood of substantial competitive injury.” *CNA Financial Corp. v. Donovan*, 830 F.2d 1132, 1152 (D.C. Cir. 1987); *see also*, *Washington Post Co. v. Minority Business Opportunity Com.*, 560 A.2d 517, 522 (D.C. 1989). In construing the second part of this test, “actual harm does not need to be demonstrated; evidence supporting the existence of potential competitive injury or economic harm is enough for the exemption to apply.” *Essex Electro Eng’rs, Inc. v. United States Secy. of the Army*, 686 F. Supp. 2d 91, 94 (D.D.C. 2010). *See also* *McDonnell Douglas Corp. v. United States Dep’t of the Air Force*, 375 F.3d 1182, 1187 (D.C. Cir. 2004) (The exemption “does not require the party . . . to prove disclosure certainly would cause it substantial competitive harm, but only that disclosure would ‘likely’ do so. [citations omitted]”). The passage of time can reduce the likelihood of competitive harm. *See Teich v. FDA*, 751 F. Supp. 243, 253 (D.D.C. 1990) (rejecting competitive harm claim based partly upon fact that documents were as many as twenty years old). *But see Ctr. for Auto Safety v. Nat’l Highway Traffic Safety Admin.*, 93 F. Supp. 2d 1, 16 (D.D.C. 2000) (declaring that “[i]nformation does not become stale merely because it is old”).

Generally, records are “commercial” as long as the submitter has a “commercial interest” in them. *See Baker & Hostetler LLP v. U.S. Dep’t of Commerce*, 473 F.3d 312, 319 (D.C. Cir. 2006). *But see Chicago Tribune Co. v. FAA*, 1998 U.S. Dist. LEXIS 6832, *6 (N.D. Ill. May 5, 1998) (finding that chance events that happened to occur in connection with a commercial

operation were not commercial information regarding documentation of medical emergencies during commercial fights). Although it is unnecessary to engage in a “sophisticated economic analysis of the likely effects of disclosure, conclusory and generalized allegations of substantial competitive harm are unacceptable and cannot support an agency's decision to withhold requested documents.” *Watkins v. United States Bureau of Customs*, 643 F.3d 1189, 1195 (9th Cir. 2011). Instead, a court may make a determination of economic harm by considering the cost of obtaining the withheld information, and the possible windfall to competition that would result from its release, such as whether:

a competitor could use the content of the [records] affirmatively to wreak competitive harm on [the company at issue] by acquiring records that, according to [the company] and undisputed by the plaintiff, show what is and is not working in companies' marketing from the perspective of its customers. *See id.* . . . In applying the *National Parks* test, the D.C. Circuit noted that when commercial information “is freely or cheaply available from other sources ... it can hardly be called confidential and agency disclosure is unlikely to cause competitive harm.” *Id.* at 51. Nevertheless, when “competitors can acquire the information only at considerable cost, agency disclosure may well benefit the competitors at the expense of the submitter.” *Id.*

Pub. Citizen v. United States Dep't of Health & Human Servs., 66 F. Supp. 3d 196, 213 (D.D.C. 2014).

This Office shall address your four principal objections in connection with the above-cited case law regarding Exemption 1.

Objection 1

Your first objection is premised on the notion that records responsive to Requests 1 and 4 are inherently public documents under District law, therefore DCHF's withholding of these documents was improper. In support of this argument, you cite to provisions of D.C. Official Code § 2-536(a), which mandate disclosure of:

(2) Administrative staff manuals and instructions to staff that affect a member of the public; . . . (4) Those statements of policy and interpretations of policy, acts, and rules which have been adopted by a public body; (5) Correspondence and materials referred to therein, by and with a public body, relating to any regulatory, supervisory, or enforcement responsibilities of the public body, whereby the public body determines, or states an opinion upon, or is asked to determine or state an opinion upon, the rights of the District, the public, or any private party . . .

Objection 1 lacks merit because FOIA exemptions apply to information that must be made public under D.C. Official Code § 2-536. The first sentence of the statute provides: “Without limiting the meaning of other sections of this subchapter . . .” Thus, although specific categories of information are deemed public under § 2-536, certain portions of this information may be

protected under DC FOIA.² Moreover, even if § 2-536 provided for mandatory disclosures of documents notwithstanding FOIA exemptions, this Office concludes that the withheld documents, with the exception of Documents 2 and 3, are not of the types of documents described in § 2-536(a).³

Objection 2

Your second objection consists of a similar argument that certain records are inherently public under the language of D.C. Official Code § 2-532(a-3), which states, “A public body shall make available for inspection and copying any record produced or collected pursuant to a contract with a private contractor to perform a public function . . .” This objection is also meritless, as it too fails to take into account the plenary applicability of § 2-534, which exempts certain matters from disclosure under the subchapter containing both statutes (Subchapter II of Title V of the D.C. Official Code). In other words, although a contract with a private contractor to perform a public function is generally considered a public record under § 2-532, it is also subject to applicable exemptions under § 2-534.

Objection 3

Your third objection is your stated belief that HSCSN is not engaged in competition and that the release of any of the withheld documents could not harm HSCSN unless HSCSN is failing to comply with its obligations under its contract with DHCF.

The crux of this matter is whether HSCSN’s withheld records, reflected in Documents 1-21, constitute commercially valuable information. This Office conducted an *in camera* review of the 21 documents that DHCF withheld and shall analyze each in turn under Exemption 1 (with the exception of Document 11, which is analyzed under Exemption 2).

Document 1

DHCF withheld Document 1, “Authorization of Health Services,” under the claim that it contains trade secrets, which are protected under Exemption 1. This document appears to be incidental to a contract between the District and a private party for the performance of a public function. As a result, it appears that its disclosure is mandated under D.C. Official Code § 2-532 (a-3) unless a DC FOIA exemption applies. Here, DHCF has described this document as containing trade secrets, requiring it to be withheld to prevent competitive harm. This Office disagrees. Unlike the facts in a related appeal, FOIA Appeal 2016-11, this contract at issue here is between the government and a private company - not between two private parties. As a result

² Your citation to 1 D.C.M.R. § 400.4 is equally inapplicable, as that regulation allows for disclosure “as a matter of discretion.” By withholding the records, DHCF has exercised its discretion. As a result, 1 D.C.M.R. § 400.4 has no bearing on whether DHCF is compelled to produce the withheld records.

³ The applicability and effect of § 2-536(a) on Documents 2 and 3 are discussed below in the Objection 3 analysis.

of its public nature, this document cannot be described as proprietary. Therefore, Document 1 should be disclosed.

Document 2

DHCF withheld Document 2, “Case Management policies,” under a claim that it contains trade secrets, which are protected from disclosure under Exemption 1. This document (or rather, collection of documents) appears to be a set of agreed upon policies made between the District and a private party for the performance of a public function. As a result, it appears that disclosure is mandated under D.C. Official Code § 2-536 (a)(4), unless a DC FOIA exemption directly applies. DHCF has described this document as containing trade secrets, requiring it to be withheld to prevent competitive harm. This Office disagrees. The policies outlined in this lengthy document reflect the private body’s understanding of its duties in performing a public function on behalf of the public. The document does not explain *how* HSCSN meets its duties; it merely articulates *what* those duties are. Moreover, to the extent that Document 2 represents a process or plan, it is not one made and closely held solely by HSCSN. Any process or plan contained in Document 2 is the result of an understanding with the District government as to the full extent of the public function being assumed by HSCSN. Document 2 is not a trade secret or commercial information and therefore should be disclosed.

Document 3

DHCF withheld Document 3, “Care Management Compliance Training,” under a claim that it contains trade secrets, which are protected from disclosure under Exemption 1. Document 3 contains two parts: (1) an October 22, 2014 Powerpoint presentation; (2) and a two-page set of training scenario hypothetical exercises. The scenarios appear to be originally written hypotheticals for training, and the PowerPoint presentation appears to be an answer key. The October 22, 2014 PowerPoint presentation consists entirely of citations to the public contract, with short snippets describing which provisions of the public contract are relevant to the hypothetical.

Document 3 reveals HSCSN’s proprietary training process. The training process revealed in these documents was created at a cost to HSCSN. Releasing information about this process would amount to a windfall to HSCSN’s competitors and could limit HSCSN’s ability to competitively vie for future similar contracts by allowing competitors to mimic HSCSN’s training strategies. *See Pub. Citizen*, 66 F. Supp. 3d at 213. Document 3 was therefore properly withheld.

Document 4

DHCF withheld Document 4, “Working with People with Special Needs: A Self-Study Guide for Care Managers,” under a claim that it contains trade secrets, which are protected from disclosure under Exemption 1. Page 2 of Document 4 states that “[p]ermission is granted for photocopying of this guide providing it is not altered or credited in any way and provided that an appropriate credit line is given. Credit line: ‘From Working with People with Special Needs, a Self-Study Guide for Care Managers, Cardea Institute, 2012.’” In light of the plain language of this

document, we do not consider it to be a secret, trade or otherwise. Document 4 should therefore be disclosed.

Documents 5-10

DHCF withheld Documents 5-10, “PACE Application – Job Description[s],” under the claim that they contain trade secrets, which are protected under Exemption 1. Documents 5-10 include what appears to be a screenshot from an internal database for tracking job descriptions. Documents 5-10 include both the subjective factors HSCSN seeks in employees, as well as the weighting HSCSN assigns to these factors. The specific hiring philosophy and process evident in these documents was created at a cost to HSCSN. Releasing information about this process would amount to a windfall to HSCSN’s competitors and could limit HSCSN’s ability to competitively vie for future similar contracts by mimicking HSCSN’s hiring strategies. *See Pub. Citizen*, 66 F. Supp. 3d at 213.

Based on DHCF’s representations and our *in camera* review of the documents, it is evident that the documents contain commercial information provided by a party outside the government sufficient to meet the threshold for protection under Exemption 1. We agree with DHCF that actual competition exists from HSCSN and that disclosure of the information would provide competitors insight into HSCSN’s strategy for hiring, thereby allowing the recruitment of HSCSN’s employees. Accordingly, we find that the commercial and financial information in Documents 5-10 was properly withheld under Exemption 1. *See Venetian Casino Resort, L.L.C. v. EEOC*, 530 F.3d 925, 927 (2008) (“Venetian’s particular concern was that competitors and labor unions would obtain confidential information regarding its hiring practices, which information they would use to its economic detriment.”).

Document 11

DHCF withheld Document 11, which is titled “SAMPLE,” under a claim of trade secrets under Exemptions 1 and a claim of personal privacy under Exemption 2. Having reviewed the spreadsheet document *in camera*, this Office concludes that the document contains personally identifiable medical information, including patient names, Medicaid IDs, and birthdates. Releasing this information would constitute a clearly unwarranted invasion of personal privacy under Exemption 2 of the DC FOIA.⁴ Further, reasonable segregability is not possible with regard to the document, as it is a spreadsheet in which essentially every column of information is protected. Disclosure of the non-exempt provisions of the spreadsheet would amount to an unintelligible document. Since this document was properly withheld under Exemption 2, an analysis under Exemption 1 is not necessary.

Documents 12-17

⁴ Exemption 2 of DC FOIA provides that “Information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy” may be exempt from disclosure. D.C. Official Code § 2-534(a)(2).

Documents 12-17 are HSCSN's Customer Satisfaction Surveys for 2013-2014, which DHCF withheld under a claim of trade secrets under Exemption 1. For the reasons discussed in FOIA Appeal 2015-11, the Customer Satisfaction Surveys are commercially valuable information, the release of which could cause HSCSN competitive harm by amounting to a windfall for competition. Based on DHCF's representations and our *in camera* review of the documents, it is evident that the documents contain commercial information provided by a party outside the government sufficient to meet the threshold for protection under Exemption 1. We agree with DHCF's claim that actual competition exists from HSCSN and that disclosure of the information would provide competitors with insight into how HSCSN administers its customer surveys and analysis. Therefore, we find that the commercial and financial information in Documents 12-17 was properly withheld under Exemption 1.

Documents 18

DHCF withheld Document 18, "FOIA REQUEST CARE MANAGEMENT (Response # 7a-c)," under a claim of trade secrets under Exemption 1. Based on its title, this document appears to have been generated to respond to this FOIA request, as opposed to in connection with a commercially valuable process created in the ordinary course of business. Generally, an agency has no duty to create a document in response to a FOIA request. *See Forsham v. Harris*, 445 U.S. 169, 186 (1980) (citing *NLRB v. Sears, Roebuck & Co.*, 421 U.S. 132, 161-62 (1975)); *accord Yeager v. DEA*, 678 F.2d 315, 321, (D.C. Cir. 1982) ("It is well settled that an agency is not required by FOIA to create a document that does not exist in order to satisfy a request."). Nevertheless, if the chart is somehow responsive to the request at issue, it should be disclosed since it does not contain any commercially valuable information.

Documents 19 and 20

DHCF withheld Documents 19 and 20, which are quality and performance improvement evaluations for 2013 and 2014, under a claim of trade secrets under Exemption 1. Documents 19-20 include what appears to be data collected by HSCSN, along with a detailed analysis of that data as it relates to the performance of HSCSN in providing care. Documents 19 and 20 essentially amount to HSCSN's process of self-evaluation for the purpose of improving its product. The process revealed in these documents was created at a cost to HSCSN. Releasing information about this process would amount to a windfall to HSCSN's competitors and could limit HSCSN's ability to competitively vie for future similar contracts by mimicking HSCSN's hiring strategies. *See Pub. Citizen*, 66 F. Supp. 3d at 213.

Based on DHCF's representations and our *in camera* review of the documents, it is evident that they contain commercial information provided by a party outside the government sufficient to meet the threshold for protection under Exemption 1. We agree with DHCF that HSCSN has actual business competition and that disclosure of the information contained in Documents 19 and 20 would allow competitors insight into HSCSN's management strategy to analyze and improve its services. Therefore, we find that the commercial and financial information in Documents 19 and 20 was properly withheld under Exemption 1.

Document 21

DHCF withheld Document 21, “EUT.CCA 100 Clinical Care Advance Overview Assessment,” under a claim of trade secrets under Exemption 1. Unlike Document 4, almost every page of this document has a disclaimer stating the information is subject to copyright and that the document is “Confidential and Proprietary – Restricted Information / Provided for Internal Use only – Do Not Distribute To Any Third Parties . . .” The document appears to be a comprehensive, step-by-step guide, with annotated screenshots, explaining how to use proprietary software.

Based on DHCF’s representations and our *in camera* review of the documents, it is evident that Document 21 contains commercial information provided by a party outside the government sufficient to meet the threshold for protection under Exemption 1. The third party at issue here created Document 21 as a guide to train HNSC in the use of proprietary software. We agree with DHCF that the third party has actual business competition. Disclosure of the information would damage both HNSC by providing its competitors with valuable training at no cost, and the third party, which developed the training and has intellectual property rights associated with it. Exemption 1 was therefore properly invoked, and Document 21 was properly withheld.

Objection 4

The fourth general argument that you raise on appeal is that “documents that contain information about the policies, procedures, and outcomes of HSCSN’s case management program are squarely within the authority of the District of Columbia government.” For the reasons discussed above, notwithstanding the fact that HSCSN performs a public function pursuant to a contract with the District, some of the documents at issue in your request are exempt from public disclosure under the DC FOIA. For that reason, as well as the reasons discussed in the Exemption 1 analysis above, this Office does not find Objection 4 to be persuasive.

Reasonable Segregability

Under DC FOIA, even when an agency establishes that it has properly withheld a document under an asserted exemption, it must disclose all reasonably segregable, nonexempt portions of the document. *See, e.g., Roth v. U.S. Dep’t of Justice*, 642 F.3d 1161, 1167 (D.C. Cir. 2011). “To demonstrate that it has disclosed all reasonably segregable material, ‘the withholding agency must supply a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’” *Judicial Watch, Inc. v. U.S. Dep’t of Treasury*, 796 F. Supp. 2d 13, 29 (D.D.C. 2011) (quoting *Jarvik v. CIA*, 741 F. Supp. 2d 106, 120 (D.D.C. 2010)).

With respect to Documents 3, 5-17, 19, 20 and 21, we find that they are not segregable and are protected in their entirety from disclosure under Exemption 1. The categories and descriptions in the documents reveal HSCSN’s commercial and financial strategy in hiring, managing, and self-evaluation. This information, if disclosed, could cause substantial competitive harm to HSCSN by providing a windfall to its competitors.

With respect to Documents 1, 2, 4, and 18, we have concluded as described above that they should be released; therefore, we need not address their segregability.

Conclusion

Based on the foregoing, we affirm DHCF's decision in part and remand it in part. Within seven (7) business days from the date of this decision, DHCF shall release Documents 1, 2, 4, and 18 in accordance with the guidance provided in this determination.

This constitutes the final decision of this office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

RE: FOIA Appeal 2016-13R

Dear Mr. O'Donnell:

This letter responds to your request for reconsideration of the administrative appeal Mr. Soares filed with the Mayor under the District of Columbia Freedom of Information Act. In your request for reconsideration you assert that this Office erred in its December 15, 2015,¹ decision ordering the Department of Health Care Finance ("DHCF") to release certain withheld records. We have reviewed our decision and address each withheld document in turn.

Document 1

DHCF withheld Document 1, "Authorization of Health Services," under the claim that it contains trade secrets, which are protected under Exemption 1. In FOIA Appeal 2016-13, this Office stated that Document 1 appears to be incidental to a contract between the District and a private party to perform a public function. As a result, we concluded that disclosure of Document 1 is mandated under D.C. Official Code § 2-532(a-3) unless a DC FOIA exemption applies. DHCF has maintained that this document contains trade secrets, which must be withheld to prevent competitive harm to HSCSN. We disagreed and continue to disagree with this characterization. Document 1's content and structure borrow heavily from a public contract, and it is not clear that anything in it constitutes "commercial information," even under the very broad definition of "commercial information" in case law construing DC FOIA. Moreover, this Office is not convinced that the documents would cause competitive harm if obtained by HSCSN's competitors.

DHCF cites to section II.B.4 of Document 1 as the quintessential example of how the policy "delineate[s] with specificity the internal process implemented at HSCSN." This "process," which, if revealed to competitors would supposedly amount to a windfall, consists essentially of (1) assigning a number to a request; (2) putting the request in a system for verification; and (3) issuing an oral decision within 48 hours. This is not a commercially valuable process; this is a routine procedure in a large operation. The policy does not describe how the "HSCSN IT system" works, what it looks like, or how it integrates with other operations. The policy does not

¹ FOIA Appeal 2016-13

describe the process by which a decision is made, nor does it indicate the manner in which an oral decision should be delivered. The policy describes the public function HSCSN is performing only in the broadest of terms. Therefore, this Office disagrees that the release of this document would allow a competitor of HSCSN to gain an unfair advantage.

Document 2

DHCF withheld Document 2, “Case Management policies,” under a claim that it contains trade secrets, which are protected from disclosure under Exemption 1. After reconsideration, for the same reasons articulated above and in FOIA Appeal 2016-13, this Office reaffirms that the release of Document 2 would not harm HSCSN’s competitive position.

Document 4

DHCF withheld Document 4, “Working with People with Special Needs: A Self-Study Guide for Care Managers,” under a claim that it contains trade secrets, which are protected from disclosure under Exemption 1. Page 2 of Document 4 states that “[p]ermission is granted for photocopying of this guide provided it is not altered or credited in any way and provided that an appropriate credit line is given. Credit line: ‘From Working with People with Special Needs, a Self-Study Guide for Care Managers, Cardea Institute, 2012.’” In light of the plain language of this document, in our previous decision we did not consider it to be a secret, trade or otherwise. Upon reconsideration, however, this Office concludes that the license on the front of the document was not necessarily meant to provide for unlimited disclosure of the document to the public.

Based on DHCF’s representations and our *in camera* review of the documents, we find that Document 4 contains commercial information provided by a party outside the government sufficient to meet the threshold for protection under Exemption 1. The third party at issue here created Document 4 as part of a guide to train HSNHC employees. We agree with DHCF that the third party has actual business competition. DHCF has represented on reconsideration that HSNHC paid \$100,000 to develop Document 4. As a result, disclosure of the information therein would damage HSNHC by providing its competitors with valuable training at no cost. Disclosure would also damage the third party that developed the training and has intellectual property rights associated with it. This Office therefore concludes that Exemption 1 was properly invoked, and Document 4 was properly withheld.

Reasonable Segregability

Under DC FOIA, even when an agency establishes that it has properly withheld a document under an asserted exemption, it must disclose all reasonably segregable, nonexempt portions of the document. *See, e.g., Roth v. U.S. Dep’t of Justice*, 642 F.3d 1161, 1167 (D.C. Cir. 2011). “To demonstrate that it has disclosed all reasonably segregable material, ‘the withholding agency must supply a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a

withheld document to which they apply.’’ *Judicial Watch, Inc. v. U.S. Dep’t of Treasury*, 796 F. Supp. 2d 13, 29 (D.D.C. 2011) (quoting *Jarvik v. CIA*, 741 F .Supp. 2d 106, 120 (D.D.C. 2010)).

With respect to Documents 4, we find that it is not segregable and is protected in its entirety from disclosure under Exemption 1. The training manual is comprehensive and specific to HSCSN’s business strategy. The release of any information in the document could cause substantial competitive harm to HSCSN by providing a windfall to its competitors.

Since we have affirmed our decision that Documents 1 and 2 should be released in their entirety, we need not address whether they are segregable.

Conclusion

Based on the foregoing, we affirm our previous decision in part and reverse in part. Within seven (7) business days from the date of this decision, DHCF shall release Documents 1 and 2. With respect to Document 4, we find that DHCF may continue to withhold it in accordance with Exemption 1.

This constitutes the final decision of this Office. Please be advised that in accordance with D.C. Official Code § 2-537(a)(2), if DHCF continues to withhold Documents 1 and 2, Mr. Soares may bring suit in the Superior Court of the District of Columbia to compel production.

Sincerely,

Freedom of Information Act Appeal: 2016-14**

December 16, 2015

VIA ELECTRONIC MAIL

Mr. Don Padou

RE: FOIA Appeal 2016-14

Dear Mr. Padou:

This letter responds to your administrative appeal to the Mayor under the District of Columbia Freedom of Information Act, D.C. Official Code § 2-537 (“DC FOIA”). In your appeal, you assert that the Office of the Deputy Mayor for Planning and Economic Development (“DMPED”) improperly withheld records you requested under the DC FOIA.

Background

On July 28, 2014, Friends of McMillan Park submitted a FOIA request to DMPED for all of the emails involving a particular DMPED employee and a list of keywords related to the development of McMillan Park. On September 9, 2014, DMPED agreed to produce approximately 3,400 pages of responsive emails but stated that several emails were being withheld for containing “‘commercial or financial information obtained from outside the government’ that will ‘result in substantial harm to the competitive position of the person from whom the information was obtained’ or attorney-client communications and internal deliberations. ... pursuant to D.C. Official Code §§2-534 (a)(1) and (4) respectively.” On October 21, 2015, DMPED produced a *Vaughn* Index listing the responsive records that were withheld in their entirety.¹

On appeal, you assert that DMPED did not provide sufficient justification to withhold information under the exemptions it claimed.² You also assert that records withheld for deliberative process and attorney-client privilege were shared with the consortium of developers hired to develop McMillan Park; therefore, the exemptions are not applicable because the communications were shared outside the protective scope of the exemption.

As the *Vaughn* Index listed an extensive number of records, it is not possible for us to review and analyze all of the email messages and issue a decision in a timely manner. Therefore, we

¹ The appeal and the email transmitting the *Vaughn* Index refer to documents being redacted and withheld; however, it is our understanding that no documents were redacted, and all of the documents listed in the *Vaughn* Index were withheld in their entirety.

² The appeal cites the attorney-client privilege under D.C. Official Code § 2-534(e); however, the attorney-client privilege is incorporated under D.C. Official Code §§ 2-534(a)(4).

requested that DMPED provide our office with a sample of the documents for *in camera* review. To ensure a random and representative sample, we requested unredacted copies of the top entry from each page of the 33-page *Vaughn* Index. DMPED provided this Office with the 33 requested records on December 3, 2015. Each of the 33 records provided contained an e-mail chain, amounting to 140 pages of emails. Several emails included attachments, which increased the volume of the representative sample. The email chains typically involve multiple parties. As a result, some parts of the chain may involve only governmental parties while other portions include additional non-governmental parties.

On December 15, 2015, DMPED provided this Office with a response to your appeal, in which it reaffirmed and explained its use of exemptions for trade secrets, deliberative process, and attorney-client privilege.³ Regarding the exemption for trade secrets, commercial, and financial information, DMPED asserts that there is actual competition in the real estate development market in the District and the release of the withheld information would result in competitive harm to the consortium of developers involved with McMillan Park. Regarding the deliberative process privilege, DMPED asserts that the consortium of developers entered into a Development Management Services Agreement (“DMA”) with the District. Pursuant to the DMA, there is a separation between the developers’ role acting on behalf of the District and its private interests. DMPED asserts, as a result, that emails with members of consortium of developers or its subcontractors and consultants acting on behalf of the District qualify for the deliberative process privilege. Regarding the attorney-client privilege, DMPED asserts that the records it withheld under the attorney-client privilege involve only emails between government employees seeking or receiving legal advice from government attorneys from the Office of the Attorney General (“OAG”). Finally, DMPED raises the issue of segregability, claiming that the documents were appropriately withheld in their entirety because the only nonexempt information would be the salutation and valediction of each email. DMPED claims that, as a result, the edited emails would provide little informational value and the process of redacting over 670 emails would involve significant cost, time, and use of resources by DMPED.

Discussion

It is the public policy of the District of Columbia that “all persons are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees.” D.C. Official Code § 2-531. In aid of that policy, DC FOIA creates the right “to inspect . . . and . . . copy any public record of a public body . . .” D.C. Official Code § 2-532(a). The right created under the DC FOIA to inspect public records is subject to various exemptions that may form the basis for denial of a request. *See* D.C. Official Code § 2-534.

The DC FOIA was modeled on the corresponding federal Freedom of Information Act. *See Barry v. Washington Post Co.*, 529 A.2d 319, 321 (D.C. 1987). Accordingly, decisions construing the federal statute are instructive and may be examined to construe the local law. *Washington Post Co. v. Minority Bus. Opportunity Comm’n*, 560 A.2d 517, 521, n.5 (D.C. 1989).

³ A copy of DMPED’s response is attached for your reference.

This appeal involves DMPED's assertion of D.C. Official Code § 2-534(a)(1) ("Exemption 1")⁴ as well as the deliberative process privilege and the attorney-client privilege under D.C. Official Code § 2-534(a)(4) ("Exemption 4"). Exemption 4 vests public bodies with discretion to withhold "inter-agency or intra-agency memorandums and letters which would not be available by law to a party other than an agency in litigation with the agency[.]" This exemption has been construed to "exempt those documents, and only those documents, normally privileged in the civil discovery context." *NLRB v. Sears, Roebuck & Co.*, 421 U.S. 132, 149 (1975).

Exemption 1

To withhold records under Exemption 1, the information must be: (1) a trade secret or commercial or financial information; (2) that was obtained from outside the government; and (3) would result in substantial harm to the competitive position of the person from whom the information was obtained. D.C. Official Code § 2-534(a)(1). The D.C. Circuit has defined a trade secret, for the purposes of the federal FOIA, "as a secret, commercially valuable plan, formula, process, or device that is used for the making, preparing, compounding, or processing of trade commodities and that can be said to be the end product of either innovation or substantial effort." *Public Citizen Research Group v. FDA*, 704 F.2d 1280, 1288 (D.C. Cir. 1983). The D.C. Circuit has also instructed that the terms "commercial" and "financial" used in the federal FOIA should be accorded their ordinary meanings. *Id.* at 1290.

Exemption 1 has been "interpreted to require both a showing of actual competition and a likelihood of substantial competitive injury." *CNA Financial Corp. v. Donovan*, 830 F.2d 1132, 1152 (D.C. Cir. 1987); *see also*, *Washington Post Co. v. Minority Business Opportunity Com.*, 560 A.2d 517, 522 (D.C. 1989). In construing the second part of this test, "actual harm does not need to be demonstrated; evidence supporting the existence of potential competitive injury or economic harm is enough for the exemption to apply." *Essex Electro Eng'rs, Inc. v. United States Secy. of the Army*, 686 F. Supp. 2d 91, 94 (D.D.C. 2010). *See also* *McDonnell Douglas Corp. v. United States Dep't of the Air Force*, 375 F.3d 1182, 1187 (D.C. Cir. 2004) (The exemption "does not require the party . . . to prove disclosure certainly would cause it substantial competitive harm, but only that disclosure would "likely" do so. [citations omitted]"). The passage of time can reduce the likelihood of competitive harm. *See Teich v. FDA*, 751 F. Supp. 243, 253 (D.D.C. 1990) (rejecting competitive harm claim based partly upon fact that documents were as many as twenty years old). *But see* *Ctr. for Auto Safety v. Nat'l Highway Traffic Safety Admin.*, 93 F. Supp. 2d 1, 16 (D.D.C. 2000) (declaring that "[i]nformation does not become stale merely because it is old").

Of the sample we reviewed, one document was withheld based on Exemption 1, the email dated 7/1/2011 with the subject "FW: Outstanding DMA items from VMP." The email contains no text but includes 8 attachments, some of which contain commercial and financial information sufficient to meet the threshold for protection under Exemption 1. Based on DMPED's

⁴ Exemption 1 exempts from disclosure "trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would results in substantial harm to the competitive position of the person from whom the information was obtained."

representation and our *in camera* review, we find that actual competition exists in the District's real estate development market and that disclosure of the commercial and financial information would allow competitors an unfair competitive advantage by copying or underbidding the consortium of developers who supplied the information and take potential clients and business. Therefore, we find that the commercial and financial information in the attachments may be withheld under Exemption 1.

Nevertheless, other attachments contain information that is neither commercial nor financial. For example, Exhibit F contains a list of "Key Personnel," and Exhibit H contains a list of "Designated Representatives" for the consortium of developers. These exhibits are not protected from disclosure under Exemption 1. Further, it is unclear whether Exhibit E - a blank form titled "Affidavit, Final Release and Waiver of Claims and Liens" - is protected from disclosure under Exemption 1. If Exhibit E is a valuable legal document created at the expense of the developers, its disclosure would be a windfall to competitors; however, if it is a basic form document of little to no value it would not be protected under Exemption 1. As a result, DMPED should reevaluate the documents withheld under Exemption 1 and disclose documents or redacted versions of the documents that are not protected under Exemption 1, subject to other exemptions under DC FOIA.

Exemption 4: Deliberative Process Privilege

Exemption 4 is commonly invoked to protect the deliberative process privilege. *See McKinley v. Bd. of Governors of the Fed. Reserve Sys.*, 647 F.3d 331, 339 (D.C. Cir. 2011). A threshold issue of the deliberative process privilege is that the information must involve an inter- or intra-agency document. Therefore, the deliberative process privilege is typically limited to documents transmitted within or among government agencies. A notable exception to the inter- or intra-agency requirement is the consultant corollary exception, which applies when a party outside the government provides advice, effectively functioning as an agency employee. *See Dep't of Interior v. Klamath Water Users Protective Ass'n*, 532 U.S. 1, 10-11 (U.S. 2001) (noting that the deliberative process privilege may apply when documents provided by outside consultants "played essentially the same part in an agency's process of deliberation as documents prepared by agency personnel might have done"). The consultant corollary exception is not applicable when the outside party is acting in its own interest or seeking a government benefit at the expense of other applicants. *Id.* at 12. The District Court for the District of Columbia has held that "to be excluded from the exemption," the outside party "must assume a position that is 'necessarily adverse' to the government." *Elec. Privacy Info. Ctr. v. DHS*, 892 F. Supp. 2d 28, 45-46 (D.D.C. 2012).

The deliberative process privilege protects agency documents that are both predecisional and deliberative. *Coastal States Gas Corp., v. Dep't of Energy*, 617 F.2d 854, 866 (D.C. Cir. 1980). A document is predecisional if it was generated before the adoption of an agency policy and it is deliberative if it "reflects the give-and-take of the consultative process." *Id.*

The exemption thus covers recommendations, draft documents, proposals, suggestions, and other subjective documents which reflect the personal opinions of the writer rather than the policy of the agency. Documents which are protected

by the privilege are those which would inaccurately reflect or prematurely disclose the views of the agency, suggesting as agency position that which is as yet only a personal position. To test whether disclosure of a document is likely to adversely affect the purposes of the privilege, courts ask themselves whether the document is so candid or personal in nature that public disclosure is likely in the future to stifle honest and frank communication within the agency . . .

Id.

While the ability to pinpoint a final decision or policy may bolster the claim that an earlier document is predecisional, courts have found that an agency does not necessarily have to point specifically to an agency's final decision to demonstrate that a document is predecisional. *See e.g., Gold Anti-Trust Action Comm. Inc. v. Bd. of Governors of the Fed. Reserve Sys.*, 762 F. Supp. 2d 123, 136 (D.D.C. 2011) (rejecting plaintiff's contention that "the Board must identify a specific decision corresponding to each [withheld] communication"); *Techserve Alliance v. Napolitano*, 803 F. Supp. 2d 16, 26-27 (D.D.C. 2011).

Here, the majority of the items listed on the *Vaughn* Index have been withheld under the deliberative process privilege. Thirty of the 33 documents we reviewed *in camera* have been withheld under the deliberative process privilege. Some of the email chains exclusively involve government personnel; however, most of the email chains involve parties outside the government. Typically, these outside parties are part of the consortium of developers involved with the development of McMillan Park.

Because outside parties are involved, the deliberative process privilege is applicable only if the outside parties fall under the consultant corollary exception. DMPED asserts that the outside parties are acting on behalf of the government pursuant to a DMA. Considering that the emails span from 2011 to 2014 and the roles of the consortium of developers changed during that time, we are unable to determine whether the consultant corollary exception applies to the outside parties here. DMPED should assess the parties during the relevant time periods to determine whether the non-governmental parties are acting on behalf of the government or in a position that is adverse to the government. *See Elec. Privacy Info. Ctr.*, 892 F. Supp. 2d at 45-46.

Even if the emails meet the extended threshold as inter- or intra-agency documents, the emails may be withheld only to the extent that they contain information that is both predecisional and deliberative. Several emails contain informational statements that do not reflect the give and take process of deliberation. Further, in some cases it is not clear that the emails are predecisional. For example, the email we reviewed dated 11/25/2013 with the subject "RE: Request for Clarification Regarding Contract..." consists almost entirely of a quote posted on the Department of Consumer and Regulatory Affairs (DCRA) website. This information is not protected by the deliberative process privilege. As a result, in addition to asserting which non-governmental parties qualify for consultant corollary exception, DMPED shall disclose documents or redacted versions of the documents that are not protected under the deliberative process privilege, subject to other exemptions under DC FOIA.

Exemption 4: Attorney-Client Privilege

Mr. Don Padou
Freedom of Information Act Appeal 2016-14
December 16, 2015
Page 6

The attorney-client privilege exists to protect open and frank communication between counsel and client. *See Harrison v. BOP*, 681 F. Supp. 2d 76, 82 (D.D.C. 2010). It protects “confidential communications between an attorney and his client relating to a legal matter for which the client has sought professional advice.” *Mead Data Cent. Inc. v. U.S. Dep’t of the Air Force*, 566 F.2d 242, 252 (D.C. Cir. 1977); *see also Rein v. U.S. Patent and Trademark Office*, 553 F. 3d 353, 377 (4th Cir. 2009). The privilege also applies to facts divulged by a client to an attorney. *Vento v. IRS*, 714 F. Supp. 2d 137, 151 (D.D.C. 2010). In addition, it “also encompasses any opinions given by an attorney to his client based upon, and thus reflecting, those facts.” *Elec. Privacy Info. Ctr. v. DHS*, 384 F. Supp. 2d 100, 114 (D.D.C. 2005).

The attorney-client privilege was listed in the *Vaughn* Index to protect two of the email chains we reviewed *in camera*. The first, an email dated 5/10/2013 with the subject “RE: McMillan PUD Forms,” involves a DMPED project manager asking a government attorney for legal advice on a procedural issue, and DMPED’s director of real estate is copied on the email. In this email, an attorney client relationship exists, and everything but the salutation, introductory sentence, and valediction is protected by the attorney-client privilege. The second email dated 4/9/14 with the subject “RE: McMillan Fence” involves a response from a government attorney to a DMPED project manager, and other DMPED employees and another government attorney are copied on the email. It is not clear that this second email contains clearly protected legal advice. Based on the sample of emails we reviewed, the attorney-client clearly applies in one instance but not in another. Moreover, in the email in which the attorney-client privilege applies, there is no justification for the withholding of the entire message, as it can be reasonably segregated and redacted. Accordingly, DMPED shall review those emails it withheld on the basis of attorney-client privilege and disclose redacted versions of the documents to the extent that they are segregable, subject to other exemptions under DC FOIA.

Segregability

Under D.C. Official Code § 2-534(b), even when an agency establishes that it has properly withheld a document under an exemption, it must disclose all reasonably segregable, nonexempt portions of the document. *See, e.g., Roth v. U.S. Dep’t of Justice*, 642 F.3d 1161, 1167 (D.C. Cir. 2011). “To demonstrate that it has disclosed all reasonably segregable material, ‘the withholding agency must supply a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’” *Judicial Watch, Inc. v. U.S. Dep’t of Treasury*, 796 F. Supp. 2d 13, 29 (D.D.C. 2011) (quoting *Jarvik v. CIA*, 741 F. Supp. 2d 106, 120 (D.D.C. 2010)). In *Judicial Watch*, the court held that “[a]lthough purely factual information is generally not protected under the deliberative process privilege, such information can be withheld when ‘the material is so inextricably intertwined with the deliberative sections of documents that its disclosure would inevitably reveal the government’s deliberations.’” *Id.* at 28. (quoting *In re Sealed Case*, 121 F.3d 729, 737 (D.C. Cir. 1997)). In these instances, factual information is protected when disclosing the information would reveal an agency’s decision-making process in a way that would have a chilling effect on discussion within the agency and inhibit the agency’s ability to perform its functions. *Id.*

Mr. Don Padou
Freedom of Information Act Appeal 2016-14
December 16, 2015
Page 7

We agree with DMPED's assertion that if the only unprotected information in an email is the salutation and valediction, a redacted version of the email would produce no usable information and, as a result, the email need not be produced. During our *in camera* review, however, we found that some of the withheld emails contain sentences and phrases that can be disclosed in accordance with D.C. Official Code § 2-534(b). As for DMPED's argument that it would be unduly burdensome to review and redact over 670 emails, we note that the DC FOIA does not recognize the burden of production as a valid exemption to disclosure. The DC FOIA does allow an agency to charge fees to partially offset the costs of reviewing, processing, and producing records in accordance with D.C. Official Code § 2-532(b).

Conclusion

Based on the foregoing, we affirm in part and remand in part this matter to DMPED. DMPED shall, within 5 business days from the date of this decision, propose a fee structure for the review of the withheld emails and the production of those it determines should be released in accordance with the guidance in this decision. Once the fee structure is agreed upon, DMPED shall review and release responsive records on a rolling basis.

This constitutes the final decision of this Office. If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

Sincerely,

EXECUTIVE OFFICE OF THE MAYOR
MAYOR'S OFFICE OF LEGAL COUNSEL
Freedom of Information Act Appeal: 2016-15**

December 21, 2015

VIA E-MAIL

Mr. Ryan Greenlaw

RE: FOIA Request 2016-15

Dear Mr. Greenlaw:

This letter responds to the above-captioned administrative appeal that you submitted to the Mayor under the District of Columbia Freedom of Information Act ("DC FOIA"). In your appeal, you assert that the Metropolitan Police Department ("MPD") improperly redacted certain reports created on July 30, 2015, in the First Police District and failed to adequately search for Crisis Intervention Tracking Forms.

This is your fourth appeal related to an incident that occurred on July 30, 2015, and involved various District agencies. In lieu of a lengthy recitation of the background and earlier related proceedings, we shall summarize your instant appeal as follows. You sought from MPD:

all information relating to the nonvoluntary detention and transport of a Black woman by six officers of the Metropolitan Police Department on Thursday, July 30, 2015, from 8:45 pm through 9:45 pm, at C St. SE and 4th St. SE in Washington, DC (across from the Exxon station), including:

- The call to which the officers were responding.
- The names of the officers involved.
- All reports regarding the incident, including any police, accident, or arrest report, or field report (including any field report with the classification "Sick Person to Hospital").
- Any forms available regarding the incident, including PD Form 251 C (Crisis Intervention Tracking Form) and Form FD12.

MPD produced two heavily redacted Incident Reports. The information remaining on the forms consists of: (1) the date and time of the incident; (2) the police district in which the incident occurred; (3) the weather conditions at the time of the incident; and (4) portions of a narrative that identifies individuals strictly in generic terms, (e.g., "C-1" and "V-1"). Almost all other aspects of the report were redacted. In its initial denial letter, MPD did not address your request for Crisis Intervention Tracking Forms. As a result, you appealed to this Office on the grounds that MPD's withholding was improper.

The crux of this matter is whether MPD was overbroad in its application of D.C. Official Code § 2-534(a)(2)¹ to the two documents it disclosed to you in redacted form.

MPD provided this office with a substantive response in support of the redactions it made to the documents at issue.² MPD's primary argument is that removal of personally identifiable information is insufficient to protect privacy interests here due the nature of the potential harm.

MPD's arguments resemble those raised by the defendant in *Dept't of the Air Force v. Rose*, a FOIA case involving the propriety of withholding summaries of Air Force cadet ethical proceedings where the names of the cadets were removed. The court there held:

The argument is, in substance, that the recognition by the Court of Appeals of "the harm that might result to the Cadets from disclosure" itself demonstrates "[t]he ineffectiveness of excision of names and other identifying facts as a means of maintaining the confidentiality of persons named in government reports...." Brief for Petitioners 17-18.

This contention has no merit. First, **the argument implies that Congress barred disclosure in any case in which the conclusion could not be guaranteed that disclosure would not trigger recollection of identity in any person whatever.** But this ignores Congress' limitation of the exemption to cases of "clearly unwarranted" invasions of personal privacy. Second, Congress vested the courts with the responsibility ultimately to determine "de novo" any dispute as to whether the exemption was properly invoked in order to constrain agencies withholding nonexempt matters

Dep't of the Air Force v. Rose, 425 U.S. 352, 378-79 (1976) (emphasis added).

Similarly, this Office shall engage in a *de novo* analysis to determine whether a disclosure of the redacted documents in this matter would trigger a privacy interest, while keeping in mind that the privacy exemption, "does not protect against disclosure [of] every incidental invasion of privacy - only such disclosures as constitute 'clearly unwarranted' invasions of personal privacy." *Rose*, 425 U.S. at 382.

In conducting our analysis, we are mindful of the risk of identification where there is a small pool sample size. In *Citizens for Env'tl. Quality, Inc. v. United States Dep't of Agric.*, 602 F. Supp. 534, 536 (D.D.C. 1984), the court considered whether redaction would be sufficient to protect the privacy interests of an individual who was the sole subject of a medical study, in which he participated in consideration of a promise of confidentiality by the government.³

¹ This Exemption ("Exemption 2") provides for the withholding of "Information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy[.]" D.C. Official Code 2-534(a)(2).

² A copy of this response is attached hereto.

³ "Defendant alleges that it is 'publicly known' in the community where the herbicide spraying was conducted that the individual tested was a resident of Avery, Idaho. Therefore, because there were only

Despite the alleged ease in which the sole subject of the study could be identified, the court in *Citizen* concluded that reasonable redaction would protect the individual's privacy rights under FOIA because:

the exemption applies only if the government's records on the medical condition of the subject of the USDA's test "can be identified as applying to that individual. . . ." An increased likelihood of speculation as to the subject of the test is insufficient to invoke the exception. Only the likelihood of actual identification justifies withholding the requested documents under exemption 6.

Citizens for Env'tl. Quality, Inc. v. United States Dep't of Agric., 602 F. Supp. 534, 538 (D.D.C. 1984) (citations omitted).

This Office conducted an *in camera* review of the two Public Incident Reports that MPD heavily redacted in its disclosure to you. We conclude that the redacted "Public Narrative" portion of the reports does not contain information which, if disclosed, would constitute a clearly unwarranted invasion of privacy. First, all individuals are referenced in the "Public Narrative" in generic terms (e.g., "V-1"). Second, the information contained in the "Public Narrative" section does not contain what courts have identified as information that could be used to identify an individual. *Rose*, 425 U.S. at 377 (finding that examples of identifying information include "where he was born, the names of his parents, where he has lived from time to time, his high school or other school records, results of examinations, evaluations of his work performance."). At most, there appears to be "an increased likelihood of speculation as to the subject", but this is insufficient to satisfy the burden necessary to justify nondisclosure, as there appears to be no risk of actual identification. *Citizens for Env'tl. Quality, Inc.*, 602 F. Supp. at 538.

The information MPD redacted is an account of events that occurred in a public space. Further, the account does not contain enough information for the public to deduce the identity of anyone involved. *Rose*, 425 U.S. at 382 (holding the privacy exemption "does not protect against disclosure every incidental invasion of privacy - only such disclosures as constitute 'clearly unwarranted' invasions of personal privacy."). The location of the incident and the names of the subjects of the reports have already been redacted in the reports, such that the description in the "Public Narrative" section cannot be used to identify a person, and therefore cannot be considered to constitute a clearly unwarranted invasion of his or her privacy.

Lastly, we reject the *Glomar* response MPD asserts for the first time in its response to your appeal.⁴ We have accepted *Glomar* responses in instances where a requester specifically names a

eight Forest Service employees present during the herbicide application, only four of whom were residents of Avery, and only two of these individuals occupied the technical positions that exposed them to the herbicide, the identity of the employee tested could so readily be deduced from the facts widely known about the herbicide spraying that all identifying information pertaining to that employee as well as the actual health test results must be withheld to protect that individual's privacy, as promised when the tests were conducted." *Id.*

⁴ The denial letter MPD sent you does not assert a *Glomar* response, and the administrative record before us lacks evidence as to whether MPD conducted a search for Crisis Intervention Tracking Forms.

police officer and requests the officer's internal discipline records on the grounds that mere admission of the existence of such a record could be damaging to the officer's reputation. *See* FOIA Appeal 2015-82. Here, there is no such concern. Admitting the mere existence of a Crisis Intervention Tracking Form, without identifying the subject of the form, would not create a stigma or implicate any privacy interests. Furthermore, despite your request for these forms, it is unclear whether MPD conducted a search for them. Therefore, MPD shall conduct a search for responsive Crisis Intervention Tracking Forms and either: (1) release them in their entirety; (2) release them in redacted form; or (3) withhold the documents and provide a *Vaughn* index, identifying the number and title of the documents withheld.

Conclusion

Based on the foregoing, we remand this matter to the MPD to, within 7 business days from the date of this decision: (1) provide you with a copy of the investigatory reports with the "Public Narrative" sections unredacted; (2) conduct a search for Crisis Intervention Tracking Forms responsive to your request; and (3) provide you with either appropriately redacted, responsive Crisis Intervention Tracking Forms or a *Vaughn* Index indicating the number of documents being withheld and the reason(s) for the withholding.

If you are dissatisfied with this decision, you may commence a civil action against the District of Columbia government in the Superior Court of the District of Columbia in accordance with the DC FOIA.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

Order No. 18770-B of &pizza, Motion for Minor Modification of Conditions and Plans in Order Nos. 18770-A, pursuant to § 3129 of the Zoning Regulations.

The original application was pursuant to 11 DCMR §§ 3104.1 and 3103.2, for a special exception to allow a fast food establishment (first floor) under section 733, and a variance from the rear yard requirements under section 774, for a one-story rear addition to an existing building in the CHC/C-2-A District at premises 405 8th Street, S.E. (Square 902, Lot 825).

HEARING DATES (Application No. 18770):	June 10, 2014, June 17, 2014, and September 9, 2014
DECISION DATE (Application No. 18770):	September 9, 2014
FINAL ORDER ISSUANCE DATE (No. 18770-A):	September 19, 2014
MINOR MODIFICATION DECISION DATE:	March 29 and April 19, 2016

SUMMARY ORDER ON REQUEST FOR MINOR MODIFICATION

BACKGROUND

The Board of Zoning Adjustment (“Board” or “BZA”) approved an application from &pizza (the “Applicant”) pursuant to 11 DCMR §§ 3104.1 and 3103.2, for a special exception to allow a fast food establishment (first floor) under § 733, and a variance from the rear yard requirements under § 774, for a one-story rear addition to an existing building in the CHC/C-2-A District at premises 405 8th Street, S.E. (Square 902, Lot 825). The Board heard Application No. 18770 over three hearing dates: June 10, 2014; June 17, 2014; and September 9, 2014. The application was approved on September 9, 2014. An Order and a corrected Order to correct a typographical error were issued on September 19, 2014. Order No. 18770-A (the “Order”) became effective 10 days after the issuance date of September 19, 2014.

The Order included 10 conditions, including a term limit of seven years from the effective date of the Order. As described in the Order and the record, the affected Advisory Neighborhood Commission (“ANC”), ANC 6B, initially had opposed the application, citing concerns regarding how the collection and storage of trash would exacerbate an existing serious rodent problem in the neighborhood. The Applicant, with the ANC’s assent, asked for a postponement in the case to allow the Applicant time to work with the ANC and the neighbors on a solution to the issues being raised. The postponement was granted. Subsequently, after extensive meetings and negotiations between the Applicant, the ANC and the neighbors, the Office of Planning (“OP”), the Department of Health, the District Department of Transportation (“DDOT”), and experts in the areas of noise mitigation, odor mitigation, rodentology, and trash containment procedures, the ANC submitted a second report, this time in support of the application and with a consolidated, negotiated list of conditions, including indoor trash, noise mitigation, and odor control, that satisfied the ANC and the neighbors.

There also were two applications for party status in opposition from two neighbors which the Board had granted. In pursuing the underlying application, the Applicant worked with the ANC and the party-opponents and other neighbors and, as heretofore described, eventually reached agreement on a set of conditions to mitigate the anticipated adverse impacts of the Applicant's proposal. In light of that agreement, the party-opponents withdrew their opposition and changed their position to one of support.

Case No. 18770 was approved by the Board by a vote of 4-1-0 taken on September 9, 2014. The final date of Order No. 18770-A¹ is September 19, 2014. (See, Exhibit 44, Case No. 18770.)

MOTION FOR MINOR MODIFICATION

On March 10, 2016, the Applicant submitted an application for modifications to the Board's previous approval in Application No. 18770 and also, pursuant to 11 DCMR § 3100.5, a request for a waiver of the requirement for a hearing under § 3129.7. (Exhibits 1 – 7C, 12.) Included with the request for modifications were a copy of the proposed amended conditions (Exhibit 5) and revised plans. (Exhibits 7A-7C and 12.)

Preliminary Matter: Waiver of § 3129.7 To Allow Matter to be Decided Without Hearing.

A threshold question was presented as to whether the requested changes constituted minor modifications under § 3129 so that the motion could be heard without a hearing. Subsection 3129.2 states:

“The Board shall consider requests to approve minor modifications to plans approved by the Board, as set forth in §§ 3125.7 and 3125.8. The request shall be in writing, shall state specifically the modifications requested and the reasons therefore and include a copy of the plans for which approval is now requested.”

Under § 3129.7, other aspects of a Board order may be modified, but require a hearing. (“A request to modify other aspects of a Board order may be made at any time, but shall require a hearing.”)

Although most of the requested modifications are proposed changes that are reflected in the plans, the reduced term and appointment of the community liaison would not be reflected in the plans. Under the Zoning Regulations, the Board may consider waiving § 3129.7, with a showing of good cause and lack of prejudice. (11 DCMR § 3100.5.)

The Board first considered the case at the Board's Public Meeting of March 29, 2016 and, at the request of the ANC, the Board postponed its decision until June 19, 2016. (Exhibits 18 and 19.) The reason for the request for a postponement was the lack of notice and transparency of the request for minor modifications and thus the ANC's lack of an opportunity to comment on the

¹ A corrected Order was issued to fix a typo in Order No. 18770, which was also issued on September 19, 2014.

changes being sought to the Order. The Board granted the ANC's request for a postponement to give the ANC time to review the matter and comment on it.

At the June 19th Public Meeting, the Board waived the requirement in § 3129.7 that a minor modification deal with plans, as the proposed modification affects previously approved conditions as well as modifications to the plans, and proceeded without a hearing.

The Board granted the Applicant's request and waived the requirement to hold a hearing on the request for modification of conditions under § 3129.7. Although the request was not simply a minor modification of plans, such that it could be granted without a hearing, the Board found good cause and a lack of prejudice, as the proposed changes had been fully reviewed and agreed to with the neighborhood stakeholders and, as ultimately revised, had the support of the Office of Planning ("OP"), the District of Columbia Department of Transportation ("DDOT"), and the affected ANC. Accordingly, the Board waived the requirement to hold a public hearing on the modification.

Motion for Minor Modification

In this application, the Applicant requested to modify BZA Order No. 18770A (2014), which granted a special exception under § 733 for a fast food restaurant, and a rear yard variance under § 774 to allow construction of a one story rear yard addition. The original order (BZA Order 18770) was replaced by No. 18770A to correct a typographical error. The Applicant requested to modify conditions numbered 1, 4, 7, 3(i), and 11, and also filed revised plans reflecting these changes. (Exhibits 7A-7C, and 12.)

The change requested would reduce the term of approval from seven years to five years. According to the Applicant, the reduced term was agreed to by the ANC and others in the community who originally opposed the modifications, but ultimately agreed to the changes provided there was a shorter term. (Exhibits 3 and 4.) The other changes related to installation of a pollution control system in lieu of a ventless oven system (condition no. 4), relocating the HVAC system to the roof (condition no. 7), installation of a "trash extension" for storage of trash and recycling (condition no. 3(i)), and appointment of a liaison with the community to ensure operations in accordance with the BZA Order (condition no. 11).

In its letter requesting changes in the previous approval, the Applicant acknowledged and apologized for having begun construction without the requisite permits and not in accordance with the terms of the original BZA Order, Order No. 18770-A. The Applicant requested to modify the approved conditions of Order No. 18770-A after extensive discussions and negotiations with neighbors and the ANC and after the Applicant had first conducted two-plus months of illegal construction in violation of the conditions of the original BZA order. The Applicant stated that it met with four neighborhood stakeholders and they spent considerable time and effort to reengineer the space as it was built out before the stop work order, to address how to modify the Applicant's proposal from the approved Order.

The specific revisions included:

- I. Reducing the term from seven years to five years;
- II. Changing the oven type from the originally proposed vent-less system;
- III. Relocating the HVAC unit; and

Adding conditions:

- IV. To confirm that trash extension will be used only for storage of trash and recycling; and
- V. To appoint a representative of the Applicant to ensure compliance with conditions; and

Submitting revised plans, to reflect the above-stated revised conditions, under Exhibits 7A-C and 12.

Pursuant to § 3129.4, all requests for minor modifications must be served on all other parties to the original application and those parties are allowed to file comments within 10 days of the filed request for minor modification. ANC 6B received notice of the request for proposed modifications to BZA Order No. 18770-A on March 11, 2014. Having just met on March 8, 2016, the ANC requested a postponement of the Board's consideration of the request for proposed modifications to allow the ANC time in which to meet to consider and comment on the request. The Board granted the ANC's request that the Board postpone its deliberations at the March 29, 2016 Public Meeting, as heretofore described in the preliminary matter in this Order.

The site of this application is located within the jurisdiction of ANC 6B, which is automatically a party to this application. An ANC report was submitted to the record, which stated that the proposed modifications were being supported "despite the fact that &pizza in concert with the owner of 405 8th Street, S.E. – Capitol Hill Investors, LLC (CHI) – conducted two and a half months of construction without construction permits and pursuant to unapproved plans that contradicted the most fundamental requirements upon which the ANC's support of the 2014 variance request and fast food exception was premised and which &pizza was ordered to comply with by the BZA in its September 2014 Order." Despite the Applicant's failures in proceeding appropriately and legally under the original Order, as negotiated with the community and ordered by this Board, the ANC, citing the Applicant's "diligent" work in the last six months to work with a group of neighbors, former ANC Commissioners, and engineers and other experts to determine how what had thus far been constructed could be modified to bring the project into line with "the spirit of the requirements of the original Order," the ANC agreed to support the modification as presented by the Applicant in its submission of April 13, 2014. The ANC's report stated that at a regularly scheduled, properly noticed meeting of April 12, 2016, at which a quorum was present, the ANC voted 8-1-0 to support the Applicant's request for modifications, provided the Applicant submitted and the Board approved modifications to conditions in the Order, to read as follows:

1. Paragraph 1 (revised). "The exception shall be for a period of five (5) years from the original September 19, 2014 date of the unmodified Order:"

BZA APPLICATION NO. 18770-B
PAGE NO. 4

2. Paragraph 3 (new "i"). "The trash enclosure shall be used only for the storage of trash and recycling;"
3. Paragraph 4 (revised). "As specified in Exhibits 7A-C, the applicant shall use a ventless oven system, install either a hood or exhaust grill over each oven stack, and remove all cooking exhaust through the specified ductwork and Pollution Control Unit (PCU) described in Exhibit 12. The PCU will exhaust through the face of the building as specified in Exhibits 7A-C. The applicant shall maintain the system in good working order, and shall enter a maintenance contract with a service provider to, among other things, regularly clean the ductwork and PCU and provide new or clean filters in order to ensure effective elimination of odors from the vented cooking exhaust for the duration of the time that the applicant operates at 405 7th (sic) S., SE."
4. Paragraph 7 (revised) "As specified in Exhibits 7A-C: the HVAC unit at the rear of the property shall be replaced with a new HVAC unit located atop the trash enclosure; a mini split to cool the trash enclosure will also be installed atop the trash enclosure; and a cooler condenser shall be installed atop the dog leg roof. These mechanicals will be soundproofed as specified in Exhibits 7A-C to meet the standards employed by ArtUSA (or similar noise control product business) at 413 8th Street, S.E. No additional mechanical equipment shall be installed on either roof or at the rear of the property."
5. Paragraph 11 (new). "The applicant shall appoint a designated individual member of its organization to ensure compliance with the provisions of this order."

The ANC noted that its support was contingent on approval of the modification to the conditions cited above and the plans at Exhibit 7A-C. Were any of the conditions or Exhibit 7A-C not agreed to by the Applicant or incorporated into the modified Order, the ANC stated that it would oppose the requested modification. The ANC took no position on whether the modifications should be deemed "minor" or not. (Exhibit 27.)

OP submitted a timely report dated March 22, 2016, recommending approval of the modifications requested by the Applicant. Further, OP stated its opinion that the proposed modifications were minor and do not change the material facts on which the Board based its original decision. (Exhibit 9.)

Letters of support for the modification application were entered into the record by Pure Barre and Metro Mutts, both of which are businesses next door to the Applicant's location. (Exhibits 13-14, 20-21.)

The only parties to the case were the ANC and the Applicant. No parties appeared at the public meeting in opposition to the application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for minor modification of approval,

BZA APPLICATION NO. 18770-B

specifically of the conditions and approved plans in Case No. 18770. Based upon the record before the Board and having given great weight to the OP and ANC reports filed in this case, the Board concludes that in seeking a minor modification to the approval in Case No. 18770, the Applicant has met its burden of proof under 11 DCMR § 3129, that the minor modification has not changed any material facts upon which the Board based its decision on the underlying application that would undermine its approval.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that is application is hereby **GRANTED, SUBJECT TO THE PLANS AT EXHIBITS 7A-C AND 12 AND WITH THE FOLLOWING CONDITIONS:**

1. Approval shall be for a period of **FIVE (5) YEARS** from the original September 19, 2014 date of the unmodified order.

The Applicant shall maintain the system in good working order, and shall enter into a maintenance contract with a service provider to, among other things, regularly clean the ductwork and PCU and provide new or clean filters in order to ensure effective elimination of odors from the vented cooking exhaust for the duration of the time that the Applicant operates at 405 8th Street, S.E.

No additional mechanical equipment shall be installed on either roof or at the rear of the property.
8. The trash enclosure (as depicted in the plans in Exhibits 7A-C) shall include a trash compactor, cardboard baler (as depicted in Exhibit 40E), and odor control unit to be constructed as proposed. The trash enclosure shall comply with the recommendations contained in the rodentologist report dated May 22, 2014, (Exhibit 40D), except for nos. 12, 15, and 16, which are not applicable to this site.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

Appeal No. 19047 of Michael Cushman pursuant to 11 DCMR §§ 3100 and 3101, from the administrative decision of the Department of Consumer and Regulatory Affairs (“DCRA”) in the issuance of Certificate of Occupancy 1501450 allowing seven “private parking garages” and four “open parking spaces” for a “total of 11 parking spaces” located in the R-4 District at premises 20 14th Street, N.E. (Square 1035, Lot 810).

HEARING DATE: July 21, 2015

DECISION DATES: July 21, 2015, September 15, 2015, and September 22, 2015

DECISION AND ORDER

This appeal was filed with the Board of Zoning Adjustment (the “Board”) on May 6, 2015, challenging DCRA’s decision to issue a certificate of occupancy (“C of O”) on March 10, 2015, allowing seven parking garages and four open parking spaces. The property owner to whom the permit was issued, Ramin Taheri, (the “Owner”) moved to dismiss the appeal. The Board conducted a public hearing, at which time it heard from the Owner, from DCRA, and from the Appellant. The Board found that, as related to the appeal of the seven parking garages, the appeal was untimely filed; however, as related to the appeal of the four open parking spaces, the appeal was timely. As a result, that portion of the appeal survived the motion to dismiss and was considered on its merits. The Board ultimately voted to sustain DCRA’s decision and deny the appeal. A full discussion of the facts and law that support this conclusion follows.

PRELIMINARY MATTERS

Notice of Public Hearing

The Office of Zoning scheduled a hearing on July 21, 2015. In accordance with 11 DCMR §§ 3112.13 and 3112.14, the Office of Zoning mailed notice of the hearing to the Appellant, Advisory Neighborhood Commission (“ANC”) 6A (the ANC in which the subject property is located), the Owner, and DCRA.

Parties

The Appellant in this case is Michael Cushman who resides at 1364 East Capitol Street, N.E., in close proximity to the subject property.

The property is owned by Ramin Taheri, who is an automatic party to the appeal pursuant to 11 DCMR § 3199.1(a)(3).

BZA APPEAL NO. 19047
PAGE NO. 1

DCRA appeared during the proceedings and was represented by Assistant General Counsel Maximilian Tondro, Esq.

ANC 6A, as the affected ANC, was automatically a party in this Appeal. However, the Board did not receive a letter from the ANC, either in support of or in opposition to the appeal. Nor did the ANC participate in the public hearing.

The Board received a letter in support of the appeal from the Capitol Hill Restoration Society (Exhibit 39) and from three nearby neighbors (Exhibits 36 and 45).

Motion to Dismiss

The Owner filed a motion to dismiss prior to the hearing scheduled on July 21, 2015. (Exhibit 35.) In addition to considering the written submissions, the Board heard argument from each of the parties. As will be explained below, the Board decided that the portion of the appeal relating to the seven enclosed parking garages was untimely filed, but the portion of the appeal relating to the four parking spaces was timely filed. As a result, the Board addressed the latter challenge on its merits.

Decision Meeting

At a decision meeting following the hearing on July 21, 2015, the Board deliberated on the appeal challenging the C of O for the four parking spaces. At that time, the Chair moved to deny the appeal on three alternative theories: (1) the open parking spaces were accessory to the private parking garage; (2) the open parking spaces were a separate permitted matter-of-right use; and (3) the appeal was barred by the equitable principle of estoppel. However, the vote in support of the motion was 2-0-1, resulting in the failure of the motion for lack of a majority. (At that time, the Board had two vacant seats.)¹ The case was continued to September 15, 2015, and again to September 22, 2015. At that time, two additional members had joined the Board. Again, the Chair moved to deny the remaining portion of the appeal, but limited his motion to the first two theories previously offered. A majority of the Board agreed with the second of these theories *i.e.* that the open parking spaces were a separate matter-of-right use on the property and the Chair's motion was approved 4-1-0.

FINDINGS OF FACT

The Property

1. The subject property is located at 20 14th Street, N.E. (Square 1035, Lot 810).
2. The property is an "alley lot" and is located in the Capitol Hill Historic District and the R-4 zone district.

¹ Pursuant to § 3125.2 of the Regulations, "[t]he concurring vote of at least a majority of the members of the Board is necessary for any decision."

3. An alley lot is defined as “a lot facing or abutting an alley and at no point facing or abutting a street.” (*See*, 11 DCMR §199.1 (Definitions: Lot, alley).)
4. The Owner purchased the property on or about March 17, 2014. At that time there were seven existing garage stalls within a single structure at the front of the property.
5. The rear portion of the property consisted of, among other things, garbage and debris, broken concrete, and portions of a broken chain-link fence. (Exhibit 35.)

The Building Permit

6. Beginning in April 2014, the Owner began the process of obtaining a building permit to renovate the existing garages and to clear and pave the rear portion of the property.
7. The Owner obtained Building Permit No. B1400387 on or about May 16, 2014, authorizing the repair of “existing 7-accessory residential garage on alley lot.” The building permit also authorized the Owner to, among other things, “[l]ay permeable pavers in [the] area behind the garage.” (Exhibit 13.)
8. In the box labelled “proposed use” the building permit stated “other (specify).” Nothing was specified.
9. The Owner made the repairs to the garage pursuant to the building permit and repaved the rear area.
10. After becoming aware of the issuance of the building permit, the Appellant indicated that he “wrote to Kathleen Beeton, Deputy Zoning Administrator and outlined the problems with the building permit.” (Exhibit 17.) The Appellant is likely referring to an email dated June 12, 2014. (Exhibit 2.)
11. In response, the Appellant received an email dated June 16, 2014 from Rohan Reid, who identified himself as the Zoning Enforcement Officer of DCRA. (Exhibit 3.)
12. Mr. Reid advised the Appellant that as to the seven parking spaces, the Appellant was “correct” that “the language of ‘accessory garages’ stated in the specific zoning approval of the building permit was done in error. It should instead read ‘parking garages on an alley lot’.” (Exhibit 3.)
13. As to the Appellant’s assertion that the rear of the property was to be used for open parking spaces, Mr. Reid assured the Appellant that the surveyor’s plat and building plans “do not show or reference parking on the open space and was not approved for parking lot use on the open space. A parking lot use in the R-4 zone would require relief from the Board of Zoning Adjustment. If at any time you become aware that the open space is being used as a parking lot, please feel free to contact me so that our office can begin enforcement procedures.” (Exhibit 3.)

The C of O

BZA APPEAL NO. 19047
PAGE NO. 3

14. Following the completion of the repair work and other construction work, and the required DCRA inspections, the Owner applied to DCRA for a C of O. The Owner explained to the Zoning Administrator (“ZA”) that he intended to use the rear portion of the property as “privately-leased parking spaces”. (Exhibit 35.) In response, the ZA advised the Owner that, such spaces would not be considered a parking lot because a parking lot is “open to all persons willing to pay a temporary fee.” *Id.*
15. The Owner obtained C of O No. 1501450 on or about March 10, 2015 for “private parking garages - 7; and open parking spaces - 4; total of 11 parking spaces [not a public parking lot].” (Exhibit 14.)
16. The Owner subsequently secured long-term lease agreements for the four open parking spaces authorized in the C of O. (Exhibit 35.)

The Instant Appeal

17. The Appellant filed this appeal on May 16, 2015, nearly a year after the building permit was issued and approximately 56 days after the C of O was issued.
18. The Appellant challenged DCRA’s decision to issue the C of O, claiming that the seven enclosed parking uses and the four open parking spaces constitutes an unlawful “parking lot” that is allowed on an alley lot only after special exception approval by the Board pursuant to 11 DCMR § 333. (Exhibit 1.)
19. The Owner moved to dismiss the appeal on the grounds that it was untimely filed.

CONCLUSIONS OF LAW

The Motion to Dismiss

The rules governing the timely filing of an appeal before the Board are set forth in 11 DCMR § 3112.2. Paragraph (a) provides that an appeal must be filed within 60 days from the date the person filing the appeal first had notice or knowledge of the decision complained of, or reasonably should have had notice or knowledge, whichever is earlier.

Although the Board has concluded that this rule is not jurisdictional, *see Appeal No. 18031-C of West End Citizens Association (2014), affirmed on other grounds, W. End Citizens Ass’n v. D.C. Bd. of Zoning Adjustment*, 112 A.3d 900, 903 (D.C. 2015), if untimeliness is raised during an appeal, the Board must dismiss the case if the 60-day timeframe is not met, unless the time is extended due to “exceptional circumstances.” As will be explained, the appeal was untimely filed with respect to the seven parking garages, and no circumstances exist to allow its late filing.

Ordinarily, the building permit is the document that reflects a zoning decision about whether a proposed structure and its use conform to the Zoning Regulations. *Basken v. District of Columbia Bd. of Zoning Adjustment*, 946 A.2d 356, 364 (2008), *citing, Schonberger v. District of*

Columbia Bd. of Zoning Adjustment, 940 A.2d 159 (2008). The Appellant does not deny that he was aware of the garages and that he knew the building permit had been issued. Indeed, the Appellant states that on June 12, 2014 (less than 30 days after the permit was issued), he wrote to the Deputy Zoning Administrator and “outlined the problems with the building permit,” Exhibit 17, and on June 18th was advised by DCRA’s enforcement officer that seven “parking garages on an alley lot” were being allowed. (Exhibit 3.) Yet, the Appellant waited nearly a year before appealing the building permit to claim that a parking lot was being permitted instead and offered no explanation as to why the appeal could not have been timely made. Therefore, the Board finds that the portion of the appeal relating to the garages is dismissed as untimely.

However, the Board finds that the building permit gave no notice as to whether any zoning decision had been made as to the four open parking spaces. As stated, the building permit merely alluded to “lay[ing] permeable pavers in [the] area behind [the] garage”. (Exhibit 13.) This language was insufficient to put the Appellant on notice as to whether DCRA had decided to permit four open parking spaces at the rear of the property. Further, the Appellant was assured by DCRA’s enforcement officer that no open parking spaces were shown on the plans and that the use of any such spaces would require a special exception.² (Finding of Fact 13.)

In contrast, the C of O clearly states that four open parking spaces were to be permitted on the property, but not as a parking lot. The Board therefore accepts the Appellant’s assertion that he first learned of a decision to allow the open parking spaces after the C of O was issued on March 10, 2015. Accordingly, the 60-day appeal period runs from that date, and the appeal filed on May 6, 2015, was timely filed as to the open parking spaces.

The Merits Regarding the Four Parking Spaces

DCRA argued two alternative theories as to why the four parking spaces are matter-of-right uses that do not require special exception approval: (1) the four parking spaces are an “accessory use” to the seven parking garages pursuant to § 331.1(b); or (2) the four parking spaces are an independent principal matter-of-right use at the property. The Owner also argued that even if the four open parking spaces were not permitted, he had detrimentally relied on DCRA’s issuance of the building permit and C of O, and that the appeal is therefore barred by the equitable principle of *estoppel*.

For the reasons that follow the Board agreed with the second theory.³ Subsection 3301.1 of the Zoning Regulations provides in part that “no person shall use any structure, land, or part of any

² Nevertheless, the Owner claims that DCRA was aware of his plans to use the rear portion of the property for parking prior to issuing the building permit. Reconciling the Owner’s claim with the enforcement officer’s statement would only be necessary had the Board reached the merits of the estoppel argument. For the purposes of the timeliness issue addressed in this Order, the only relevant question is what the Appellant knew and when he knew it.

³ Since the Board sustained the Zoning Administrator on this ground, it was not necessary for it to consider the Owner’s estoppel defense, which is therefore preserved in the event this order is challenged before the District of Columbia Court of Appeals and is reversed.

structure or land for any purpose until a certificate of occupancy has been issued to that person stating that the use complies with the provisions of this title and the D.C. Construction Code, Title 12 DCMR (Emphasis added). It follows that a structure or land may have more than one principal use as long as one or more C of O for the uses is issued. In this, the C of O refers to two different uses, “private parking garages” and “open parking spaces”.

A private garage on an alley lot is a matter-of-right use in an R-4 zone because it is permitted in an R-1 zone. (11 DCMR §§ 201.1(o), 330.5(a).) The Zoning Regulations are silent as to whether open private parking spaces on an alley lot are a matter-of-right use. The only distinction between a private garage and a private open parking space is that the former is covered and the latter is not. To the Board, that is a distinction without a difference. In both circumstances the owner is engaging in a long term lease with a third party for the use of the space. The Zoning Administrator distinguished the situation from a parking lot, in which parking is arranged for on an hourly or daily basis. (*See* Finding of Fact No. 14 and Hearing Transcript of July 21, 2015, p. 81.) The Board therefore agrees with the Zoning Administrator that private open parking spaces on an alley lot, which are being leased on at least a monthly basis, are properly considered a distinct principal matter-of-right use. Since the open parking spaces on the subject property met those criteria, the Zoning Administrator did not err in issuing a certificate of occupancy authorizing “open parking spaces – 4.”

Vote taken on July 21, 2015 on the Motion to Dismiss:

By Consensus the Board GRANTED the Motion to Dismiss the portion of the Appeal concerning the seven closed parking spaces, and DENIED the Motion to Dismiss the portion of the Appeal concerning the four open parking spaces. (Lloyd J. Jordan, Marnique Y. Heath, Jeffrey L. Hinkle, Frederick L. Hill, and Robert E. Miller participating).

Vote taken on September 22, 2015 on the Merits:

VOTE: **4-1-0** (Lloyd J. Jordan, Marnique Y. Heath, Jeffrey L. Hinkle, and Frederick L. Hill to AFFIRM the ZA on the remaining portion of the Appeal; Robert E. Miller voting in opposition to the motion to affirm).

(Square 3916, Lot 8).

DECISION DATE: April 26, 2016

SUMMARY ORDER

REVIEW BY THE ZONING ADMINISTRATOR

The application was accompanied by a memorandum, dated August 21, 2015, and a revised memorandum, dated February 24, 2016, from the Zoning Administrator (“ZA”), certifying the required relief. (Exhibits 8 (original) and 36 (revised).)

The Board of Zoning Adjustment (“Board”) provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission (“ANC”) 5A and to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 5A, which is automatically a party to this application. The ANC voted to recommend approval of the application. The ANC’s report indicated that at a regularly scheduled, properly noticed public meeting on December 18, 2014, at which a quorum was present, the ANC voted by 5-0-0 to support the application. (Exhibit 9.)

The Office of Planning (“OP”) submitted two timely reports. In the first report, dated December 1, 2015, OP stated that it could not make a recommendation on the requested relief for a special exception under § 2300.8. That OP report indicated that OP found that the subject property is nonconforming for lot width, lot area, side yard and open court. The OP report stated that OP’s review of the original application indicated that variance relief also appeared to be required for

¹ The application was amended to replace the original request for a special exception from the carport requirements under § 2300.8 with a request for variances from §§ 403.2 (lot occupancy) and 2300.8 (detached carport). See revised Zoning Administrator memo at Exhibit 36. The caption has been changed accordingly.

² This case was postponed from the public hearing of December 8, 2015, and continued from the public hearing of March 1, 2016 to April 26, 2016. At the public hearing on March 1, the Board heard testimony from the Applicant and the Office of Planning to clarify that variance relief is required, despite the information in the Zoning Administrator’s (“ZA”) original memo. The hearing was continued to allow the Applicant to submit a revised ZA memo and to repost notice on the property for the amended variance relief. The Applicant submitted a revised ZA memo (Exhibit 36) and an updated affidavit of posting (Exhibit 38).

side yard, lot occupancy, and § 2001.3, (Nonconforming Structures), for the construction of the carport. OP's report also indicated that the maximum permitted lot occupancy within the R-2 zone, in which the subject property is located, is 40% and that the application proposes a lot occupancy of 54.2%, in excess of that permitted as a matter of right and in excess of the maximum 50% the Board may grant by special exception pursuant to § 223. In addition, OP stated that, pursuant to § 405, a minimum side yard of eight feet is required on one side of the carport, but not provided. OP indicated that it attempted to resolve this issue with the Applicant and the Zoning Administrator. (Exhibit 26.) OP filed a supplemental report dated February 16, 2016, recommending approval of the amended application for variance relief from § 403, Lot Occupancy (40% permitted; 54% proposed); and § 2300.8, Private Garages and Carports (carports required to be attached to the main structure, detached carport proposed). OP stated that since the initial filing, the Applicant revised the application to include a request for a variance from lot occupancy and that DCRA determined that variance relief from side yard and nonconforming structures (§ 2001.3) is not required, as was previously suggested by OP. (Exhibit 34.)

The District Department of Transportation ("DDOT") submitted a timely report indicating that it had no objection to the grant of the application. (Exhibit 23.)

A letter of opposition from the adjacent neighbor was submitted to the record. (Exhibit 28.) The Applicant responded to the neighbor's letter at Exhibit 35. In response to concerns raised by the neighbor, the Applicant agreed to install a motion sensor light that would illuminate the carport.

As directed by 11 DCMR § 3119.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3103.2 for area variances from the lot occupancy requirements under § 403.2 and the carport requirements under § 2300.8, to permit a detached carport structure in the R-2 District. The only parties to the case were the ANC and the Applicant. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board, and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking variances from 11 DCMR §§ 403.2 and 2300.8, the Applicant has met the burden of proof under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 6.**

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 5 – original self-certification; Exhibit 34 – revised self-certification.) In granting the certified relief, the Board of Zoning Adjustment ("Board") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 1A and to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 1A, which is automatically a party to this application. The ANC submitted a report, dated November 16, 2015, indicating that at a duly noticed and

¹ The application was originally filed pursuant to 11 DCMR § 3104.1, for a special exception under § 337 for the expansion of an existing residential building into a 12-unit apartment building not meeting the requirements of § 330.7 in the R-4 District. However, on January 5, 2016, the Applicant filed a revised self-certification form changing the requested relief to a variance (See Self-Certification Form 135 at Exhibits 5 (original) and 34 (revised)), and the Applicant also filed a revised application. (See Application Form 120 at Exhibits 1 (original) and 35 (revised) filed on January 12, 2016.) The caption has been changed accordingly.

² There were multiple hearing postponements and continuances in the case. The hearing was continued from December 22, 2015 and February 9, 2016, then postponed from March 29, 2016 to April 12, 2016. (Exhibits 47 and 48.) On April 12, the Board heard the revised application, deliberated, and voted to approve this application; however, after realizing that the Board had not provided an opportunity for witnesses to testify in support or opposition at its prior hearing, the Board voted to rescind its vote and reopened the case for a further hearing on April 19, 2016. At the April 19th hearing, no one appeared to testify in support of or opposition to the application.

scheduled public meeting on November 12, 2015, at which a quorum was in attendance, the ANC voted 8-0-0 in support of the special exception application. (Exhibit 27.) ANC 1A's Chairman filed a letter dated January 27, 2016 addressing the fact that the application had been revised to request *variance* relief instead of a *special exception*, and that the BZA's hearing of February 9, 2016 would be one day before the ANC was to meet, and therefore the ANC would not meet in time to vote on the revised *variance* relief. However, The ANC Chairman's letter noted that the ANC was generally interested in "maintaining the architectural character of the surrounding community and respecting building setbacks to provide opportunities to increase the District's tree canopy" (Exhibit 38) and that these issues were discussed at their meeting in November. The letter noted the ANC's opinion that "the existing structure is inharmonious with the neighborhood and that the proposed development would have little negative impact on the community." (Exhibit 38.) Ultimately, the ANC Chairman stated that he was confident that the ANC would vote to support the project if given the opportunity to vote on it. Finally, on March 10, 2016, ANC 1A submitted an official supplemental report, noting that at a duly noticed public meeting on March 9, 2016, the ANC voted 11-0-0 to support the variance relief requested by the Applicant, noting the ANC's view that the proposed building will be compatible with the neighborhood. (Exhibit 45.)

The Office of Planning ("OP") submitted a report dated December 15, 2015 in which it indicated that OP was unable to make a recommendation because of the Applicant's need to comply with the recommendation of the Zoning Administrator and revise the application, changing the relief requested from a special exception to a variance, which had not been done at that time. (Exhibit 31.) Subsequent to the Applicant revising the application on January 12, 2016, at the February 10, 2016 hearing, OP testified that it could support the variance request based on the information provided by the Applicant. The Board encouraged the Applicant to work with OP and to strengthen the argument in support of their lot occupancy variance request³ prior to the next hearing. OP filed a letter dated March 22, 2016, noting the revised relief and expressing support for the Applicant's request for postponement of the March 24, 2016 hearing. (Exhibits 47 and 48 – Applicant's postponement request letter and motion respectively; Exhibit 46 – OP's letter in support of postponement.) OP filed a supplemental report, dated April 6, 2016, recommending approval of the amended relief – a variance from § 403.2. (Exhibit 51.) At the hearing of April 12, 2016, OP was not present in the hearing room to testify. However, the Board noted that the OP report was in the record. At the hearing of April 19, 2016, the Board only called for testimony from witnesses in support or opposition, but not for further testimony from OP.

The D.C. Department of Transportation submitted a report expressing no objection to the application. (Exhibit 30.)

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case, pursuant to § 3103.2, for a variance

³ The Applicant's counsel noted that OP recommended adding a variance from § 2001.3 non-conforming structures provision. However, the Applicant's position is that such relief is not needed because no nonconformity will be extended or increased.

from § 403.2. The only parties to the case were the Applicant and the ANC which expressed support for the application. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking a variance from § 403.2, the Applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case. It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 32 - ARCHITECTURAL PLANS AND ELEVATIONS.**

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 4.) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 6B and to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 6B, which is automatically a party to this application. The ANC submitted a report in support of the application, dated March 9, 2016, indicating that at a duly noticed and scheduled public meeting on March 8, 2016, at which a quorum was in attendance, the ANC voted 9-0-1 in support of the application. (Exhibit 30.) In its report, the ANC specifically noted that "the by-right FAR for a 3rd story addition would not be in keeping with the visual fabric of the neighborhood nor support citywide goals for providing additional housing."

The Office of Planning ("OP") submitted a timely report dated March 8, 2016, recommending approval of the variances from the off-street parking and nonconforming structure requirements, but recommending denial for the variances from the FAR, lot occupancy, and rear yard requirements. (Exhibit 28.) At the public hearing on March 15, 2016, the Board continued the

proceedings and requested that the Applicant work with OP to address its concerns about the size and configuration of the third story addition. At the continued public hearing on April 26, 2016, OP testified that it changed its recommendation to support the variance for rear yard relief, but remains in opposition to the FAR and lot occupancy variances, despite supplemental information provided by the Applicant. The Board, however, was persuaded by the Applicant's supplemental information, including the illustrations of the alternative by-right configurations of the third floor addition. As mentioned by ANC 6B in its report, the Board also noted that these by-right configurations appeared to be out of character with the visual fabric of the street. In addition, the Board indicated that the practical difficulty of relocating the building core contributes to the Board's finding that the application meets the test for variance relief. Accordingly, the Board was not persuaded by OP's recommendation to deny variance relief for FAR and lot occupancy.

The District Department of Transportation ("DDOT") submitted a timely report indicating that it had no objection to the application. (Exhibit 29.)

As directed by 11 DCMR § 3119.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3103.2 for area variances from the FAR requirements under § 771.2, the lot occupancy requirements under § 772.1, the rear yard requirements under § 774.1, the nonconforming structure requirements under § 2001.3, and the off-street parking requirements under § 2101.1, to permit a third floor addition to an existing two-story, mixed-use building in the C-2-A District. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking variances from 11 DCMR §§ 771.2, 772.1, 774.1, 2001.3, and 2101.1, the Applicant has met the burden of proof under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED REVISED PLANS AT EXHIBIT 37.**

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 5.) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register*, and by mail to Advisory Neighborhood Commission ("ANC") 1A and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 1A, which is automatically a party to this application. The ANC submitted a report in support of the application, dated February 10, 2016. The ANC's report indicated that at a duly noticed and scheduled public meeting on February 10, 2016, at which a quorum was in attendance, the ANC voted 12-0-0 in support of the application. (Exhibit 20.)

The Office of Planning ("OP") filed a timely report dated March 8, 2016 recommending approval of the parking variance and noting that three additional areas of relief may be required for the project - specifically § 400 - Height, § 411.5 - Penthouse, and § 411.18(c) - Penthouse Setback. Because these areas of relief are not included in the application, OP stated that it could not provide an analysis based on these provisions. (Exhibit 23.)

Regarding the requested parking variance relief, OP noted that to provide the required parking onsite, a curb cut would be needed, and it was unlikely that the Public Space Committee would permit such a curb cut. Therefore, there is no opportunity to provide onsite parking.

On April 12, 2016, the Applicant filed a statement and revised plans. The Applicant stated that the modified design meets the new regulations that went into effect while the project was under

¹ The hearing was continued from March 15, 2016 to April 26, 2016 to give the Applicant an opportunity to meet with OP and address the need for additional zoning relief referenced in the OP report.

consideration, thereby obviating the need for the additional zoning relief referenced by OP. The new plans do not modify the relief originally requested in the application. (Exhibit 26 – statement, Exhibit 27 - revised plans.)

OP filed a supplemental report on April 19, 2016, noting that OP continues to recommend approval of the requested variance relief from § 2101.1. Finally, OP noted that with the revised plans, the Applicant has eliminated the need for any additional zoning relief. (Exhibit 28.)

The District Department of Transportation filed a report dated March 8, 2016, expressing no objection to the application. (Exhibit 24.)

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case, pursuant to § 3103.2, for a variance from § 2101.1. The only parties to the application were the Applicant and the ANC which supported the proposal. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking variance from § 2101.1, the Applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case. It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED REVISED PLANS AT EXHIBIT 27.**

Application No. 19229 of FOTP, LLC, as amended,¹ pursuant to 11 DCMR § 3103.2, for a variance from the court requirements under § 776, and pursuant to §§ 3104.1 and 411.11, for special exceptions from the penthouse setback requirements under §§ 411.18 and 777.1², and pursuant to § 774.2, a special exception from the minimum rear yard requirements under § 774.1, to allow an addition to accommodate the establishment of a museum and associated offices and conference rooms in the C-4 District at premises 1503-1505 Pennsylvania Avenue, N.W. (Square 221, Lot 810).

HEARING DATES: March 29, 2016, April 5, 2016, and April 19, 2016³
DECISION DATE: April 19, 2016

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 4 - original, Exhibit 33 - revised.) In granting the certified relief, the Board of Zoning Adjustment ("Board") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

¹ The application was originally filed pursuant to 11 DCMR §§ 3104.1 and 411.11, for a special exception from the penthouse setback requirements under §§ 411.18 and 771.1 [sic], and pursuant to § 774.2, the minimum rear yard requirements under § 774.1, to allow an addition to accommodate the establishment of a museum and associated offices and conference rooms at the subject site. On April 1, 2016, the Applicant filed a revised self-certification (Exhibit 33) amending the application to include variance relief from the court requirements of § 776, as indicated in the caption above.

² Subsection 771.1 was apparently referenced in error in the application form (Exhibit 1) given that this section relates to floor area ratio. The subsection should be § 777.1, and it is correctly referenced in the Applicant's statement at Exhibit 6.

³ At the hearing of March 29, 2016, the Board continued the hearing to May 10, 2016, but on April 5, 2016, as a preliminary matter, the Board, on its own motion, rescheduled the hearing to an earlier date – from May 10th to April 19th – and waived the 40-day notice requirement and required a two-week posting of the property, noting the added variance relief. The property was reposted on April 5, 2016 - 14 days prior to the April 19th hearing. (See Exhibit 34 – Affidavit of Posting.)

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register*, and by mail to Advisory Neighborhood Commission (“ANC”) 2B and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 2B, which is automatically a party to this application. ANC 2B submitted a report dated February 18, 2016, noting that at its regular meeting on February 10, 2016, with a quorum present, it voted 9-0-0 in support of the special exception application. (Exhibit 22.) The ANC did not file a supplemental report after the amended application was noticed and the subsequent hearing was held.

The Office of Planning (“OP”) submitted a report dated March 22, 2016, recommending approval of the application as originally filed, and noting that additional relief may be required under § 776.1 (19.75 ft. width as calculated from height of rear wall, 7 feet existing; 7 feet proposed) and § 2001.3 (increasing the non-conformity of an open court’s width), which OP stated it would not oppose. (Exhibit 29, p. 1.) OP presented no further testimony at the hearing.

The D.C. Department of Transportation submitted a report expressing no objection to the application. (Exhibit 26.)

The project received staff approval at the Historic Preservation Review Board and concept approval at the Commission of Fine Arts. (Exhibit 25C.)

The 1510 H Street Condo Association requested party status in opposition to the application. In addressing the party status request, Louette Ragusa, the association representative testified that the association is not opposed to the project under review, but that the members’ concerns were primarily related to the impact that construction will have on the rear alley access to their property. (Exhibits 27 and 28.) At the hearing of March 29, 2016, by consensus, the Board denied the party status request because the concerns raised by the association were outside the Board’s jurisdiction. The Board afforded Ms. Ragusa the opportunity to testify as a witness at the hearing, but, having made the association’s issues known, she had no further comment at that time.

The Board continued the hearing to allow the Applicant to amend the application and post the property with notice of the revised relief. The Applicant filed a revised self-certification form requesting variance relief (Exhibit 33), and posted the property (Exhibit 34 – affidavit of posting). At the hearing of April 19, 2016, no other witnesses appeared to testify in the application. The Board then closed the record and voted to approve the application as amended.

Variance Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case, pursuant to § 3103.2, for a variance from the court requirements under § 776. The only parties to this case were the Applicant and ANC 2B which supported the application. No parties appeared at the public hearing in

opposition to this application for variance relief. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking a variance from §§ 776, the Applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to §§ 3104.1 and 411.11, for special exception relief under §§ 411.18 and 777.1, (penthouse setback requirements); § 774.2, and 774.1, (minimum rear yard requirements). The only parties to this special exception application were the Applicant and the ANC which expressed support. No parties appeared at the public hearing in opposition to this application for special exception relief. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the ANC and the OP reports filed in this case, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR §§ 3104.1, 411.11, 411.18, 777.1, 774.2, and § 774.1, that the requested relief can be granted, as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case. It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 25B - ARCHITECTURAL PLANS.**

VOTE: **4-0-1** (Marnique Y. Heath; Frederick L. Hill, Anita Butani D'Souza, and Robert E. Miller to APPROVE; Jeffrey L. Hinkle not participating, not voting.)

Application No. 19245 of George Simpson, as amended,¹ pursuant to 11 DCMR § 3104.1, for special exception relief under 11 DCMR § 223, for not meeting the lot occupancy requirements of § 403.2, the side yard requirements of § 405.8, and the nonconforming structure requirements of § 2001.3, to construct an enlargement to a nonconforming single family dwelling in the SSH-1/R-1-B District at 1605 Madison Street, NW (Square 2722W, Lot 1).

HEARING DATE: April 12, 2016

DECISION DATE: April 26, 2016

SUMMARY ORDER

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit ["Ex."] 12 (original) and Ex. 28 (revised.)) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 4A and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 4A, which is automatically a party to this application. ANC 4A filed a report, which indicated that at a properly noticed, regularly scheduled public meeting held on April 5, 2016, with a quorum of Commissioners present, the ANC voted 6-0 to support the application. (Ex. 37.)

The Office of Planning ("OP") submitted a report indicating its support of the amended application (Ex. 34) and testified in support of the application at the public hearing. The District Department of Transportation ("DDOT") submitted a timely report of no objection to the application. (Ex. 35.)

Eleven letters in support from neighbors, including the adjacent property owners, were submitted to the record. (Ex. 31.)

A letter in opposition from the owners of 1612 Montague Street was submitted to the record. (Ex. 33.) Also, a neighbor, Brendan Horton, testified in opposition, citing concerns about the height of the proposed addition.

¹ The Applicant originally applied for variance relief from side yard (§ 405.8) and nonconforming structure (§ 2001.3) requirements, but amended the application to one for special exception relief under 11 DCMR § 223, for not meeting the lot occupancy requirements of § 403.2, the side yard requirements of § 405.8, and the nonconforming structure requirements of § 2001.3, to construct an enlargement to a nonconforming single family dwelling in the SSH-1/R-1-B District. (See, revised Self-Certification form, Exhibit 28.) The caption has been changed accordingly.

At the conclusion of the hearing, the Board requested the Applicant submit revised plans to reflect the design changes discussed at the hearing, showing the change in façade materials from stucco to brick and rendered in such a way that the true color is represented, and supplemental information, including photographs, to show the context of the building designs in the neighborhood. The Applicant submitted the requested materials, including two façade options, to the record at Exhibits 40-40B. The Applicant requested, and the Board granted, flexibility to choose between both options.

Special Exception Relief

As directed by 11 DCMR § 3119.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a special exception under 11 DCMR §§ 223, 403.2, 405.8, and 2001.3. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the OP and ANC reports, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR §§ 3104.1, 223, 403.2, 405.8, and 2001.3, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map.

The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in the accordance with the Zoning Regulations and Map. Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirements of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law.

It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED PLANS AT EXHIBITS 30 AND 40A. The Applicant shall have the flexibility to construct the project according to either Option 1 or Option 2, as shown in Exhibit 40A.**

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 4.) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

SUMMARY ORDER

SELF-CERTIFICATION

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibits 5 (original) and 30 (revised).) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 6B and to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 6B, which is automatically a party to this application. The ANC submitted a report recommending approval of the application. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on April 12, 2016, at which a quorum was present, the ANC voted unanimously (9-0-0) to approve the application. (Exhibit 25.) Two letters were filed by abutting neighbors in support of the application. (Exhibits 21 and 24.) The Capitol Hill Restoration Society submitted a letter of support for the application. (Exhibit 26.)

The Office of Planning ("OP") submitted a timely report recommending approval of the application. (Exhibit 27.) The District Department of Transportation ("DDOT")

¹ The Applicant initially filed for a special exception relief under § 223, not meeting the lot occupancy requirements under § 403.2, and the court requirements under § 406. (Exhibit 1.) Based on a recommendation by the Office of Planning, the Applicant amended the application by adding relief from the nonconforming structure requirements under § 2001.3 and filed a revised Self-Certification form to reflect that amendment. (Exhibit 30.) The caption has been changed accordingly.

submitted a timely report indicating that it had no objection to the approval of the application. (Exhibit 29.)

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1, for a special exception under §§ 223, 403.2, 406, and 2001.3. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board, and having given great weight to the ANC and OP reports, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR §§ 3104.1, 223, 403.2, 406, and 2001.3, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that the application is hereby **GRANTED, AND PURSUANT TO § 3125.8, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 7.**

April 11, 2016

Pursuant to notice, the Zoning Commission for the District of Columbia ("Commission") held a public hearing on February 25, 2016, to consider an application filed by West Half Residential II, LLC and West Half Residential III, LLC (collectively, the "Applicant") for review and approval of a modification to previously approved plans for Lots 33, 802, 840, 841, 850, 864, 865, 868, 871, 872, 874, and 875 in Square 700 ("Property"), pursuant to §§ 1604, 1607, and 1610 of the Zoning Regulations, Title 11 of the District of Columbia Municipal Regulations ("DCMR" or "Zoning Regulations"), which apply to new construction that (1) abuts M Street, S.E.; (2) is located within Square 700; or (3) is the recipient of density through combined lot development. The modification application also includes a request for special exception approval to provide penthouse enclosing walls of unequal height (§ 411.9) and for the following area variances: from the percentage of lot occupancy requirements (§ 634.1), setback requirement for buildings along Half Street, SE (§ 1607.2), compact parking space location requirements (§ 2115.4), and loading (§ 2201.1).

FINDINGS OF FACT

1. On December 11, 2015, the Applicant filed an application for review and approval of a modification to previously approved plans pursuant to 11 DCMR §§ 1604, 1607, and 1610, which apply to new construction that (1) abuts M Street, S.E.; (2) is located within Square 700; or (3) is the recipient of density through combined lot development. The modification application also includes a request for special exception and variance approvals pursuant to § 1610.7.
2. The Applicant filed a prehearing submission in support of the application on February 5, 2016 ("Prehearing Submission"). (Exhibit ["Ex."] 21-21D.) The Prehearing Submission included a statement summarizing the application's compliance with the applicable provisions of the Capitol Gateway ("CG") Overlay regulations, and justification for the requested areas of variance relief. The Prehearing Submission also included updated architectural drawings ("Final Architectural Drawings"), a Transportation Impact Study conducted by Gorove/Slade, and resumes of expert witnesses that might testify in support of the application at the public hearing.
3. The Commission held a public hearing on the application on February 25, 2016. Parties to the case included the Applicant and Advisory Neighborhood Commission ("ANC") 6D, the ANC within which the Property is located. Proper notice of the hearing was provided by the Office of Zoning pursuant to 11 DCMR § 3015.
4. Witnesses appearing at the hearing on behalf of the Applicant included Bryan Moll of JBG, Eran Chen of ODA Architects, Sam Lawrence of HM White, and Shane Dettman of

Holland & Knight LLP. Mr. Dettman was qualified by the Commission as an expert in the area of land use planning.

5. At the conclusion of the public hearing, the Commission indicated support for the overall design and materials of the modified project, but requested that the Applicant provide certain additional information, including (i) drawings confirming the penthouse setback from the Via is not visible from the pedestrian level; (ii) additional dimensioned plans and sections for the penthouse level; (iii) drawings and information confirming the mezzanine provided does not exceed 1/3 of the area of the floor immediately below; (iv) drawings confirming that the project design complies with the court dimensional requirements and that relief is not required; (v) drawing identifying the location where flexibility is requested by the Applicant to replace retail use with residential or other non-residential use; (vi) additional study of penthouse setback along court; (vii) additional drawings showing the relationship of ground-floor retail to streetscape; (viii) study whether the building can increase sustainability measures/LEED rating; and (ix) further study of affordable housing provided in terms of affordability level.
6. The record was closed at the conclusion of the hearing, except to receive the requested additional submissions from the Applicant and responses thereto from the parties. The Commission also requested proposed findings of fact and conclusions of law from the Applicant.
7. On March 17, 2016, the Applicant submitted its post-hearing submission, addressing the Commission's recommendations and requests for additional information and submitted proposed findings of fact and conclusions of law, pursuant to 11 DCMR § 3026 on March 24, 2016. (Ex. 34-34B, 35.)
8. On March 31, 2016, the Commission granted a request made by the Office of Planning ("OP") to re-open the record to receive a memorandum prepared by the District Department of Energy and Environment ("DOEE"). (Ex. 37.)
9. On April 7, 2016, the Applicant filed a written response to the DOEE memorandum. (Ex. 38.)
10. At its April 11, 2016, public meeting, the Commission took final action to approve the application. The Commission determined that the project satisfies all applicable requirements of the CG Overlay District and that the Applicant had met its burden of proof regarding the requested special exception and variance relief.

Background

11. An application for Commission review was submitted by predecessor owners of the Property in 2008, pursuant to §§ 1604, 1607, and 1610 of the Zoning Regulations. That application was approved in 2009 by the Z.C. Order No. 08-30, and in 2011, the design of the approved project was modified pursuant to Z.C. Order No. 08-30A.

12. Through Z.C. Order Nos. 08-30 and 08-30A, the Commission approved redevelopment of the Property with a mixed-use building measuring 110 feet in height and containing approximately 288,242 square feet of residential use, approximately 369,292 square feet of office use, and approximately 51,624 square feet of retail use (“Approved Building”).
13. The footprint of the Approved Building occupies the entirety of the eastern half of Square 700 and is bounded on all sides by public streets: M Street to the north, Half Street to the east, N Street to the south, and Van Street to the west. The Approved Building consists of two primary sections: a northern section consisting of office and ground-floor retail uses fronting on M Street and a southern section consisting of residential use as well as office and ground- and second-floor retail uses. A dedicated 30-foot-wide pedestrian right-of way-running in an east-west orientation (“Via”) separates the two sections of the Approved Building, with building connections provided through two footbridges above.

Modified Building Proposal

14. The Applicant has acquired all of the lots comprising the Property with the exception of the northernmost lot, Lot 873 (the Property, excepting Lot 873, herein the “Applicant’s Property”). The Applicant’s Property consists of the land on which the southern portion of the Approved Building and the Via would be located. The Applicant proposes to modify only that portion of the Approved Building located on the Applicant’s Property (the “Southern Portion”).
15. The present modification application does not propose any changes to the design and uses for that portion of the Approved Building located north of the Via other than the location of the building connection (“Northern Portion”). The Applicant understands that a modification application for the Northern Portion of the Approved Building has recently been filed by the owner of that portion of the Property. (Z.C. Case No. 08-30C.)
16. The modification application proposes a 110-foot, 11-story residential tower on the Southern Portion with an occupiable penthouse, as well as a full ground floor and partial second floor of retail.
17. Retail is proposed to occupy all of the Half, N, and Via façades of the ground floor, and a significant percentage of Van Street as well. Two residential lobbies and parking and loading would be accessed from Van Street. Retail would occupy much of the second floor along Half and N Streets, and residential units would face the Via and Van Street on that floor. The second-story retail would be double height and occupy volume in the third floor as well. The Applicant requested flexibility to replace certain retail uses on the second floor with residential and/or office uses.
18. Above the third floor is proposed to be entirely residential, with rental units to the north and for-sale units to the south. A central courtyard would provide light and air to units facing the interior of the tower.

19. As modified, the residential use will increase to approximately 390,000 square feet of gross floor area (including penthouse habitable space) and the retail use will increase to approximately 67,265 square feet of gross floor area, all with a corresponding reduction in overall office use from the Approved Building. Overall density for the Approved Building would decrease from 8.06 to 7.72 FAR. Maximum building height would remain 110 feet from a measuring point taken midpoint along Van Street. While the uses, overall density, and height of the Approved Building would remain largely unchanged by the proposed modification, the configuration and architectural vocabulary of the building have been significantly refined.
20. The Applicant has modified the design of the Southern Portion of the Approved Building to provide a dramatically sculptured presence at this central location within the Capitol Gateway overlay. In footprint, the tower proposed for the Southern Portion takes the form of an inverted C-shape, with a court opening onto Van Street. Along Half Street and N Street, the tower undulates through the use of terracing and stepbacks, such that it effectively disappears from view from a northern vantage of the Property from M Street, thereby opening up views to the centerfield entrance to Nationals Park. This terracing effect is carried through to the interior of the tower in the form of cantilevering above the landscaped courtyard. Masonry and precast materials utilized in the earlier approval will be replaced with a palette of glass, metal panels, and extensive plantings.
21. The tower on the Southern Portion is proposed to include a mixture of residential uses and retail uses, with three levels of below-grade parking. The Applicant also proposes to include a small number of units in the penthouse level, some of which will contain mezzanines. These units will generate an inclusionary zoning requirement, which the Applicant will satisfy within the project.
22. The Applicant anticipates that a portion of the residential uses within the project would be for-sale condominium units and a portion would serve as rental units. Each of these components would have a separate entrance along Van Street, where the parking and loading operations also would occur in keeping with the restrictions of the CG Overlay.
23. Retail spaces would be provided throughout the ground and second levels with various entrances to be located directly along each street frontage as well as the Via. Given the proposed replacement of the office use with residential use south of the Via, the sky bridges connecting the portions of the Approved Building are no longer feasible. To replace these bridges, the Applicant and the owner of the Northern Portion of the Property have collaborated on a sculptural element consisting of aluminum spandrels to connect the retail elements of the building, which will serve as a point of interest to draw pedestrians into and through the Via to Van Street.
24. The modified building is planned to have a total of 423 residential units, 10 of which, totaling 24,779 square feet, would be located in penthouse habitable space in the Southern Portion. This amount of habitable space would generate an affordable housing

requirement under the Inclusionary Zoning (“IZ”) provisions of Chapter 26 of the Zoning Regulations in the amount of approximately 1,982 square feet, utilizing the eight percent requirement established in § 2603, all of which will be restricted to low-income households, defined in the Zoning Regulations as households not exceeding 50% of the annual median income for the Metropolitan Washington, DC, statistical area according to the US Department of Housing and Urban Development (HUD) (“Metro AMI”). It is anticipated that this set aside will result in approximately three units of affordable housing, all of which would be provided within the building.

25. In addition to the IZ square footage generated by the penthouse habitable space, the Applicant will provide an additional significant amount of affordable housing, relating directly to the increase in overall residential use provided within the project as part of the modification. The Approved Building contained 288,242 square feet of residential uses, none of which was subject to the IZ set aside as it was approved prior to the implementation of the IZ program. As modified, the project contains approximately 362,855 square feet of residential use, not including the approximately 24,779 square feet of penthouse habitable space, representing an increase of approximately 74,613 square feet of residential. The Applicant has committed to subject this increased amount of residential use to the IZ set aside requirements of 11 DCMR §§ 2603.2 and 2603.4, namely, eight percent of the gross floor area of residential use provided within the building, which would result in approximately 5,970 square feet, or roughly seven to eight units of additional dedicated affordable housing within the building, all of which to be set aside for eligible moderate-income households not exceeding 80% Metro AMI.
26. The Applicant is collaborating with adjacent landowners along both sides of Half Street and the Department of Transportation (“DDOT”) to develop an inviting streetscape experience and also will work with retail tenants to maximize an active street presence, through tenant mix and building signage. To that end, the Applicant has identified locations where it requests flexibility from the Commission to locate signage, including electronic signage as permitted by applicable code.

Description of the Surrounding Area and Zoning Classification

27. The Property is located in the eastern portion of Square 700, with frontage on M Street, N Street, Half Street, and Van Street. Nationals Ballpark is located immediately south of the Property across N Street, S.E.
28. The Property is included in a CR Zone District and is located in the Capitol Gateway (CG) Overlay District. The current use of the Property is as temporary seasonal entertainment on Washington Nationals baseball game days.
29. The Navy Yard metro station west entrance is immediately east of the Property at the corner of M and Half Streets

Capitol Gateway Overlay District Design Requirements**The Project Meets the Requirements of 11 DCMR § 1604**

30. The project is subject to the requirements of 11 DCMR § 1604 because the building will have frontage along M Street, S.E., within the CG Overlay.
31. The building complies with the requirement that no driveway may be constructed or used from M Street to required parking spaces or loading berths in or adjacent to a new building. (11 DCMR § 1604.2.) The modification does not include any revisions to the Northern Portion of the Approved Building, which is the portion that fronts M Street, S.E.
32. The building complies with the requirement that the streetwall of each new building shall be set back for its entire height and frontage along M Street not less than 15 feet measured from the face of the adjacent curb along M Street, S.E. (11 DCMR § 1604.3.) The Commission previously granted variance relief for the design of the Approved Building relating to this restriction. The modification does not include any revisions to the Northern Portion of the Approved Building, which is the portion that fronts M Street, S.E.
33. The building complies with the requirement that each new building shall devote not less than 35% of the ground-floor gross floor area to retail, service, entertainment, and arts uses. Such preferred uses shall occupy 100% of the building's street frontage along M Street, except for space devoted to building entrances or required to be devoted to fire control. (11 DCMR § 1604.4.) The modification does not include any revisions to the Northern Portion of the Approved Building, which is the portion that fronts M Street, S.E.
34. The building complies with the requirement that not less than 50% of the surface area of the street wall of any new building along M Street shall be devoted to display windows having clear or low-emissivity glass and to entrances to commercial uses of the building. (11 DCMR § 1604.6.) The modification does not include any revisions to the Northern Portion of the Approved Building, which is the portion that fronts M Street, S.E.
35. The building complies with the requirement that the minimum floor-to-ceiling clear height for portions of the ground level devoted to preferred uses shall be 14 feet. (11 DCMR § 1604.7.) The modification does not include any revisions to the Northern Portion of the Approved Building, which is the portion that fronts M Street, S.E.
36. The building complies with the requirement that, where preferred use retail space is required under this section and provided, the requirement of 11 DCMR § 633 to provide public space at ground level shall not apply. (11 DCMR § 1604.9.) Preferred retail and service uses are required for new construction on the Property.

The Project Meets the Requirements of 11 DCMR § 1607

37. Section 1607 of the Zoning Regulations sets forth a number of specific requirements that apply to all new buildings, structures, and uses with frontage on Half Street, S.E., south of M Street, S.E., within the CG Overlay.
38. The building does not comply with the requirement that any portion of a building or structure that exceeds 65 feet in height shall provide a minimum setback of 20 feet in depth from the building line along Half Street, S.E. The Commission previously granted variance relief for the design of the Approved Building relating to this restriction. While the building design along Half Street has been extensively revised, the Applicant is confronted with the same difficulties given the mixed-use nature of the building and multiple design and use requirements applicable to the Property. As before, the building presents as highly articulated along Half Street, with terracing and a mixture of projections and setbacks along this elevation. The result is that this elevation complies with, and exceeds, the setback requirement in places but is noncompliant in others. Grant of variance relief will not be detrimental to the public good. The project as modified will not diminish views of surrounding landmarks or neighboring buildings, but rather increase and enhance those views as compared to the design of the Approved Building.
39. The building complies with the requirement of § 1607.3 that each new building shall devote not less than 75% of the gross floor area of the ground floor to retail, service, entertainment, or arts uses ("preferred uses") as permitted in §§ 701.1 through 701.5 and §§ 721.1 through 721.6 of the Zoning Regulations. The Commission's approval in Z.C. Order No. 08-30 included grant of variance relief from this requirement, as the Approved Building provided approximately 69% of the ground floor to preferred uses. As proposed to be modified, the ground-floor retail provided in the Southern Portion of the Approved Building is increased by approximately 15,000 square feet. The building as modified complies with this requirement.
40. The building complies with the requirement of § 1607.4 that preferred uses shall occupy 100% of the building's street frontage along Half Street, S.E., except for space devoted to building entrances or required to be devoted to fire control. As modified, the building's design will continue to comply with this restriction.
41. The building complies with the requirement of § 1607.5 that the minimum floor-to-ceiling clear height for portions of the ground floor level devoted to preferred uses shall be 14 feet. As modified, the building's design will continue to comply with this restriction.
42. Pursuant to § 1607.6, for good cause shown, the Commission may authorize interim occupancy of the preferred use space required by § 1607.2 by non-preferred uses for up to a five-year period; provided, that the ground-floor space is suitably designed for future occupancy by the preferred uses. The Applicant is not requesting authorization for interim occupancy as part of this application.

43. The building complies with the requirement of § 1607.7 that no private driveway may be constructed or used from Half Street, S.E., to any parking or loading berth areas in or adjacent to a building or structure constructed after February 16, 2007. As modified, the building's design will continue to comply with this restriction.
44. The building complies with the requirement of § 1607.8 that, where preferred use retail space is required under the CG Overlay provisions and is provided, the provisions of § 633 shall not apply.

The Project Meets the Requirements of 11 DCMR § 1610

45. Subsection 1610.2 of the Zoning Regulations provides that all proposed uses, buildings, and structures on a lot abutting South Capitol Street, M Street, or within Square 700 shall be subject to review and approval by the Commission. Subsection 1610.3 further provides that the proposed use, building, or structure must meet the standards set forth in 11 DCMR § 3104, and the applicant must prove that the proposed building or structure, including the siting, architectural design, site plan, landscaping, sidewalk treatment, and operation, will comply with the specific requirements set forth in 11 DCMR § 1610.3(a)-(f).
46. The Commission finds that the building as modified meets the requirements of § 1610 and is consistent with all of the applicable purposes of the CG Overlay.
47. The height, bulk, and design of the project as modified are consistent with the requirements of the Zoning Regulations and with the property's designation on the Future Land Use Map. The building's height and density are allowed at this location, and the proposed use is consistent with the Property's designation on the Future Land Use Map. The residential, office, and retail/preferred uses contemplated for the project will help foster an appropriate mix of uses within the square and the surrounding area. (11 DCMR § 1600.2(a).)
48. The project as modified will continue to provide retail/preferred uses in furtherance of the objectives of the CG Overlay. (11 DCMR § 1600.2(b).)
49. The building's design complies with this requirement and includes ground-level retail and service uses along M Street, S.E. (11 DCMR § 1600.2(e).)
50. The project as modified is designed to provide an engaging and pedestrian-oriented Half Street frontage. The Applicant is coordinating with neighboring property owners along Half Street to provide an enhanced streetscape plan. Multiple retail entrances are proposed to be located along this frontage. The building as modified contains extensive terracing back from the street façade to ensure adequate access to light and air as well as provide a suitable scale and public engagement. (11 DCMR § 1600.2(h).)

51. The building will further the objectives set forth in § 1600.2. The modified building will provide approximately 390,000 square feet of residential use (including penthouse habitable space), in a mixture of condominium and rental units, and approximately 314,000 square feet of commercial uses, including approximately 15,000 square feet more retail/service uses than was included in the Approved Building. The pedestrian Via will be retained in the modified design, and the vibrant new design of the Southern Portion will further activate Half Street and provide appropriate scale and setbacks through its extensive and innovative use of terracing. (11 DCMR § 1610.3(a).)
52. The project as modified provides a much desired mixed use building in the neighborhood and will include multi-family residential, in a variety of configurations, sizes, and ownership types, and significant space devoted to preferred retail uses on the ground floor, precisely the types of uses encouraged by § 1600.2(b). (11 DCMR § 1610.3 (b).)
53. The project as modified is contextual to the surrounding neighborhood and street patterns, especially along its Half Street and N Street frontages, where a mixture of stacking and terracing of volumes allows for the building to mark this important corner at the centerfield entrance to the Nationals Ballpark while drawing visual interest from multiple vantage points. The Via remains an important component of the project in facilitating and encouraging pedestrian circulation in an east-west direction, including residents of the building, while vehicular ingress/egress for parking and loading operations remains provided from Van Street. Landscaping and sidewalk treatment along Half Street is proposed to be provided in coordination with adjacent property owners. (11 DCMR § 1610.3 (c).)
54. The loading and parking operations for the building occur on the least trafficked of the street frontages, along Van Street. Pursuant to §§ 1604.2 and 1607.7 of the Zoning Regulations, no driveway may be constructed or used from M Street, S.E., or from Half Street, S.E. Where the loading and parking operations occur along Van Street, the pedestrian will have an uninterrupted sidewalk with similar paving patterns to the typical Van Street sidewalks and public space. (11 DCMR § 1610.3(d).)
55. The building as modified will continue to offer extensive façade articulation for all street elevations as well as the Via elevation. The proposed modifications to the Southern Portion include extensive modulation of building volume along the Half Street and N Street elevations, and to a somewhat lesser extent the Van Street elevation, where the C-shaped orientation of the residential portion is expressed. In addition to shifts of building volume, the building is articulated through use of balconies, extensive landscaping incorporated into the elevations, and innovative materials. (11 DCMR § 1610.3(e).)
56. The building as modified has been designed and will be constructed and operated with a goal toward sustainability and minimizing negative impact upon the environment. To that end, the residential construction on the Southern Portion will qualify for a minimum of LEED NC 2009 Gold certification. (11 DCMR § 1610.3(f)).

57. Subsection 1610.5 of the Zoning Regulations sets forth a number of specific requirements that apply to a building or structure with frontage on Half Street, S.E., south of M Street, S.E., or Front Street, S.E., south of M Street, S.E.
58. The building as modified satisfies the criterion of § 1610.5(a) of the Zoning Regulations as a result of the innovative building articulation and use of materials, extensive landscaping and streetscape, which is being coordinated with other property owners fronting Half Street, and extensive pedestrian-focused retail with appropriate signage, including potential electronic signage as permitted by code.
59. The Commission has previously determined that the Approved Building satisfies § 1610.5(b) of the Zoning Regulations. The building as modified will continue to provide safe and convenient movement to and through the site. Half Street remains the primary pedestrian pathway, linking the Navy Yard Metrorail Station and the Nationals Ballpark. The 30-foot-wide pedestrian Via remains an important design element of the project. Retail entrances will be located primarily along Half Street, with residential entrances and parking and loading operations along Van Street.
60. The Applicant has provided a view analysis and contextual images as part of its submissions to the hearing record as required by § 1610.5(c). As shown therein, the building will have no detrimental impact on views and vistas of the identified monumental properties and focus areas.

Area Variance and Special Exception Relief

61. Subsection 1610.7 of the Zoning Regulations states that the Commission may hear and decide any additional requests for special exception or variance relief needed for a project and that such requests shall be advertised, heard, and decided together with the application for review and approval for compliance with the CG Overlay provisions.
62. Pursuant to that authority, the modification application also includes requests for the following area variances: from the percentage of lot occupancy requirements (§ 634.1), setback requirement for buildings along Half Street, S.E. (§ 1607.2), compact parking space percentage requirements (§ 2115.4), and loading (§ 2201.1). Subsequent to submitting the modification application, the Applicant determined that, as a result of the inclusion of mezzanine habitable space imbedded with mechanical equipment in the penthouse, special exception approval is needed to allow enclosing walls of the penthouse to be of unequal height pursuant to the recently revised penthouse regulations (§§ 411.11 and 630.4(a).)
63. The Applicant withdrew its earlier requests for area variance from the court dimensional requirements (§ 638.2) and percentage of compact parking spaces (§ 2115.2).
64. The Commission previously determined in Z.C. Order No. 08-30 that the Property and the Approved Building satisfy the test for variances set forth in the Zoning Regulations

and approved variance relief for the Approved Building relating to percentage of lot occupancy, setback from Half Street, loading, percentage of ground-floor retail, and special exception for penthouse.

65. The test for variance relief is three-part: (1) demonstration that a particular property is affected by some exceptional situation or condition; (2) such that, without the requested variance relief, the strict application of the Zoning Regulations would result in some practical difficulty upon the property owner; and (3) that the relief requested can be granted without substantial detriment to the public good or substantial impairment of the zone plan. The Commission finds that variance relief is appropriate in this application.
66. With regard to the exceptional condition of the Property, the Commission recognized a number of unique conditions affecting the Property in Z.C. Order No. 08-30. Therein, the Commission found that “the Property is extraordinarily large in size at almost 90,000 square feet and is also very deep (or wide), with an east/west dimension of approximately 150 feet. The project site is located at a very prominent location in the CG Overlay (the intersection of Half and M Streets), which requires a mixture of uses and dictates design features with which the Applicant must comply simply as a result of its presence on both M Street and Half Street (such as a prohibition on curb cuts on two sides of the project, elevated ground floor ceiling heights, and the requirement to provide a “pedestrian scale” building on relatively narrow streets). The Applicant is also proposing to include three different types of land uses on the Property, which is encouraged by the CG Overlay regulations, but raises construction feasibility considerations. Finally, the Property is located directly north of the Ballpark which requires a building design that is cognizant of the building's context and respectful of the District of Columbia's objectives for development in and around the Ballpark.” Z.C. Order No. 08-30, Finding of Fact No. 47. The Commission finds that the same exceptional conditions stated in Z.C. Order No. 08-30 still apply to the Property.

Area Variance-Lot Occupancy

67. The Commission previously approved, and the Applicant continues to request, area variance relief from the requirement of § 634 that limits maximum lot occupancy for the Property at 75%. As modified, the building's maximum lot occupancy will total approximately 93%. As the Commission previously recognized and continues to recognize, the strict application of the Zoning Regulations will result in a practical difficulty upon the Applicant in that it would unnecessarily restrict the development envelope for the office portion of the building and detrimentally affect the design of the residential portion, given the portions are connected and considered a single building for zoning purposes.
68. The requested relief can be granted without substantial detriment to the public good and without substantially impairing the zone plan. As the project is considered one building for zoning purposes, the 75% lot occupancy restriction applies to the entire building (starting at the second floor—the horizontal plane where residential uses begin). The

Commission finds that the residential portion of the building provides ample access to natural light through provision of open and closed courts and extensive use of terraces and balconies. Furthermore, given the dramatic terracing of the building, the building's footprint decreases dramatically above the lowest levels.

Area Variance-Stepback Along Half Street, S.E.

69. The Commission earlier approved, and the Applicant continues to request, area variance relief from the requirement of § 1607.2, which requires that any portion of a building or structure that exceeds 65 feet in height shall provide a minimum step-back of 20 feet in depth from the building line along Half Street, S.E.
70. As the Commission previously recognized and continues to recognize, the strict application of the Zoning Regulations in this case will result in a practical difficulty upon the Applicant. The requested relief can be granted without substantial detriment to the public good and without substantially impairing the zone plan. The extensively terraced design provides compliance with the spirit of the regulation and technical compliance along a portion of the Half Street elevation. The design as modified will not compromise the pedestrian experience nor have a negative effect on light and air for neighboring uses. The Applicant's Property is surrounded by a well-connected pedestrian network and most roadways within a quarter mile radius provide sidewalks and acceptable crosswalks and curb ramps, particularly along the primary walking routes. The proposed modification will add or widen sidewalks adjacent to the Property such that they meet or exceed DDOT requirements and provide an improved pedestrian environment, as demonstrated in the conceptual streetscape plans for Half Street.
71. There will be no detrimental impact on views and vistas of the identified monumental properties and focus areas. Rather, the dynamic design of the proposed modification will enhance views from points north and from the Ballpark.

Area Variance-Compact Parking Space

72. The Applicant requests variance relief to allow compact spaces not to be provided in groups of five or more spaces as required pursuant to § 2115.4. As a result of the structural column spacing for the building resulting from the size of the project and multiple design requirements of the CG Overlay, there are areas within the parking levels that are not large enough to accommodate standard-sized parking spaces but can accommodate compact-sized spaces. The grant of this area of relief will have no detrimental impact upon the public good as shown in the Applicant's transportation impact study. (Ex. 21C.)

Area Variance-Loading

73. The Commission previously approved loading relief for the Approved Building, and the Applicant continues to require loading relief for the modification to the Southern Portion.

No change is proposed for the loading operations of the Northern portion of the Approved Building as part of this application.

74. The Applicant cannot satisfy the requirement to provide 55-foot loading berths given the narrow dimension of Van Street, which is the street frontage where loading operations are required to be provided pursuant to the various prohibitions of the CG Overlay. As the Commission previously recognized, relief can be provided without substantial detriment to the public good. The Applicant has consulted with DDOT on this issue, arriving at a multi-point loading management plan, which is addressed as part of its transportation impact study.

Special Exception-Penthouse Walls of Unequal height

75. Under § 411.11 of the Regulations, the Board of Zoning Adjustment (“Board”) may approve the location, design, number, or any other aspect of a penthouse even if it does not comply with the requirements of § 630.4, upon a showing of operating difficulties, size of building lot or other conditions relating to the building or surrounding area that would make full compliance unduly restrictive, prohibitively costly or unreasonable. The Board, and by extension the Commission pursuant to § 1610.7, may approve a penthouse under § 411.11, provided that the intent and purpose of the Zoning Regulations are not materially impaired by the structure, and the light and air of adjacent buildings are not affected adversely.
76. The Applicant’s roof level plan is in keeping with the purpose and intent of the Zoning Regulations. The Applicant proposes to provide penthouse walls of unequal height to satisfy the required setback ratio as well as to minimize the scale of the penthouse structure to the overall design. Pursuant to § 411.9, enclosing walls of a penthouse shall be of equal, uniform height as measured from roof level, with certain limited exceptions. One exception provides that enclosing walls of penthouse habitable space may be of a single different height than walls enclosing penthouse mechanical space (§ 411.9(a)). The Commission finds that the Applicant’s design complies with that exception but for the small amount of habitable mezzanine space embedded with the mechanical space.
77. The Commission finds that the extensive terracing of the building, a product in part of the Half Street step back requirements of the CG Overlay, make full compliance unduly restrictive as full compliance would result in a penthouse measuring 20 feet in height and not meeting the required setbacks or would compromise the terraced nature of the design. The intent and purpose of the regulations will not be materially impaired nor will light and air of adjacent buildings be affected adversely.
78. The Commission also finds that the Applicant has undertaken additional study, per the Commission’s request, and has removed the trellis feature along the roof line in the courtyard and has undertaken redesign of the court-facing elevation so as to allow a compliant setback of the penthouse from the edge of the building in that location. Further, the Commission recognizes that the Applicant has further modified the

penthouse of the Southern Portion along the Via so as to increase the setback to a full 1:1 ratio.

Office of Planning Report

79. By report dated February 16, 2016, OP recommended approval of the application. (Ex. 25.) In its report, OP noted that the application meets the CG Overlay goals for providing a preferred use, and meets the requirements for building form and massing. OP also noted that the application successfully addresses most of the evaluation criteria of the CG Overlay and recommended approval of the project and requested that the Applicant provide certain additional information regarding: (i) descriptions, details, and samples of the materials proposed for the exterior of the building; (ii) ways to potentially achieve the equivalent of a higher LEED rating for the building; and (iii) a more detailed rendering of the ground-floor retail environment. OP noted that it strongly supports the project and also supports the relief requested.
80. The Applicant provided the requested materials at the public hearing and as part of its post-hearing submission.

DDOT Report

81. By report dated February 16, 2016, DDOT stated that it has no objection to the application subject to the Transportation Demand Management (“TDM”) plan being amended to include the following:
- The TDM Leader (for planning, construction and operations will work with goDCgo staff to create free customized marketing materials and a TDM outreach plan for residents and retail employees, including developing a site-specific transportation guide for residents and visitors;
 - The building management agrees to provide updated contact information for the TDM Leader and report on TDM efforts and amenities to goDCgo staff once per year;
 - Provide a SmarTrip card preloaded with \$100 to all new residents (owners and lessees) each year for a total of five years;
 - Provide a free annual Capital Bikeshare membership to all residents (owners and lessees) each year for a total of five years;
 - The Applicant will stock Metrorail, Metrobus, DC Circulator, Capital Bikeshare, Guaranteed Ride Home, DC Commuter Benefits Law, and other brochures; and
 - The public transit information screen shall be located in each of the two residential lobbies.

82. The report also stated that given the complexity and size of the action, the Applicant is expected to continue to work with DDOT outside of the Commission process on the following matters:
- Public Space, including curb gutter, street trees and landscaping, street lights, sidewalks, and other features within the public rights-of-way are expected to be designed and built to DDOT standards. Careful attention should be paid to pedestrian and bicycle connections along the site's perimeter;
 - A unified streetscape design for the entirety of Half Street between M and N Streets as design details are coordinated between DDOT, OP, and all property owners who front on Half Street. A design must be finalized by the time the site is ready for occupancy as a temporary streetscape is not acceptable;
 - Reduction in special paving along N Street, which is currently shown at six feet;
 - Required short-term bicycle parking spaces to be located at main building entrances; and
 - Recommended provision of one 240-volt electric car charging stations on the first level of the parking garage.
83. At the public hearing, the Applicant submitted to the record a revised TDM plan agreeing to the items raised in the DDOT report with the exception of DDOT's requests that the Applicant provide a SmarTrip card preloaded with \$100 to all new residents (owners and lessees) each year for a total of five years and provide a free annual Capital Bikeshare membership to all residents (owners and lessees) each year for a total of five years. The Applicant instead agreed to provide a one-time, annual Capital Bikeshare membership, annual carshare membership, or SmarTrip card preloaded with \$100 for each dwelling unit at initial occupancy. DDOT agreed to the Applicant's revised TDM plan.

ANC Reports

84. By report dated January 21, 2016, ANC 6D reported that at its duly noticed meeting with a quorum present, a quorum being four Commissioners, ANC 6D voted 7-0-0 to support the requested modification. The ANC's report noted that it was not opposed to the Applicant's request for variances from the lot occupancy, setback, compact parking, and loading requirements. The ANC acknowledged that the Approved Building included a commitment to qualify for LEED-Silver certification for the residential portion; however, noted that the ANC would prefer a higher commitment. The report also asserted the ANC's preference to see more residential units within the building designated as affordable to households with a lower income than only the affordable units required to be provided as part of the penthouse affordable space.

85. As part of its post-hearing submission, the Applicant provided a revised LEED scorecard increasing its commitment from a total of 51 affirmative points to a total of 56 affirmative points and also provided extensive documentation relating to the building design and residential construction as to the difficulty of further increasing its LEED commitment. As detailed below, the Applicant subsequently raised its LEED commitment to LEED-Gold certification. Also, the Applicant provided additional detail regarding dedicated affordable housing to be provided within the building, which will include several IZ units relating to both the penthouse habitable space and the approximately 75,000 more feet of residential being provided as part of the modification to the Southern Portion.

DOEE Report

86. By report dated March 28, 2016, DOEE responded to concerns raised by the Commission regarding the level of commitment to LEED certification and sustainable building strategies for the project. The report stated that if the project included certain energy efficiency and vegetation features, it could achieve LEED-Gold certification.
87. By report dated April 7, 2016, the Applicant responded to DOEE's memorandum. The Applicant stated that the Applicant was committed to using the variable refrigerant flow mechanical system and vegetation features mentioned in DOEE's memo. The Applicant further stated that it was raising its LEED commitment for the project to LEED-Gold (under LEED-NCv2009). (Ex. 38.)

CONCLUSIONS OF LAW

1. The Applicant filed an application for review and approval of a modification to previously approved plans pursuant to 11 DCMR §§ 1604, 1607, and 1610. The Commission concludes that the Applicant has met its burden of proof.
2. The Commission provided proper and timely notice of the public hearing on the application by publication in the *D.C. Register* and by mail to ANC 6D, OP, and owners of property within 200 feet of the Property.
3. Pursuant to 11 DCMR §§ 1604.1, 1607.1, and 1610.1, the Commission required the Applicant to satisfy all applicable requirements set forth in 11 DCMR §§ 1605.2 through 1605.5, 11 DCMR §§ 1607.2 through 1607.8, and 11 DCMR §§ 1610.2 through 1610.7.
4. Pursuant to 11 DCMR § 1610.7, the Commission also required the Applicant to meet the requirements for variance relief set forth in 11 DCMR §§ 3103, 634.1, 1607.2, 2115.4, and 2201.1. The Commission concludes that the Applicant has met its burden.
5. The proposed development is within the applicable height, bulk, and density standards for the CG/CR (Capitol Gateway Overlay/Commercial Residential) Zone District and will

not tend to affect adversely the use of neighboring property. The overall project is also in harmony with the general intent and purpose of the Zoning Regulations and Map.

6. The Commission concludes that the proposed project will further the objectives of the CG Overlay District as set forth in 11 DCMR § 1600.2 and will promote the desired mix of uses set forth therein. The design of the proposed building meets the purposes of the CG Overlay and meets the specific design requirements of 11 DCMR §§ 1604, 1607, and 1610.
7. No person or parties appeared at the public hearing in opposition to the application.
8. The Commission is required under § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d)) to give great weight to the issues and concerns raised in the written report of the affected ANC. The affected ANC in this case is ANC 6D. The Commission carefully considered ANC 6D's recommendation for approval and concurs in its recommendation in support of the application, and considered the issues and concerns stated in its report.
9. The Commission is required under § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2001)), to give great weight to OP recommendations. The Commission carefully considered the OP report and, as explained in this decision, finds its recommendation to grant the application persuasive.
10. Based upon the record before the Commission, including witness testimony, the reports submitted by OP, DDOT, and ANC 6D, and the Applicant's submissions, the Commission concludes that the Applicant has met the burden of satisfying the applicable standards under 11 DCMR §§ 1604, 1607, and 1610 of the Zoning Regulations and for special exception relief pursuant to 11 DCMR §§ 3103 and 3104.

ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
ZONING COMMISSION ORDER NO. 11-03C
Z.C Case No. 11-03C
Wharf District Master Developer, LLC
(Second-Stage PUD @ Southwest Waterfront - Parcel 1)
March 14, 2016

Pursuant to notice, the Zoning Commission for the District of Columbia (“Commission”) held a public hearing on January 21, 2016, to consider an application for a second-stage planned unit development (“PUD”) filed by Wharf District Master Developer LLC (“Applicant”) on behalf of the District of Columbia, through the Office of the Deputy Mayor for Planning and Economic Development, the current owner of the property. The subject property, consisting of Parcel 1, Market Square, and Market Shed of the Southwest Waterfront redevelopment project is generally bounded by the Washington Channel of the Potomac River and Maine Avenue, between the Maine Avenue Municipal Fish Market on the west and the area to be known as “Blair Alley” on the east. The Commission considered this second-stage PUD application for Parcel 1 pursuant to Chapters 24 and 30 of the District of Columbia Zoning Regulations, Title 11 of the District of Columbia Municipal Regulations (“DCMR”). The public hearing was conducted in accordance with the provisions of 11 DCMR § 3022. For the reasons stated below, the Commission hereby approves the application for Parcel 1.

FINDINGS OF FACT

The Applications, Parties, and Hearings

1. On August 17, 2015, the Applicant filed an application with the Commission for second-stage review and approval of a PUD for Lots 854 and 856 in Square 473, consisting of approximately 57,856 square feet of land area (the “Property”) (Exhibits [“Ex.”] 1-3.) The Applicant intends to redevelop the Property consistent with the first-stage PUD Order (Z.C. Order No. 11-03, effective on December 16, 2011).
2. By report dated October 9, 2015, the Office of Planning (“OP”) recommended that the application be set down for a public hearing. (Ex. 10.) At its public meeting held on October 19, 2015, the Commission voted to schedule a public hearing on the application.
3. On November 5, 2015, the Applicant submitted its pre-hearing statement, and on December 31, 2015, submitted its supplemental information for the project, along with several architectural drawings to respond to issues raised by the Commission and OP. (Ex. 13-13K, 19-19B18.)
4. A description of the proposed development and the notice of the public hearing for this matter were published in the *D.C. Register* on November 27, 2015. The notice of public hearing was mailed to all property owners within 200 feet of the Property as well as to Advisory Neighborhood Commission (“ANC”) 6D. On January 21, 2016, the Commission held a public hearing to consider the second-stage PUD.
5. The parties to the proceeding were the Applicant and ANC 6D.

6. At the public hearing, the Applicant presented five witnesses in support of its application: Shawn Seaman and Matthew Steenhoek, on behalf of Wharf District Master Developer LLC; Doug Hocking, architect, Kohn Pedersen Fox Associates; Robert Schiesel, Gorove/Slade Associates, transportation consultant; and Shane Dettman, Holland & Knight LLP, land use planner. Based upon their professional experience and qualifications, Mr. Hocking was qualified as an expert in architecture, Mr. Schiesel was qualified as an expert in transportation engineering and planning, and Mr. Dettman was qualified as an expert in land use planning.
7. Matthew Jesick, Development Review Specialist at OP, and Ryan Westrom of the District Department of Transportation (“DDOT”) testified in support of the application with certain comments and conditions.
8. At its December 14, 2015, regularly scheduled meeting, which was duly noticed and at which a quorum was present, ANC 6D voted 7-0-0 to support the application.
9. On January 21, 2016, ANC 6D submitted a report in support of the second-stage PUD. A representative from ANC 6D did not attend the public hearing.
10. At the conclusion of the hearing on this matter the Commission took proposed action to approve the second-stage PUD and requested the Applicant to submit revised architectural drawings that address the Commission’s comments regarding the penthouse setbacks along the west and south facing sides of the building proposed on Parcel 1, additional information regarding the penthouse terrace lighting and acoustic considerations related to the proposed penthouse habitable space, information clarifying the anticipated penthouse terrace furnishings, drawings showing potential locations for retail and building tenant signage, precedent images for the water wall feature proposed along Maine Avenue, and information regarding the Applicant’s efforts in Ward 7 and 8 regarding workforce development. The Applicant submitted the requested information to the Commission on February 4, 2016. (Ex. 27-27C.)
11. To address the Commission’s comments regarding the penthouse setbacks along the west and south, the Applicant submitted two design alternatives. These alternatives were identified as “Alternate 1 Preferred” and “Alternate 2,” in the revised architectural plans included the Applicant’s post-hearing submission (Ex. 27A1-27A6.)
12. The application was referred to the National Capital Planning Commission (“NCPC”) for review for any adverse impacts on the federal interest, as defined in the Federal Elements of the Comprehensive Plan for the National Capital. By delegated action dated February 11, 2016, NCPC’s Executive Director found that the second-stage PUD would not be inconsistent with the Federal Elements of the Comprehensive Plan for the National Capital. (Ex. 28.)

13. The Applicant submitted its final list of proffers and draft conditions on February 11, 2016. (Ex. 36.)
14. The Commission reviewed the Applicant's post-hearing submissions at its February 29, 2016 public meeting. The Commission stated that it did not find either of the Applicant's proposed penthouse design alternatives satisfactory because neither provided a full 1:1 setback of rooftop structures along all exterior walls of the Parcel 1 Building. The Commission stated that the potential building signage locations on the upper level of the building were overly large. Finally, the Commission stated that it believed the design flexibility in the Applicant's proposed draft order was overly broad in several ways, namely the flexibility pertaining to the selection of exterior building materials, the ability to make changes to the interior building components, and the ability to make refinements to aspects of the building exterior in response to other required reviews and processes. The Commission requested that the Applicant submit a revised roof design, smaller potential building signage locations on the upper level of the building, and more limited design flexibility provisions.
15. The Applicant submitted the requested information on March 14, 2016. (Ex. 37-37A5.) Attached to the submission were revised drawing sheets showing a revised rooftop design, building signage locations, and design flexibility requests. The Applicant stated in this submission that it was only seeking the Commission's approval of the location and general dimensions of the two proposed upper-level signage areas on the north and west building façades so that the Applicant can, at a minimum present a basic set of signage parameters as being acceptable to the potential building tenants. The Applicant further stated that it will submit the final upper-level signage for review by the Commission as a minor modification on the Commission's consent calendar.
16. The Commission took final action to approve the second-stage PUD at its March 28, 2016 public meeting.

The Southwest Waterfront Project

17. The Southwest Waterfront redevelopment project is a public-private partnership between the District of Columbia and Hoffman-Struever Waterfront, LLC, which entered into a land disposition agreement (the "LDA") for redevelopment of the PUD Site (the "Southwest Waterfront PUD"). The District of Columbia, as owner of the PUD Site, except for Lots 83 and 814 in Square 473, the Vestry of St. Augustine's Church, the owner of Lots 83 and 814 in Square 473, and Hoffman-Struever Waterfront, LLC, the master developer selected by the District of Columbia to implement the redevelopment project, submitted their application for approval of the first-stage PUD to fulfill the revitalization plan envisioned by the District to reactivate the Southwest Waterfront.
18. Pursuant to Z.C. Order No. 11-03, which took effective on December 16, 2011, the Commission approved the first-stage PUD for the Southwest Waterfront redevelopment project, which is generally bounded by the Washington Channel of the Potomac River

and Maine Avenue between 6th and 11th Streets, S.W., and consists of approximately 991,113 square feet of land area (22.75 acres) and approximately 167,393 square feet of piers and docks in the adjacent riparian area (the “PUD Site”). The Commission approved a second-stage PUD application for Phase 1 of the redevelopment project, consisting of Parcels 2, 3, 4, and 11, the Capital Yacht Club, and the public open spaces known as the Wharf, the Transit Pier, the District Pier, the Yacht Club Piazza, the Mews, Jazz Alley, 7th Street Park and Waterfront Park, as well as temporary uses on Parcel 1, pursuant to Z.C. Order Nos. 11-03A(1), 11-03A(2), 11-03A(3), and 11-03A(4) (*effective date* February 15, 2013). In addition, pursuant to Z.C. Order No. 11-03B (*effective date* June 21, 2013), the Commission approved a second-stage PUD for Parcel 5, and, pursuant to Z.C. Order No. 11-03D (*effective date* January 15, 2016), a minor modification to the previously approved Parcel 5 plans.

19. Pursuant to the first-stage PUD approval, the overall redevelopment project will include a maximum landside density of 3.87 floor area ratio (“FAR”), excluding private rights-of-way, and a maximum potential 0.68 FAR of waterside uses. Proposed uses will include up to approximately 1,400 mixed-income and market-rate residential units, with 160,000 square feet of residential gross floor area (“GFA”) set aside for households earning no more than 30% and 60% of the Washington–Arlington–Alexandria, DC–VA–MD–WV Metropolitan Statistical Area Median Income (“AMI”); approximately 925,000 gross square feet of office uses; a luxury hotel with approximately 278 guest rooms, and two additional hotels with approximately 405 rooms; approximately 300,000 gross square feet of retail/service uses; a minimum of 100,000 gross square feet devoted to cultural activities; and more than ten acres of parks and open space. The riparian area will feature four new public-use piers as well as approximately 114,000 square feet of maritime-related commercial, recreational, and service development.
20. The Commission approved the first, second-stage application for the Southwest Waterfront PUD on February 15, 2013 in Z.C. Order Nos. 11-03A(1), 11-03A(2), 11-03A(3) and 11-03A(4), which proposed the development of six buildings on Parcels 2, 3, 4, and 11. This first phase of the project also encompassed the creation of new public parks and open spaces known as the Wharf, The Transit Pier, the District Pier, the Piazza Mews, the Avenue Mews, the Pier Mews, and Jazz Alley (collectively the “Mews”), the Yacht Club Piazza, the 7th Street Park, and Waterfront Park. At that time, Parcel 1 was also approved for a temporary parking lot/event space.
21. The subject second-stage PUD, which the Applicant initially contemplated as part of a later phase of the Southwest Waterfront PUD, proposes the development of a trophy-class office building containing ground-floor retail/service uses, as well as habitable penthouses uses on Parcel 1 (the “Parcel 1 Building”). It will contain approximately 261,056 total gross square feet, of which approximately 248,565 gross square feet will be devoted to office uses, and approximately 12,491 gross square feet will be devoted to ground-floor retail/services uses, which could increase by approximately 9,400 gross square feet should the Applicant opt to devote the northern portion of the second floor, identified on the Plans as “Office/Retail,” to retail/service uses rather than office use. The

Parcel 1 Building will also contain approximately 10,079 gross square feet of penthouse habitable space devoted to office and/or retail/service uses with adjacent roof terrace, including the potential for a restaurant, bar, or cocktail lounge use. The second-stage PUD also includes the construction of an active, open-air plaza located to the west of the Parcel 1 Building, known as Market Square, which will include a one-story building containing approximately 1,690 gross square feet of retail/service uses.

The Applicant and Development Team

22. The master developer of the overall Southwest Waterfront PUD is Hoffman-Struever Waterfront, LLC doing business as Hoffman-Madison Waterfront, LLC (“Hoffman-Madison”). The Applicant for the second-stage PUD is Wharf District Master Developer LLC, an affiliate of Hoffman-Madison, which is processing this second-stage PUD application on behalf of the Office of Deputy Mayor for Planning and Economic. The Applicant’s team includes the District-based Certified Local, Small, and Disadvantaged Business Enterprises of E.R. Bacon Development, Paramount Development and Triden Development, as well as District-based and CBE-certified CityPartners.

Approved Stage 1 PUD Development Parameters

23. Under the first-stage PUD, the Commission approved the development parameters for the overall Southwest Waterfront PUD, as shown on the architectural plans submitted to the record. Overall, the Commission approved a maximum landside density of 3.87 FAR, excluding private rights-of-way, and a combined gross floor area of approximately 3,165,000 square feet. Waterside uses were approved for a maximum potential density of 0.68 FAR, or approximately 114,000 gross square feet (*See* Z.C. Order No. 11-03, Condition Nos. A-1 and A-2 at p. 33).
24. The Commission authorized a maximum building height of 130 feet on Parcel 1, which was rezoned to the C-3-C Zone District. (*Id.*, Condition No. A-3 at p. 33.)
25. With respect to parking facilities for the project, the Commission authorized the construction of one or more below-grade parking structures on two to three levels that are required to provide spaces for approximately 2,100-2,650 vehicles. The overall redevelopment project is also required to provide parking or storage for 1,500-2,200 bicycles onsite, and sufficient loading facilities to accommodate the mix of uses on the PUD site. The precise amount of parking and loading is to be determined in each stage two PUD application. (*Id.*, Condition No. A-4 at p. 33.)

Overview of the Southwest Waterfront PUD

26. The primary objective of the Southwest Waterfront PUD is to reunite the city with the water’s edge and activate it with a mix of uses and year-round activity. This objective will be achieved by integrating the city’s unique urban qualities, such as dynamic parks and open spaces that are defined by consistent street walls, with aspects that recall the

character of the thriving commercial warehouse district and maritime activities that once lined the Washington Channel and connected the upland city streets to the maritime edge.

27. As described during the first-stage PUD, the Southwest Waterfront PUD will provide a mix of uses to ensure an active waterfront throughout the year, day and night. Rather than a collection of individual projects, the overall redevelopment has been designed as a series of “places” that integrate architecture and landscape design to create inviting and memorable public environments. There will be a variety of gathering places to cater to every interest, ranging from actively programmed places to simple promenades and parks for passive enjoyment of the water and its environs.
28. The design of the waterside development has been fully integrated with the landside development, and will include four new public-use piers along the Washington Channel. The District Pier, the largest of the piers, is intended to be the primary waterside entrance to the project and the host for the District’s waterside events. Several new tour boats, tall ships, and maritime vessels, such as water taxis, will be added to the existing recreational maritime activities to provide increased activity and several more options for the public to use the waterfront and engage in water sports and activities. The waterside development will extend to the limits of the Washington Channel’s federal navigational channel.

Parcel 1, Market Square, and Market Shed Proposed Development

Parcel 1

29. Parcel 1 is located at the northwestern end of the PUD Site, consists of approximately 32,744 square feet of land area, and is part of the larger proposed lot of record that will encompass Parcels 1-5. The Applicant proposes to locate multiple buildings on this single lot of record as permitted under 11 DCMR §2517.
30. Consistent with the phased development endorsed by the Commission, the building proposed on Parcel 1, the Parcel 1 Building, will consist of office and retail/service uses. The Parcel 1 Building will have approximately 261,056 gross square feet, of which approximately 248,565 gross square feet will be devoted to office uses, and approximately 12,491 gross square feet will be devoted to retail/services uses. The Parcel 1 Building will also contain approximately 10,079 gross square feet of penthouse habitable space that will be devoted to office and/or retail/service uses, including the potential for a restaurant, bar, or cocktail lounge use.
31. The massing of the Parcel 1 Building will consist of a two-story base with an eight-story office tower above the base, rising to a maximum building height of 130 feet.
32. The office tower is generally arranged in a north-south orientation, angled slightly to form a “V-shape” that opens southward to the Washington Channel. The tower includes a large two-story lobby that runs completely through the building from Maine Avenue to

the Wharf, providing visual connections through to the Washington Channel. Above the second floor along the west façade, the building is set back approximately five feet to break up the massing and scale of the building, and relate to Market Shed and the lower-scaled buildings of the adjacent Fish Market. This setback creates a third-floor terrace that overlooks Market Square and provides views toward the waterfront. The west façade is further articulated by a small court niche that starts at the fifth floor and extends the remaining height of the building.

33. In contrast to the building setback along the west façade of the building, the north façade, along Maine Avenue, S.W., is recessed at the first and second levels creating an upper-level cantilever that breaks up the building massing and emphasizes the main building entrance. A two-story water fall feature is proposed along this façade to animate and add visual interest along the Maine Avenue streetscape. The south façade of the building, facing the Washington Channel, includes an expansive, three-story central atrium that is set back in the center of the tower. At the tenth floor, this portion of the building is further set back an additional 16 feet, creating an outdoor terrace that overlooks the waterfront. Finally, the east façade, along Blair Alley, S.W., has a simple massing and articulation.
34. The retail uses will primarily be located on the ground floor along the west façade, adjacent to Market Square, and on the south façade, facing the Wharf and Washington Channel, and framing the three-story atrium. A dedicated elevator and stair along the west façade will provide general public access to the shared-use parking garage. The Parcel 1 Building's loading facilities and access ramp to the below-grade parking garage are located along the east façade, accessible from Blair Alley, S W. Above the ground floor, the remainder of the Parcel 1 Building will be devoted to office use, with the possible exception of the western portion of the second floor which may contain retail uses.
35. The Parcel 1 Building's penthouse includes both mechanical and habitable space, screened mechanical equipment, and outdoor terrace space. As designed, the penthouse enclosure has variable heights with the habitable space having a maximum height of 16'-0", and the mechanical space and screening having multiple heights of 16'-0" and 18'-6". Based upon the revised architectural plans submitted by the Applicant as part of its post-hearing submission, dated March 14, 2016, the Parcel 1 Building penthouse is setback 1:1 from the edge of the roof along all sides of the building.
36. The Parcel 1 Building penthouse will contain approximately 10,079 gross square feet of penthouse habitable space that will be devoted to office or retail/service uses, as well as an outdoor terrace. Pursuant to § 411.4(c) of the newly adopted penthouse regulations, the Applicant has requested flexibility to devote the penthouse habitable space to a restaurant, bar, and/or cocktail lounge uses.

Market Square

37. As part of the second-stage PUD, the Applicant will construct Market Square, an active, open-air plaza located immediately west of the Parcel 1 Building that will serve as the northern gateway into the renewed Southwest Waterfront neighborhood, the Wharf, and to Market Pier. Market Square is expected to be a primary point of arrival for visitors coming to the waterfront from the National Mall.
38. Market Square will be approximately 26,400 square feet in area.
39. The design of Market Square takes into consideration the heavily trafficked commercial activity of the Fish Market and the waterfront views from Banneker Park. A range of paving materials are proposed within Market Square to distinguish it as a special place in and of itself within the broader Wharf framework, and to help regulate the flow of pedestrians, bicyclists, and vehicles which will all mix together within this active, shared urban space. To ensure safe pedestrian connectivity, dedicated sidewalks are proposed along the edges of Market Square. The sidewalks will have distinct paving and relate to the new signalized crosswalks on Maine Avenue. The east-west shared pedestrian crossing between the Parcel 1 Building and the Fish Market will be distinct from the surrounding shared vehicular surfaces. A different set of paving materials or patterns that is distinguished from the dedicated pedestrian spaces is proposed in the areas where pedestrians, bicycles, and automobiles will intermix. Other traffic calming measures proposed within Market Square include the placement of sturdy planters at crosswalks and the limited use of bollards.

Market Shed

40. As part of the second-stage PUD, the Applicant will construct the Market Shed pavilion, a one-story retail structure consisting of approximately 1,690 gross square feet that will be centrally located within Market Square. Market Shed will measure approximately 18 feet wide by 118 feet in length, and will vary in height from approximately 21 feet at the high points of the roof, to approximately 14 feet at the low point.
41. The Market Shed pavilion has been specifically designed to relate to the other small-scaled pavilions that are set within the landside open spaces, or on new or repurposed waterside piers, throughout the Southwest Waterfront PUD, and to allow views to the waterfront from Banneker Park. Market Shed is designed to accommodate one or two tenants.

The Wharf and Maine Avenue

42. The second-stage PUD will construct approximately 190 linear feet of the Wharf, the pedestrian promenade adjacent to the Washington Channel and running the full length of the PUD Site, that will have the ability to accommodate low-speed, low-volume vehicular access to business fronts, restaurants, elderly and disabled passenger drop off, and valet

parking along the water's edge, and the flexibility to be closed periodically for special events and certain nights and weekends to emphasize and enhance the pedestrian experience while still maintaining emergency access.

43. The portion of the Wharf that will be constructed as part of the second-stage PUD will be consistent in design with other sections of the Wharf that have previously approved by the Commission.
44. As part of the second-stage PUD, approximately 219 linear feet of Maine Avenue, S.W. between Blair Alley, S.W. and Market Square will be reconstructed consistent with the streetscape design that has been previously approved by the Commission.

Parking and Loading Facilities

45. A minimum of 78 parking spaces will be devoted to the office component of the Parcel 1 Building within the shared-use garage located below Parcels 1-5. DDOT expressed no objection to this number of parking spaces based on the Applicant's continued commitment to the Transportation Demand Management ("TDM") program and monitoring plan approved as part of the first-stage PUD, and the TDM measures that are specific to this second-stage PUD. These measures are listed as Condition C.1 of this Order.
46. The required bicycle parking spaces for the Parcel 1 Building will be satisfied within the approximately 120 short-term and 850 long-term bicycle parking spaces that are being provided within the larger shared-use parking garage.
47. Loading facilities are also located off of Blair Alley, near the intersection with Maine Avenue, and will consist of two, 30-foot loading berths and a 250-square-foot loading dock. The Applicant requested flexibility from the loading requirements, as discussed in greater detail elsewhere in this order.
48. The Applicant will implement specific restrictions and guidelines on loading operations at the Parcel 1 Building to ensure coordination of deliveries among the tenants of the Parcel 1 Building, and between Parcel 1 and Parcel 2, as set forth in the transportation technical memorandum submitted into the record. (Ex. 19A.)

Project Benefits and Amenities

49. The Applicant was required by condition C.3 of Z.C. Order No. 11-03 to provide, for each second-stage PUD application, a detailed implementation plan for the public benefits and project amenities enumerated in Exhibit No. 60 and in Conditions Nos. B-3 through B-6 that identifies the benefits and amenities proposed for that particular stage-two application, the benefits and amenities that have already been implemented, the benefits and amenities yet to be implemented, and an overall status update and timetable for implementation. The Applicant provided this plan for this second-stage application.

(Ex. 2E). The Commission finds that this second-stage PUD will provide the benefits and amenities as set forth below.

Sustainable (LEED) Development

50. In keeping with the approved first-stage PUD, the overall Southwest Waterfront PUD will be designed to achieve the LEED-ND (v2009) certification at the Gold level or higher, and each new building of the Southwest Waterfront PUD will be designed to achieve LEED-NC (v2009) or LEED-CS (v2009) Silver rating or higher. The Applicant has developed guidelines to ensure that the second-stage PUD has been designed in accordance with LEED-ND (v2009) Gold objectives in order to meet individual certification requirements and to comply with the overall larger framework of LEED-ND (v2009) criteria. The Parcel 1 Building will be designed to achieve a minimum LEED-CS (v2009) Gold rating, which exceeds the first-stage PUD requirement, and will meet the LEED stormwater requirements (*see* Z.C. Order No. 11-03, Condition No. B-7 at p. 36).

Project Association

51. In accordance with the LDA, the Applicant will create and manage a project association for the PUD that will be responsible for maintenance and improvements of the private roadways, alleys, bicycle paths, promenade, sidewalks, piers, parks, and signage, within the PUD Site (the "Project Association"). The Applicant will manage and operate the Project Association during the "developer control period," as defined in the Applicant's Declaration of Covenants with the District of Columbia. The developer control period begins upon the effective date of the Declaration of Covenants and ends five years after issuance, or deemed issuance, of the last certificate of completion for all portions of the Southwest Waterfront PUD, and unit certificates of completion for each residential condominium unit. The Project Association will fund maintenance and programming of the common elements of the Southwest Waterfront PUD through a Common Area Maintenance ("CAM") assessment charge to each development component within the Southwest Waterfront. Additionally, the Project Association will be responsible for programming and staging events within the PUD Site.

Certified Business Enterprises

52. The Applicant has entered into a Certified Business Enterprise ("CBE") Agreement, with the D.C. Department of Small and Local Business Development ("DSLBD") to achieve, at a minimum, a 35% participation by certified business enterprises in the contracted development costs for the design, development, construction, maintenance, and security for the project to be created as a result of the overall Southwest Waterfront PUD.
53. Furthermore, under the LDA, the Applicant has committed that 20% of the retail space throughout the Southwest Waterfront PUD will be set aside for "unique" and/or "local" businesses, which will include CBEs. As defined under the LDA, a "local" business is a retailer that is either a CBE or a retailer headquartered in the District of Columbia. A

"unique" business is a retailer owning or operating fewer than eight retail outlets in the aggregate at the time such retailer enters into a retail lease at the PUD Site (inclusive of such retail outlet at the PUD Site). The Applicant will work collaboratively with business and community organizations throughout the District to identify and, where possible, mentor potential small restaurateurs and retailers to help them lease and successfully operate these retail spaces. The Applicant will also have kiosks along the promenades, and in parks and other public spaces, where even smaller local businesses can try out their retail concepts on a low-risk basis. Those kiosk operators who are successful may have the opportunity to move indoors, into one of the spaces reserved for unique and local business enterprises, thereby growing their business.

First Source Employment Opportunity

54. The Applicant has executed a First Source Employment Agreement with the Department of Employment Services to achieve the goal of utilizing District residents for at least 51% of the new jobs created by the overall Southwest Waterfront PUD. (*See* Exhibit 209 in Z.C. Case No. 11-03A.) Prior to issuance of a building permit for construction of the Parcel 1 Building, the Applicant shall complete the Construction Employment Plan of the First Source Employment Agreement outlining the hiring plan for the project. The Applicant shall meet the First Source Employment Agreement requirement that 20% of new jobs will be filled by Ward 8 residents, and that good faith diligent efforts will be made to hire residents of Southwest Washington. In addition, 30% of apprenticeship opportunities shall be filled by residents residing east of the Anacostia River. The Applicant and the contractor, once selected, shall use best efforts to coordinate apprenticeship opportunities with construction trades organizations, the D.C. Students Construction Trades Foundation, and other training and job placement organizations to maximize participation by District residents in phases of construction of the Southwest Waterfront PUD.

Workforce Intermediary Program

55. As required as part of the first-stage PUD approved benefits and amenities, the Applicant has contributed \$1 million to the District's Workforce Intermediary Program.

Development Incentives

56. *Penthouse Setbacks*: As part of its initial application, the Applicant had requested relief from the 1:1 penthouse setback requirements of the Zoning Regulations along the west and south façades of the Parcel 1 Building, facing Market Square and the Wharf/Washington Channel, respectively. In response to comments made by the Commission at the public hearing, the Applicant submitted revised architectural drawings as part of its post-hearing submission that showed fully compliant penthouse setbacks, thus eliminating the need for this area of relief.

57. Habitable Penthouse Use: Pursuant to the newly adopted penthouse regulations, which went into effect on January 8, 2016, buildings and structures within the C-3-C Zone District, such as the Parcel 1 Building, are permitted to have habitable space devoted to any use permitted within the C-3-C Zone District, with the exception of a nightclub, bar, cocktail lounge, or restaurant, which are permitted by special exception. Thus, in addition to any other use that is permitted as a matter of right in the C-3-C, such as office and retail/service uses, the Applicant requests relief to allow a restaurant, bar, and/or cocktail lounge use within the Parcel 1 Building penthouse. While the Applicant had initially requested relief to also allow a nightclub as a potential use in the Parcel 1 Building habitable penthouse, this particular use was eliminated from the flexibility request in response to Commission comments.
58. Mechanical Penthouse Height: Under the newly adopted penthouse regulations, penthouse mechanical space, penthouse habitable space, and equipment screening are permitted to each have a different height, but individually must be designed to a uniform height. (Z.C. Order No. 14-13, effective January 8, 2016.) The Applicant requested flexibility to allow the Parcel 1 Building's penthouse mechanical space to have two separate heights. The majority of the penthouse mechanical space will have a height of 18'-6", with the remainder having a lower height of 16'-0". The two different heights are a result of the size and function of the mechanical equipment within these areas.
59. Loading Facilities: Pursuant to § 2201.1 of the Zoning Regulations, the Parcel 1 Building generates a loading requirement of three, 30-foot-deep loading berths; one, 20-foot service/delivery space; and three platforms each measuring 100 square feet, 300 square feet total. Relief is requested from the prescribed loading requirement to provide two, 30-foot loading berths and a 250-square-foot loading platform.
60. Parking: The office and retail/service uses within the Parcel 1 Building generate a vehicle parking requirement of approximately 153-166 parking spaces, inclusive of the penthouse habitable space. The Applicant will provide a minimum of 78 vehicle parking spaces in the shared-use garage located below Parcels 1-5, which will be devoted to the office component of the Parcel 1 Building. Employees and retailers of the Parcel 1 Building's retail/service use component will have access to the general use spaces within the shared-use garage. Approximately 11 additional surface parking spaces will be provided in Market Square.

Design Flexibility

61. The Applicant requested flexibility with the design of the second-stage PUD in the following areas:
- a. The Parcel 1 Building shall provide two 30'-0" loading berths and a 250-square-foot loading platform;

- b. To vary the location and configuration of the parking spaces devoted to the office component of the Parcel 1 Building within the shared-use garage located below Parcels 1-5;
- c. To adjust the total amount of office and retail gross floor area by five percent;
- d. To allow multiple penthouse heights for penthouse mechanical space;
- e. To allow office, retail, restaurant, bar, and/or cocktail lounge uses within the Parcel 1 Building penthouse and on the penthouse terrace consistent with the Plans;
- f. To vary the location and design of all interior components, including partitions, structural slabs, doors, hallways, columns, stairways, and mechanical rooms, provided that the variations do not change the exterior configuration of the building;
- g. To make refinements to exterior building details and dimensions, including belt courses, sills, bases, cornices, railings, roof, skylight, architectural embellishments and trim, window mullions and spacing, or any other changes to comply with the District of Columbia Building Code or that are necessary to obtain a final building permit;
- h. To vary the retail entrances, façades, and signage in accordance with the needs of the retail tenants and within the potential retail signage zones shown in the supplemental plans filed as part of the Applicant's post-hearing submission;
- i. To permit the selection of either the terra cotta panel, metal panel, or combination terra cotta/metal panel exterior façade system, to vary the depth of the façade panels, and to vary the final color of the panels based on availability at the time of construction without reducing material quality;
- j. To permit the selection of travertine or other similar stone product used on the exterior building façade at the two-story retail level, based on availability at the time of construction without reducing the quality of materials, and provided the final selection is similar in color and texture to what is shown in the approved plans; and
- k. To vary the final selection of the open space paving materials within the color ranges and material types as proposed, based on constructability and availability at the time of construction.

Office of Planning Report

62. By report dated January 11, 2016, OP recommended approval of the second-stage PUD, noting that the project is not inconsistent with the first-stage PUD or the Zoning

Regulation. In addition, OP stated that the project is not inconsistent with the Comprehensive Plan, including the Generalized Policy Map and Future Land Use Map, and is also consistent with the Development Plan and Anacostia Waterfront Initiative Vision for the Southwest Waterfront. (Ex. 21.)

63. OP did not object to the Applicant's request for flexibility from certain areas of the Zoning Regulations, and for certain aspects of the design of the second-stage PUD.
64. Based on the analysis provided in the OP report, the Commission finds the second-stage PUD to be not inconsistent with the Comprehensive Plan, including the Generalized Policy Map and Future Land Use Map.

DDOT Report

65. DDOT submitted a memorandum, dated January 11, 2016, in support of the second-stage PUD, with conditions. (Ex. 20.) DDOT concluded, after an extensive review of the case materials submitted by the Applicant, that any adverse impacts of the second-stage PUD can be mitigated based on: (i) the TDM mitigation measures proffered in the second-stage PUD for Phase 1 of the Southwest Waterfront PUD (Z.C. Order No. 11-03A(1), (2), (3), and (4)); and (ii) implementation of the additional TDM measures specific to this second-stage PUD that are listed in the Applicant's transportation technical memorandum. (Ex. 19A.)
66. DDOT also recommended that the Applicant supplement its TDM measures to include placement of electronic message boards in both the Parcel 1 Building and Market Shed, which provide real-time information on nearby transit services. The Applicant agreed to this recommendation.
67. Based on the TDM measures included in Z.C. Case No. 11-03A that will govern the entirety of the Southwest Waterfront PUD, the additional TDM commitments made by the Applicant that are specific to this second-stage PUD, and the additional TDM commitment recommended by DDOT, to which the Applicant has agreed, the Commission finds that any potential adverse transportation impacts that may arise can be detected, monitored, and addressed quickly and efficiently.

ANC Report

68. On December 14, 2015, ANC 6D voted 7-0-0 to support the second-stage PUD. The report of the ANC was submitted to the case record on January 21, 2016. (Ex. 24.)
69. With respect to the second-stage PUD design, the ANC was very supportive of the overall design of the Parcel 1 Building, especially with respect to its relationship to the Washington Channel.

70. While in support of the second-stage PUD, ANC 6D provided several comments for the Commission's consideration regarding certain aspects of the project that pertain to: (i) acoustic impacts caused by the use of the proposed penthouse habitable space for a nightclub, restaurant, bar, and/or cocktail lounge uses; (ii) signage and lighting; (iii) the impact of the Parcel 1 Building on migratory birds; (iv) the types of paving within Market Square; (v) the Applicant's request for flexibility to change building materials, (vi) the programming of Market Shed; and (vii) site circulation and pedestrian safety.
71. Noting that it shared some of the same comments as the ANC, particularly those relating to potential noise impacts caused by certain uses within the penthouse, and in particular a nightclub; signage and lighting; and the requested flexibility to change building materials, the Commission requested the Applicant to supplement the case record with additional information on these items, which was provided by the Applicant as part of its post-hearing submission.
72. The Commission accords great weight to the views of the ANC and finds that the Applicant has responded appropriately to the ANC's comments.

Metropolitan Police Department

73. On January 20, 2016, the Metropolitan Police Department, First District ("MPD"), submitted comments on the second-stage PUD. (Ex. 22.) MPD's letter contained recommendations regarding general safety and security of the PUD Site, including, among other things, providing adequate lighting along streets, alleys, and bicycle paths, utilizing FOB keys to control access to buildings, and provision of onsite security. MPD stated that it was in support of a restaurant use, but was not in support of a nightclub or bar.
74. At the public hearing, the Applicant confirmed it would be implementing security systems and procedures, as necessary, to ensure a safe environment throughout the Southwest Waterfront PUD. In addition, as previously noted, the Applicant has withdrawn its initial request for flexibility to allow a nightclub use in the Parcel 1 Building penthouse. Therefore, based on the information contained in the record and the testimony provided at the public hearing, the Commission finds that the Applicant has adequately addressed MPD's comments. With respect to MPD's comment on restaurant and bar uses, the Commission finds both uses to be acceptable and appropriate considering the mixed-use, entertainment type environment sought for the Southwest Waterfront, and that the potential impacts of both uses are likely to be similar, since restaurants oftentimes include a bar and bars often serve food, and able to be addressed in much the same manner.

Commission of Fine Arts

75. At its June 18, 2015, meeting, the U.S. Commission of Fine Arts ("CFA") reviewed and granted concept approval to the Parcel 1 Building. (Ex. 2F.)

CONCLUSIONS OF LAW

1. Pursuant to the Zoning Regulations, the PUD process is designed to encourage high-quality development that provides public benefits. (11 DCMR § 2400.1.) The overall goal of the PUD process is to permit flexibility of development and other incentives, provided that the PUD project “offers a commendable number or quality of public benefits, and that it protects and advances the public health, safety, welfare, and convenience.” (11 DCMR § 2400.2.)
2. Under the PUD process of the Zoning Regulations, the Commission has the authority to consider this application as a second-stage PUD. The Commission may impose development conditions, guidelines, and standards which may exceed or be less than the matter-of-right standards identified for height, density, lot occupancy, parking, loading, yards, or courts. The Commission may also approve uses that are permitted as special exceptions that would otherwise require approval by the District of Columbia Board of Zoning Adjustment.
3. Development of the property included in this application carries out the purposes of Chapter 24 of the Zoning Regulations to encourage the development of well-planned developments, which will offer a project with more attractive and efficient overall planning and design, not achievable under matter-of-right development.
4. Both the Overall PUD Site and the Property meet the minimum area requirements of § 2401.1 of the Zoning Regulations.
5. The second-stage PUD, as approved by the Commission, complies with the applicable height, bulk, and density standards of the PUD guidelines, the parameters of the first-stage PUD, and the authority vested in the Commission to grant deviations therefrom. The office and retail/service uses proposed as part of the second-stage PUD are appropriate for the Property, as well as the Overall PUD Site. The impacts of the second-stage PUD on the surrounding area are not unacceptable. Accordingly, the second-stage PUD should be approved.
6. This stage-two PUD is substantially in accordance with the elements, guidelines, and conditions of the first-stage PUD, and thus, should be granted second-stage PUD approval. Pursuant to § 2408.6, if the Commission finds the second-stage PUD application to be in accordance with the intent and purpose of the Zoning Regulations, the PUD process, and the first-stage PUD approval, the Commission shall approve the second-stage PUD, including any guidelines, conditions, and standards that are necessary to carry out the Commission's decision. As set forth above, the Commission so finds.
7. The second-stage PUD can be approved with conditions to ensure that any potential adverse effects on the surrounding area from the development will be mitigated.

8. The Applicant's requests for flexibility from the Zoning Regulations is consistent with the Comprehensive Plan, and the requests for flexibility for certain design aspects of the second-stage PUD are appropriate. Moreover, the project benefits and amenities are reasonable trade-offs for the requested development flexibility.
9. Approval of the second-stage PUD is appropriate because the proposed development is not inconsistent with the Comprehensive Plan for the National Capital. In addition, the proposed development will promote the orderly development of the Property, and Overall PUD Site, in conformity with the entirety of the Zone Plan, as embodied in the Zoning Regulations and Map of the District of Columbia.
10. The Commission is required under § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04), to give great weight to OP recommendations. The Commission carefully considered the OP reports and its oral testimony at the hearing. As explained in this decision, the Commission finds OP's recommendation to grant the application persuasive.
11. The Commission is required under § 13(d) of the Advisory Neighborhood Commissions Act of 1975, effective March 26, 1976 (D.C. Law 1-21; D.C. Official Code § 1-309.10(d)) to give great weight to the issues and concerns raised in the written report of the affected ANC. The Commission has carefully considered the ANC 6D's recommendation for approval, and finds that the Applicant has successfully addressed all of the comments in ANC 6D's report.
12. The application for a PUD is subject to compliance with D.C. Law 2-38, the Human Rights Act of 1977.

DECISION

In consideration of the Findings of Fact and Conclusions of Law contained in this Order, the Zoning Commission for the District of Columbia **ORDERS APPROVAL** of the application for approval of the second-stage PUD for Parcel 1 of the Southwest Waterfront redevelopment project, subject to the guidelines, conditions, and standards set forth below.

A. Project Development

1. The second-stage PUD shall be developed with a mixed-use building containing office and retail/service uses, in accordance with the architectural plans submitted by the Applicant dated January 1, 2016, and marked as Exhibits 19B1-19B18 in the case record, as updated/revised by the Applicant as part of its post-hearing submission, dated March 14, 2016, marked as Exhibits 37A1-37A5 (collectively, the "Plans"), and as modified by the guidelines, conditions, and standards herein.
2. The maximum height of the Parcel 1 Building shall be 130 feet, with approximately 261,056 square feet of gross floor area.

3. Consistent with the Plans, the Applicant shall provide a minimum of 78 parking spaces in the shared-use garage located below Parcels 1-5 that are devoted to the office component of the Parcel 1 Building.
4. This second-stage PUD shall also provide the improvements to Maine Avenue and the Wharf adjacent to Parcel 1 and Market Square as shown on Sheets 2.1, 2.2, and 2.6 of the Plans. (Ex. 19B13-19B14.) To the extent any of these improvements are located within public space, the Applicant shall obtain approval by DDOT, and/or other District agencies as necessary, prior to construction of the improvements.
5. The Applicant shall have flexibility with the design of the second-stage PUD in the following areas:
 - a. The Parcel 1 Building shall provide two 30'-0" loading berths and a 250-square-foot loading platform;
 - b. To vary the location and configuration of the parking spaces devoted to the office component of the Parcel 1 Building within the shared-use garage located below Parcels 1-5;
 - c. To adjust the total amount of office and retail gross floor area by five percent;
 - d. To allow multiple penthouse heights for penthouse mechanical space;
 - e. To allow office, retail, restaurant, bar, and/or cocktail lounge uses within the Parcel 1 Building penthouse and on the penthouse terrace consistent with the Plans;
 - f. To vary the location and design of all interior components, including partitions, structural slabs, doors, hallways, columns, stairways, and mechanical rooms, provided that the variations do not change the exterior configuration of the building;
 - g. To make refinements to exterior building details and dimensions, including belt courses, sills, bases, cornices, railings, roof, skylight, architectural embellishments and trim, window mullions and spacing, or any other changes to comply with the District of Columbia Building Code or that are necessary to obtain a final building permit;
 - h. To vary the retail entrances, façades, and signage in accordance with the needs of the retail tenants and within the potential retail signage zones shown in the supplemental plans filed as part of the Applicant's post-hearing submission;

- i. To permit the selection of either the terra cotta panel, metal panel, or combination terra cotta/metal panel exterior façade system, to vary the depth of the façade panels, and to vary the final color of the panels based on availability at the time of construction without reducing material quality;
 - j. To permit the selection of travertine or other similar stone product used on the exterior building façade at the two-story retail level, based on availability at the time of construction without reducing the quality of materials, and provided the final selection is similar in color and texture to what is shown in the approved plans; and
 - k. To vary the final selection of the open space paving materials within the color ranges and material types as proposed, based on constructability and availability at the time of construction.
6. The Applicant shall submit the final upper-level signage design for review by the Commission as a minor modification on the Commission's consent calendar.

B. Public Benefits

1. Prior to the issuance of a certificate of occupancy, the Applicant shall demonstrate that the Parcel 1 Building has been designed to achieve a LEED-CS (core and shell) Gold rating, generally consistent with the score sheet submitted as Sheet 1.4O of the portion of the Plans dated January 1, 2016. (Ex. 19B12.)
2. Prior to issuance of a certificate of occupancy, the Applicant shall establish the Project Association for the Southwest Waterfront PUD that will be responsible for maintenance and improvements of the private roadways, alleys, bicycle paths, promenade, sidewalks, piers, parks, and signage within the PUD Site. Additionally, the Project Association will be responsible for programming and staging events within the PUD Site. The Project Association will fund maintenance and programming elements of the common elements of the Southwest Waterfront PUD through a Common Area Maintenance ("CAM") assessment charge to each development component within the Southwest Waterfront PUD. The Applicant shall create, manage and operate the Project Association during the "developer control period," which begins on the effective date of the Declaration of Covenants between the District of Columbia and the Applicant and ends five years after issuance, or deemed issuance, of the last certificate of completion for all portions of the Southwest Waterfront PUD, and unit certificates of completion for each residential condominium unit.
3. During construction of the PUD, the Applicant shall abide by the terms of the executed First Source Employment Agreement with the Department of

Employment Services to achieve the goal of utilizing District residents for at least 51% of the new jobs created by the Southwest Waterfront PUD. Prior to issuance of a building permit for the construction of the Parcel 1 Building, the Applicant shall complete the Construction Employment Plan of the First Source Employment Agreement outlining the hiring plan for the project. The Applicant and the contractor, once selected, shall use best efforts to coordinate apprenticeship opportunities with construction trades organizations, the D.C. Students Construction Trades Foundation, and other training and job placement organizations to maximize participation by District residents in the training and apprenticeship opportunities in the Southwest Waterfront PUD.

4. *During the life of the project*, in accordance with the LDA, the Applicant shall abide by the executed CBE Agreement with the Department of Small and Local Business Development to achieve, at a minimum, 35% participation by certified business enterprises in the contracted development costs for the design, development, construction, maintenance, and security for the project to be created as a result of the Southwest Waterfront PUD. (Z.C. Case No. 11-03, Ex. No. 4-J.) The Applicant shall comply with the LDA requirement to lease 20% of the retail space throughout the Wharf to “unique” and/or “local” businesses, which will include CBEs.

C. Transportation Mitigation

1. *For the life of the Project*, the Applicant shall abide by the Transportation Demand Management (TDM) program and monitoring plan approved as part of the first-stage PUD, and the following TDM measures that are specific to this second-stage PUD:
 - a. A member of the Wharf property management group will be a point of contact and will be responsible for coordinating, implementing, and monitoring the TDM strategies. This would include the development and distribution of information regarding transit facilities and services, bicycle facilities and linkages, and car-sharing.
 - b. The Applicant will post all TDM commitments to allow the public to see what commitments have been promised.
 - c. To encourage public transit utilization by both Metrorail and Metrobus, the Applicant will make information available within the office lobby related to local transportation alternatives. The marketing program should also utilize existing resources such as www.goDCgo.com, which provides transportation information and options for getting around the District.

- d. The Applicant will install an electronic message board in both the Parcel 1 Building and Market Shed, which provide real-time information on nearby transit services.
2. **For the life of the Project**, consistent with the Plans, the Applicant shall provide two, 30-foot loading berths and a 250-square-foot loading platform, and, to accommodate the expected loading demand of the Parcel 1 Building and mitigate any potential impacts that may result from the loading flexibility granted by the Commission, the Applicant shall implement the following specific restrictions and guidance regarding loading operations at the Parcel 1 Building loading dock:
 - a. A representative of the Operations Manager will supervise deliveries to the loading dock to minimize conflicts, especially when large trucks are maneuvering down the alley in two-way traffic;
 - b. Trucks using the loading dock will not be allowed to idle and must follow all District guidelines for heavy vehicle operation including, but not limited to, 20 DCMR - Chapter 9, Section 900 ("Engine Idling"), the regulations set forth in DDOT's Freight Management and Commercial Vehicle Operations document;
 - c. Maneuvering of delivery trucks will be limited, as necessary, during peak periods when traffic volumes are highest or at times that would coincide with trash collection to avoid and/or minimize potential conflicts; and
 - d. High-turnover retail and restaurant delivery trucks will be allowed limited use of the loading dock during times of high retail and restaurant traffic in The Wharf.

D. Miscellaneous

1. No building permit shall be issued for the second-stage PUD until the Applicant has recorded a covenant in the land records of the District of Columbia, between the Applicant and the District of Columbia, that is satisfactory to the Office of the Attorney General and the Zoning Division, DCRA. Such covenant shall bind the Applicant and all successors in title to construct and use the property in accordance with this order, or amendment thereof by the Commission. The Applicant shall file a certified copy of the covenant with the records of the Office of Zoning.
2. The second-stage PUD shall be valid for a period of two years from the effective date of Z.C. Order No. 11-03C. Within such time, an application must be filed for a building permit for the construction of the project as specified in 11 DCMR § 2409.1. Construction of the project must commence within three years of the effective date of Z.C. Order No. 11-03C.

ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
ZONING COMMISSION ORDER NO. 15-03
Z.C. Case No. 15-03
Aria Development Group
(Consolidated Approval for a PUD and Related Zoning Map
Amendment @ Square 2866, Lots 831 & 838)
April 11, 2016

Pursuant to notice, the Zoning Commission for the District of Columbia (“Commission”) held a public hearing on December 10, 2015, to consider an application from Aria Development Group (“Applicant”) for consolidated review and approval of a planned unit development (“PUD”) and related Zoning Map amendment. The Commission considered the application pursuant to Chapters 24 and 30 of the District of Columbia Zoning Regulations, Title 11 of the District of Columbia Municipal Regulations. The public hearing was conducted in accordance with the provisions of 11 DCMR § 3022. For the reasons stated below, the Commission hereby approves the application.

FINDINGS OF FACT

The Application, Parties, and Hearing

1. The project site consists of Lots 831 and 838 in Square 2866 (“Property”). The Property is zoned R-5-B. The Property includes approximately 29,700 square feet of land area and is located within the boundaries of Advisory Neighborhood Commission (“ANC”) 1B. (Exhibit [“Ex.”] 1.)
2. On February 6, 2015, the Applicant submitted an application seeking review and approval of a consolidated PUD and related Zoning Map amendment to the R-5-C Zone District for a new multifamily apartment building. (Ex. 1-1H.)
3. Notice of the public hearing was published in the *D.C. Register* on October 30, 2015, was mailed to ANC 1B and to owners of all property within 200 feet of the Property in accordance with 11 DCMR § 3015.3, and was posted on signs at the Property at least 40 days before the hearing. (Ex. 15, 16.)
4. The public hearing on the application was conducted on December 10, 2015. Notice of the hearing was provided in accordance with the provisions of 11 DCMR §§ 3014 and 3015, and the hearing was conducted in accordance with the provisions of 11 DCMR § 3022.
5. By memorandum dated March 20, 2015, and through testimony at the public meeting held on March 30, 2015, the Office of Planning (“OP”) recommended that the Commission set down the application for public hearing as a consolidated PUD and related Zoning Map amendment to the R-5-C Zone District. (Ex. 9; 3/30/2015 Transcript (“Tr.”) at pp. 57-58.)
6. At its March 30, 2015 public meeting, the Commission set down the cases for a public hearing as a contested case. The Commission adopted OP’s recommendation that the

- application be set down as a consolidated PUD and related Zoning Map amendment to the R-5-C Zone District. (3/30/2015 Tr. at pp. 61-62.)
7. On October 6, 2015, the Applicant filed a pre-hearing submission, and a public hearing was timely scheduled for December 10, 2015. On November 19, 2015, prior to the public hearing, the Applicant supplemented its application with additional information, including updated public benefits and amenities; revised plans; and a transportation impact study. (Ex. 11-11C, 23-23D.)
 8. In addition to the Applicant, ANC 1B was automatically a party in this proceeding. ANC 1B submitted a report concerning the application. The ANC also provided testimony at the public hearing. Following the public hearing, the ANC submitted another report in support of the application. (Ex. 51, 60; 12/10/2015 Tr. at pp. 85-105.)
 9. At the public hearing, the Commission heard testimony and received a report from OP in support of the application. (Ex. 44; 12/10/2015 Tr. at p. 80.)
 10. At the public hearing, the Commission heard testimony and received a report from the District Department of Transportation (“DDOT”) stating that it has no objection to the application. (Ex. 46; 12/10/2015 Tr. at pp. 80-83.)
 11. At the December 10, 2015 public hearing, the Applicant presented evidence and testimony from Josh Benaim, a member of the development team; Ralph Cunningham, qualified as an expert in architecture; Heather Daley Rao, project architect; and Jim Watson, qualified as an expert in traffic engineering. (12/10/2015 Tr. at pp. 9-46.)
 12. On February 8, 2016, the Applicant submitted additional information in response to issues and questions raised at the December 10 public hearing. (Ex. 59-59G.)
 13. At a public meeting held on February 29, 2016, the Commission took proposed action to approve the application. the Commission requested that the Applicant state whether it believed the penthouse required setback relief from the closed court at the east side of the building.
 14. On March 7, 2016, the Applicant provided the list of proffers and proposed conditions as required by 11 DCMR § 2403.16. (Ex. 64.)
 15. On March 11, 2016, the Applicant responded to the question posed by the Commission when it took proposed action. The Applicant stated it believed a setback was not required, pursuant to 11 DCMR § 411.18(c)(5).
 16. On March 21, 2016, the Applicant provided its final list of proffers and draft conditions that responded to the comments provided by the Office of the Attorney General. (Ex. 66.) Attached to the list was the chart showing details of the Applicant’s affordable housing proffer. (Ex. 67.)

17. The proposed action of the Commission was referred to the National Capital Planning Commission (“NCPC”) pursuant to the District of Columbia Home Rule Act. (Ex. 63.) NCPC did not provide a report for this case.
18. At a public meeting on April 11, 2016, the Commission took final action to approve the application, subject to conditions.

The Property and Surrounding Area

19. The Property is located in the Northwest quadrant of the District of Columbia and contains approximately 29,700 square feet of land area. It is bounded by a public alley that ranges from approximately 22–37 feet wide to the north, Clifton Street, N.W. to the south, a multifamily condominium building to the east, and another condominium building to the west. The Property is less than one-half mile from both the U Street–Cardozo and the Columbia Heights Metrorail stations. (Ex. 1, 50A-50B; 12/10/2015 Tr. at pp. 17-18.)
20. The Property is currently improved with two older apartment buildings. The apartment building on the east side of the Property, 1309 Clifton Street, is a three-story building constructed circa 1954 that contains approximately 18 units and provides four parking spaces. This building is in poor condition and has been a security problem for the families residing in the building. The apartment building on the west side of the Property, 1315 Clifton Street, is an attractive four-story apartment building constructed circa 1909 in an Italianate Revival style. This building has not been renovated in many years and lacks many modern conveniences and necessities. The existing landscaping in front of the buildings is largely unremarkable and unkempt. A berm elevates the majority of the Property above the sidewalk on Clifton Street. (Ex. 1, 50A-50B; 12/10/2015 Tr. at pp. 21-22, 56-57.)
21. The immediately surrounding blocks are developed with a mixture of multifamily buildings of different heights and densities – ranging from two stories to more than six stories. In the same block, and along the same side of Clifton Street as the Property, are multiple three- or four-story apartment buildings. Directly across the street from the Property are three large six-story apartment buildings containing more than 100 units that span almost the entire length of the block. These three buildings were developed contemporaneously, but one is a condominium, known as Wardman Court, and two are rental buildings. At the western end of the block is a paint store with a surface parking lot to service it. Access to the alley behind the Property is via an entrance off Clifton Street adjacent to the paint store property. At the eastern end of the block, across 13th Street, is the Cardozo Educational Campus. (Ex. 1, 50A-50B; 12/10/2015 Tr. at pp. 11-13.)
22. The immediate neighborhood is primarily zoned R-5-B, with the properties along 14th Street to the west zoned C-2-B. To the north and east of the Property, properties are zoned R-4. (Ex. 1C, 50A-50B)

23. The Property is located in the Medium-Density Residential category on the District of Columbia Future Land Use Map ("FLUM"). The Applicant requested a PUD-related rezoning of the Property to the R-5-C Zone District. (Ex. 1, 1D.)

Description of the PUD Project

24. The project will be a new six-story apartment building with underground bicycle and automobile parking ("Project"). The Project will have a maximum floor area of approximately 118,800 gross square feet ("GSF"), for an effective density of 4.0 floor area ratio ("FAR"). All of the gross square feet will be dedicated to residential use. The lot occupancy will be 71%, and the maximum height of the building will be 60 feet. The underground parking garage will provide 45 parking spaces, and the building will provide a 30-foot loading berth accessed from the alley. (Ex. 11A, 23B; 12/10/2015 Tr. at pp. 18-19.)
25. The majority of the building will be a new structure on the east and north sides of the Project, but a large front segment of the existing west building will be preserved and integrated into the design, resulting in one harmonious building that has two distinct but complimentary elements. (Ex. 11A, 23B, 50A-50B; 12/10/2014 Tr. at pp. 21-22.)
26. In total, the Project will include 152-156 new residential units. The Project will provide 10% of the gross floor area ("GFA") (on floors one to five) as affordable units for the life of the Project pursuant to the Inclusionary Zoning regulations. Eight percent of the GFA will be reserved for households making 50% of the Area Median Income, and two percent of the GFA will be reserved for households making 80% of the AMI. The residential units will consist of a mix of studio, one-bedroom, two-bedroom, and three-bedroom units. (Ex. 11A, 23A, 23B, 50A-50B; 12/10/2015 Tr. at p. 19.)
27. The Project will provide 45 automobile parking spaces in a single underground level. This parking garage will be accessed from the public alley at the rear of the Property. Loading facilities will also be accessed from the rear public alley and located on the north side of the building. Further, the Project will include at least 80 bike parking spaces in an underground level that will have a separate entrance at the rear of the building. (Ex. 11A, 23B, 50A-50B; 12/10/2015 Tr. at pp. 19-20.)
28. The new construction will rise to six stories (60 feet) plus a penthouse that will contain habitable space. The existing building portion that will be retained will not receive any additional height, thereby recessing the height and density behind and to the side of the retained structure. The new structure will be set back at least 10 feet from the front property line, while the retained portion of the existing building will maintain its setback of 27 feet from the front property line, thereby creating a significant amount of open green space at the front. To the east, the Project will abut the property line, but a large 35'x45' closed court on the east side of the building will provide open and green space. To the west, the building will be set back a minimum of 10 feet from the property line with additional setback at the upper floor, and a large 39'x38' open court will provide significant open green space. To the rear, the Project will be set back between one and six

feet from rear property line, and, above the fourth floor, parts of the building will be further set back. (Ex. 1, 11A, 23B, 50A-50B; 12/10/2015 Tr. at pp. 19-20.)

Flexibility Requested

29. The Applicant requested flexibility from the rear yard requirement in § 404.1. The Project will provide a rear yard ranging from one foot to six feet adjacent to the alley. The required rear yard would be 17 feet-10 inches. Because the front of the Project is set back to match the other buildings on Clifton Street, and because of the large courts in the Project, some of the Project's mass is shifted to the rear portion of the Project. In addition, areas of the upper floor of the rear of the Project are further set back from the alley. Since the alley is between 20 and 35 feet wide behind the building, the Project will allow sufficient light and air and will avoid encroaching on the neighboring properties to the rear. (Ex. 1, 50A-50B, 59A.)
30. The Applicant requested flexibility from the side yard width requirement in § 405.6. While the Project is not required to provide side yards, the Project will provide a western side yard of 10 feet. The side yard does not meet the minimum 15-foot requirement because of the large open courts in the Project, which shifts the density to the west. As mentioned, however, the overall Project site plan will provide significant open space to allow sufficient light and air and to avoid the encroachment of the new building on neighboring properties. (Ex. 1, 50A-50B.)
31. The Applicant requested flexibility from the parking requirement in § 2101.1. The required parking is 50-53 parking spaces, but the Project will provide 45 below-grade parking spaces. The required number of spaces would require creating an additional level of underground parking, which the Applicant demonstrated was inefficient to provide only the small number of additional spaces required. Additionally, given the Project's proximity to public transit, it is anticipated that many residents will not own cars. (Ex. 1, 23C; 12/10/2015 Tr. at p. 35.)
32. The Applicant requested flexibility from the loading requirement in § 2200.1. Subsection 2200.1 requires one 55-foot berth, one 200-square-foot platform, and one 20-foot delivery space, but the Project will provide one 30-foot berth and one 200-square-foot platform. The required maneuvering space for bringing larger 55-foot trucks to the Project would be disruptive to the circulation space on the ground floor, and it is not anticipated that the Project would have demand for 55-foot trucks. Further, the alley will not accommodate 55-foot trucks. (Ex. 1, 23C.)

Public Benefits and Project Amenities

33. Based on the Applicant's written submissions and testimony before the Commission, the following public benefits and project amenities will be created as a result of the Project, in satisfaction of the enumerated PUD standards in 11 DCMR § 2403. The PUD will provide superior public benefits and project amenities in the following proffered categories from 11 DCMR § 2403.9.

- a. *Housing and Affordable Housing* – The Project will provide 152-156 new residential units in the Columbia Heights neighborhood, where housing is in high demand. This will be a net increase in housing units on the site, where 48 currently exist. Also, the Project will provide 10% of the residential GFA (11,880 square feet “SF”) for units as affordable, with eight percent of the gross floor area (9,472 SF) reserved for households making 50% or less of the Area Median Income (“AMI”), and two percent (2,368 SF) reserved for households making 80% or less of AMI. All units will be subject to the Inclusionary Zoning Regulations set forth in Chapter 26 of Title 11 DCMR as those provisions may hereinafter be amended. The Applicant will provide the affordable housing shown in the chart below. This will provide additional housing where it is in high demand, and affordable housing in excess of the amount required for the proposed development, to ensure that current and new residents of limited incomes are able to live in the area. This represents a significant increase in amount and depth of affordable housing over both a matter-of-right steel or concrete frame project in the underlying R-5-B Zone District and a matter-of-right project in the R-5-C Zone District sought through this PUD (9,472 square feet of affordable housing, with 4,736 square feet at 50% AMI and 4,736 square feet at 80% AMI); (Ex. 1, 23, 23A, 59, 59B, 67.)

TABLE 1: Affordable Housing Chart

Residential Unit Type	GFA/ Percentage of Total	Units*	Income Type**	Affordable Control Period	Affordable Unit Type***	Notes
Total	118,400 SF/100%	152-156				
Market Rate	106,560 SF/90%	136-140				
IZ (50% AMI)	9,472 SF/8%	Approx. 14	50% AMI	Life of the Project	Rental	
IZ (80% AMI)	2,368 SF/2%	Approx. 2	80% AMI	Life of the Project	Rental	

* The Applicant requested flexibility to modify the final number of units, which may impact the final number and location of affordable units.

- b. *Urban Design, Architecture, and Landscaping* – The Project will exhibit many characteristics of exemplary urban design, including infill redevelopment, thoughtful integration into the neighborhood, innovative architecture, the use of high-quality materials, sustainable landscape and hardscape improvements, visually appealing landscaping features, large open space, and other “green”

features. Indeed, the building has been designed to minimize impacts on neighboring properties while incorporating elements from the neighborhood's past. Further, the Project will preserve a portion of the western building on the Property to give the Project authenticity and character while tying the Project to a contemporary and inventive design for a new residential building; (Ex. 1, 11, 23, 59.)

- c. *Site Planning, and Efficient and Economical Land Uses* – The Project will capitalize on the Property's transit-rich and retail-dense location to create much needed market-rate and affordable housing on an underutilized site. The Project balances innovative new changes to the block with enhancing and retaining the character of the neighborhood. The Project will efficiently use the land to accommodate more apartments than currently exist, but the exemplary design will retain a sense of history and open space. The front yard setbacks and large landscaped courts will provide the open space necessary for site planning that integrates well into the neighborhood. At the same time, the construction of more housing in a walkable and transit-oriented location is a highly efficient and economical use of the Property; (Ex. 1, 11, 23, 59.)
- d. *Effective and Safe Vehicular and Pedestrian Access* – The circulation plan for the Project will diminish vehicular and pedestrian conflicts. All parking and loading access will occur from the public alley accessible off of Clifton Street, which runs to a large public alley behind the Property. The Project will not create any additional curb cuts at the Property. The parking facility, which contains 45 below-grade parking spaces, will be accessed off of the public alley. There will also be a 30-foot loading space accessed off of the public alley. The project will also contain a bicycle storage facility with space for at least 80 bicycles. The Applicant's traffic impact study ("TIS") concluded that the Project will not create detrimental impacts to the transportation network. The proposed site plan contains many transit-oriented and multi-modal elements and will enhance the pedestrian environment around the site. Roadway impacts generated by new vehicular trips will be minimal and non-detrimental, in part due to a strong transportation demand and loading management plan focused on encouraging alternative modes of travel. (Ex. 23C.)

The Applicant's additional alley study also concluded that the traffic from the Project is not likely to lead to significant traffic conflicts in the alley. The study found that two-way conflicts were rare and that traffic generally flowed in one direction in the alley. Further, with the Project's alley and loading demand management plan, including the restriction on loading to daytime hours, the TIS and alley study conclude that the Project will not have a detrimental impact on the alley or street vehicular traffic in the Property vicinity. (Ex. 23C, 59E.)

As the TIS indicates, and DDOT confirmed, the transportation demand will be managed by the site's location near transit, car-sharing spaces, bicycle parking, pedestrian facilities, and the provision of a transportation demand and loading

management program. (Ex. 23, 23C, 46, 59B; 12/10/2015 Tr. at pp. 80-83.) In order to mitigate any possible adverse impacts from traffic generated by the project, the Applicant proposed the transportation demand management (“TDM”) plan, including a loading management plan, that incorporates DDOT recommendations. The plan includes carshare and Capital Bikeshare memberships included with tenancies; (Ex. 23, 23C, 46, 59, 59B; 12/10/2015 Tr. at pp. 36-37.)

- e. *Environmental Benefits* – The new building will be designed to attain a LEED-Silver rating. The Applicant’s preliminary LEED scorecard illustrates the Applicant’s goal of between 50 and 60 points. The Project will incorporate additional environmental benefits, including energy efficient lighting and appliances; low-flow plumbing fixtures; a green roof; significant landscaping; access to daylight and views; bike storage beyond what is required; recycled or local/regional materials; permeable pavers; and a high-reflectance roofing system, where applicable; and (Ex. 1, 11, 11B, 23, 23A, 59B; 12/10/2015 at p. Tr. 32.)
- f. *Uses of Special Value* – Prior to and after the filing of the PUD and Zoning Map Amendment applications, representatives of the Applicant’s team engaged in significant outreach to the neighboring community. The Applicant and its design team have held many meetings with and made presentations to, ANC 1B, neighborhood residents, and other members of the community. The Applicant sought input from ANC 1B, the ANC’s Zoning, Planning, and Design Committee, and neighborhood residents about the public amenities and benefits package. The Project’s community amenities and public benefits were the result of the Applicant’s extensive discussions with these groups. The Applicant’s community benefits package, estimated at approximately \$200,000, includes the following:
 - i. The Applicant will renovate the Mazique Child Development Center at Wardman Court with upgraded flooring, paint, furniture, child care equipment, and educational materials;
 - ii. The Applicant will redesign and renovate the community room and commercial kitchen at the Christopher Price House Belmont Apartments to ADA standards with special focus on the needs of wheelchair-bound individuals;
 - iii. The Applicant will renovate the computer lab and provide new state of the art computers and accessory technology for The Rita Bright Family & Youth Center;
 - iv. The Applicant will furnish and install new exterior exercise equipment at the Columbia Heights Community Center to provide fitness facilities for teenagers and adults to focus on health and wellness;
 - v. The Applicant will work with the N Street Village to co-sponsor the creation of the Miriam House Wellness and Rehabilitation Center and

advance Miriam House programming. The wellness center will be a resource for physical therapy and general wellness constructed to meet the needs of those living with HIV/AIDS;

- vi. The Applicant will fund the completion of capital improvements for bathroom and kitchen renovations to one of the Samaritan Inns' residential facilities on Fairmont Street; and
- vii. The Applicant will commit to pursue alley improvement and beautification projects that the community identifies, including planting trees and foliage. The Applicant will work with DDOT and city officials to plant and/or improve tree boxes in the sidewalks of the 1300 block of Clifton Street. (Ex. 1, 23, 23A, 50B; 59B; 12/10/2015 Tr. at pp. 41-43.)

Comprehensive Plan

- 34. The Commission finds that the PUD advances the goals and policies in the Land Use, Transportation, Housing, Urban Design and Mid-City Area Elements of the District of Columbia Comprehensive Plan ("Plan").
- 35. The Land Use Element of the Comprehensive Plan includes the following policies advanced by the Project:
 - **Policy LU-1.3.2: Development Around Metrorail Stations** – Concentrate redevelopment efforts on those Metrorail station areas which offer the greatest opportunities for infill development and growth, particularly stations in areas with weak market demand, or with large amounts of vacant or poorly utilized land in the vicinity of the station entrance. Ensure that development above and around such stations emphasizes land uses and building forms which minimize the necessity of automobile use and maximize transit ridership while reflecting the design capacity of each station and respecting the character and needs of the surrounding areas;
 - **Policy LU-1.3.4: Design to Encourage Transit Use** – Require architectural and site planning improvements around Metrorail stations that support pedestrian and bicycle access to the stations and enhance the safety, comfort and convenience of passengers walking to the station or transferring to and from local buses. These improvements should include lighting, signage, landscaping, and security measures. Discourage the development of station areas with conventional suburban building forms, such as shopping centers surrounded by surface parking lots;
 - **Policy LU-1.4.1: Infill Development** – Encourage infill development on vacant land within the city, particularly in areas where there are vacant lots that create "gaps" in the urban fabric and detract from the character of a commercial or residential street. Such development should complement the established character

of the area and should not create sharp changes in the physical development pattern;

- **Policy LU-2.1.3: Conserving, Enhancing, and Revitalizing Neighborhoods** – Recognize the importance of balancing goals to increase the housing supply and expand neighborhood commerce with parallel goals to protect neighborhood character, preserve historic resources, and restore the environment. The overarching goal to “create successful neighborhoods” in all parts of the city requires an emphasis on conservation in some neighborhoods and revitalization in others;
- **Policy LU-2.1.10: Multi-Family Neighborhoods** – Maintain the multi-family residential character of the District’s Medium-and High-Density residential areas. Limit the encroachment of large scale, incompatible commercial uses into these areas, and make these areas more attractive, pedestrian-friendly, and transit accessible; and
- **Policy LU-2.2.4: Neighborhood Beautification** – Encourage projects which improve the visual quality of the District’s neighborhoods, including landscaping and tree planting, facade improvement, anti-litter campaigns, graffiti removal, improvement or removal of abandoned buildings, street and sidewalk repair, and park improvements.

The Commission finds that the Project will advance the policies of the land use element. The Project will rehabilitate an overlooked and underutilized parcel of residential land in the center of a thriving multi-family residential and retail neighborhood. At the same time, the Project will conserve parts of an existing building to help retain the neighborhood character. The new building design will beautify the existing parcel and will add an attractive new building to the fabric of the neighborhood. The Project will leverage its proximity to myriad public transit options (two Metrorail stations, Metrobus routes, Capital Bikeshare stations) and a plethora of amenities and services by promoting density on the site oriented to pedestrians and cyclists. The Project will be the quintessential infill development that will allow an underutilized site to be brought to its highest and best use with new housing close to public transportation and amenities. Given its location near both Columbia Heights and the U Street/14th Street Corridor, the Project will deftly promote transit oriented development without compromising the existing nearby multifamily residential areas. (Ex. 1, 11, 11A, 23, 23B, 50; 12/10/2015 Tr. at pp. 10, 20.)

36. The Transportation Element of the Comprehensive Plan includes the following policy advanced by the Project:

- **Policy T-1.1.4: Transit-Oriented Development** – Support transit-oriented development by investing in pedestrian-oriented transportation improvements at or around transit stations, major bus corridors, and transfer points; and

- **Policy T-2.3.3: Bicycle Safety** – Increase bicycle safety through traffic calming measures, provision of public bicycle parking, enforcement of regulations requiring private bicycle parking, and improving bicycle access where barriers to bicycle travel now exist.

The Commission finds that the Project will advance these policies of the transportation element. The Project will make a significant contribution of new housing at a site served by mass transit and surrounded by services and amenities. The Project will be strategically located near the Yellow and Green Line's Columbia Heights and U Street-Cardozo Metrorail stations, as well as along a major transportation and Metrobus corridor (14th Street). The Property's proximity to public transportation makes it a prime location for additional density and residences. The Project design also will encourage bicycling with its substantial bike storage and repair facilities with a separate protected entrance. Altogether, the Project will encourage alternate modes of transportation by providing the infrastructure for walking, biking, and various modes of public transportation. (Ex. 1, 11, 23C, 59B; 12/10/2015 Tr. at pp. 34-37.)

37. The Urban Design Element of the Comprehensive Plan includes the following policies advanced by the Project:

- **Policy UD-2.2.1: Neighborhood Character and Identity** – Strengthen the defining visual qualities of Washington's neighborhoods. This should be achieved in part by relating the scale of infill development, alterations, renovations, and additions to existing neighborhood context;
- **Policy UD-2.2.5: Creating Attractive Facades** – Create visual interest through well-designed building facades, storefront windows, and attractive signage and lighting. Avoid monolithic or box-like building forms, or long blank walls which detract from the human quality of the street;
- **Policy UD-2.2.7: Infill Development** – Regardless of neighborhood identity, avoid overpowering contrasts of scale, height and density as infill development occurs; and
- **Policy UD-2.2.9: Protection of Neighborhood Open Space** – Ensure that infill development respects and improves the integrity of neighborhood open spaces and public areas. Buildings should be designed to avoid the loss of sunlight and reduced usability of neighborhood parks and plazas.

The Commission finds that the Project will advance these policies of the urban design element. The Project design acknowledges and embraces the importance of the site location in a vibrant retail and residential neighborhood. By incorporating new construction and contemporary design with preservation of part of an existing building, the building design will relate to its location in an established neighborhood while facilitating the vibrancy and growth of the neighborhood. The PUD design will create a sense of place, while relating to the existing residential buildings nearby. As such, the

design effectively incorporates elements of materials and articulation that are reminiscent of the nearby buildings while offering a contemporary design that does not try to emulate other buildings. Further, the design maintains the front setbacks and open spaces that are characteristic of the neighborhood. At the same time, the Project will have a scale, height, and density appropriate for a site in the center of a growing and thriving residential and retail neighborhood. (Ex. 1, 11, 11A, 23, 23B, 50; 12/10/2015 Tr. at p. 21.)

38. The Housing Element of the Comprehensive Plan includes the following policies advanced by the Project:

- **H-1.1 Expanding Housing Supply** – Expanding the housing supply is a key part of the District’s vision to create successful neighborhoods. Along with improved transportation and shopping, better neighborhood schools and parks, preservation of historic resources, and improved design and identity, the production of housing is essential to the future of our neighborhoods. It is also a key to improving the city’s fiscal health. The District will work to facilitate housing construction and rehabilitation through its planning, building, and housing programs, recognizing and responding to the needs of all segments of the community. The first step toward meeting this goal is to ensure that an adequate supply of appropriately zoned land is available to meet expected housing needs;
- **Policy H-1.1.1: Private Sector Support** – Encourage the private sector to provide new housing to meet the needs of present and future District residents at locations consistent with District land use policies and objectives;
- **Policy H-1.1.3: Balanced Growth** – Strongly encourage the development of new housing on surplus, vacant and underutilized land in all parts of the city. Ensure that a sufficient supply of land is planned and zoned to enable the city to meet its long-term housing needs, including the need for low- and moderate-density single family homes as well as the need for higher-density housing;
- **Policy H-1.2.1: Affordable Housing Production as a Civic Priority** – Establish the production of housing for low and moderate income households as a major civic priority, to be supported through public programs that stimulate affordable housing production and rehabilitation throughout the city;
- **Policy H-1.3.1: Housing for Families** – Provide a larger number of housing units for families with children by encouraging new and retaining existing single family homes, duplexes, row houses, and three- and four-bedroom apartments; and
- **Policy H-2.1.1: Protecting Affordable Rental Housing** – Recognize the importance of preserving rental housing affordability to the well-being of the District of Columbia and the diversity of its neighborhoods. Undertake programs to protect the supply of subsidized rental units and low-cost market rate units.

The Commission finds that the Project will advance these policies for the housing element. The Project will expand the District’s housing supply in an established and

growing residential neighborhood. By providing 152-156 new residential units in a neighborhood with a significant housing demand, the Project will promote multi-unit residential development objectives. The Project will produce replacement and new housing on an underutilized site in thriving residential community for all income levels. The residential building will be a high quality design and will incorporate high quality materials. Tenants in the existing buildings will be permitted to return to the Project at their existing rents. Importantly, the Project will provide 10% of its gross floor area for affordable housing pursuant to Inclusionary Zoning. The existing buildings provide no guarantee of affordability, but the Project will provide, in perpetuity, more affordable housing – at deeper levels of affordability – than the Inclusionary Zoning regulations require. (Ex. 1, 11, 23, 23A; 12/10/2015 Tr. at pp. 40-41.)

39. The Environmental Protection Element of the Comprehensive Plan includes the following policies advanced by the Project:

- **Policy E-3.1.1: Maximizing Permeable Surfaces** – Encourage the use of permeable materials for parking lots, driveways, walkways, and other paved surfaces as a way to absorb stormwater and reduce urban runoff;
- **Policy E-3.1.2: Using Landscaping and Green Roofs to Reduce Runoff** – Promote an increase in tree planting and landscaping to reduce stormwater runoff, including the expanded use of green roofs in new construction and adaptive reuse, and the application of tree and landscaping standards for parking lots and other large paved surfaces;
- **Policy E-3.1.3: Green Engineering** – Promote green engineering practices for water and wastewater systems. These practices include design techniques, operational methods, and technology to reduce environmental damage and the toxicity of waste generated; and
- **Policy E-3.2.1: Support for Green Building** – Encourage the use of green building methods in new construction and rehabilitation projects, and develop green building methods for operation and maintenance activities.

The Commission finds that the Project will advance these policies of the environmental protection element. The Project incorporates many environmentally sensitive features that will allow it to satisfy the LEED-Silver standard. Such green features include green roofs, water efficient landscaping, more trees, water retention and reuse, and enhanced energy efficiency for HVAC systems and lighting. (Ex. 1, 11, 11B, 23, 50; 12/10/2015 Tr. at p. 32.)

40. The PUD site is located in the Mid-City Area Element of the Comprehensive Plan. The Project will be consistent with the following policies and action of the Area Element:

- **Policy MC-1.1.1: Neighborhood Conservation** – Retain and reinforce the historic character of Mid-City neighborhoods, particularly its row houses, older apartment

houses, historic districts, and walkable neighborhood shopping districts. The area's rich architectural heritage and cultural history should be protected and enhanced;

- **Policy MC-1.1.3: Infill and Rehabilitation** – Encourage redevelopment of vacant lots and the rehabilitation of abandoned structures within the community, particularly along Georgia Avenue, Florida Avenue, 11th Street, and North Capitol Street, and in the Shaw, Bloomingdale, and Eckington communities. Infill development should be compatible in scale and character with adjacent uses; and
- **Policy UNE-1.1.7: Protection of Affordable Housing** – Strive to retain the character of Mid-City as a mixed income community by protecting the area's existing stock of affordable housing units and promoting the construction of new affordable units.

The Commission finds that the Project will advance these policies in the area element. The condition of the existing buildings on the Property is outdated, and the existing units have no guarantee of affordability. The Project will replace these substandard buildings on an underutilized parcel in a central location with a new high-quality building. The Project will conserve the character of the neighborhood by retaining a significant portion of the existing western building, which has a character that is prevalent in the neighborhood. Further, the Project will devote 10% of the gross floor area to affordable units in perpetuity, most of which will be at deep levels of affordability. All of this will contribute to the well-being of the Mid-City community. (Ex. 1, 11, 23; 12/10/2015 Tr. at pp. 22-23, 40-41.)

Government Agency Reports

41. By report dated November 30, 2015, OP recommended, subject to conditions, that the proposed PUD and related Zoning Map amendment should be approved. In its testimony at the public hearing, OP reiterated its recommendation for approval (Ex. 44; 12/10/2015 Tr. at p. 80.)
42. OP determined that the Project and related Zoning Map amendment would not be inconsistent with the Comprehensive Plan or the Future Land Use Map. In its report, OP stated, "The proposed map amendment to the R-5-C District and the proposed density are not inconsistent with [the Medium Residential land use category] designation." (Ex. 44; 12/10/2015 at Tr. p. 80.)
43. By its report dated November 30, 2015, DDOT supported approval of the PUD and related Zoning Map amendment, with conditions and recommendations. At the public hearing, DDOT reiterated its support. DDOT stated that it found that the Project will only "minimally increase vehicle travel delay and queues in the area." (Ex. 46, 12/10/2015 Tr. at pp. 80-83.)
44. On February 16, 2016, DDOT submitted a supplemental report concerning the alley traffic conditions and the Applicant's revised "1315 Clifton NW Alley Operation Study"), dated February 5, 2016. (Ex. 59E.) The report stated that DDOT agrees with the Applicant's findings that two-way encounters and alley blockages are infrequent given

the low volume of traffic in the alley and that prevailing operations of the alley align with residential commuting patterns. The study identifies that movements against the prevailing operations, while currently minimal, have the biggest negative impact on alley operations. As a result of the Project, traffic in the alley is expected to increase somewhat. To address this increase and in response to the additional alley operations analysis, the Applicant proposed additional mitigation measures, namely, a revised Loading Management Plan that restricts loading berth hours to 9:00 a.m. to 5:00 p.m., a prohibition of daytime parking for nearby businesses within the 1315 Clifton Street building, coordination with the District to increase enforcement of vehicles parking in public space and along the alley, and coordination with DDOT and the community to designate a loading zone along Clifton Street. The report stated that DDOT found the revised Loading Management Plan and daytime parking prohibition will serve to minimize vehicle movements against the prevailing operations in the alley, and that additional enforcement will serve to facilitate vehicle movements and operations in the alley. DDOT further stated that the curbside loading zone requires an application to DDOT and no application has been submitted at the time of its report. DDOT would evaluate any potential application to determine the appropriateness of establishing a curbside loading zone in the vicinity. The report stated that curbside loading zones are for commercial loading activity only and not intended for residential-related loading activity, and the request is unlikely to be supported by DDOT for the suggested non-commercial uses. (Ex. 62)

45. The Commission finds that in light of DDOT's statement that it is unlikely to support the proposed curbside loading zone, it will not require the Applicant to pursue it. The Commission finds that the Applicant's other proposed mitigation measures are adequate to mitigate the identified potential adverse effects, and has incorporated them into the conditions of this Order.

ANC 1B Reports

46. On December 10, 2015, ANC 1B submitted a report noting that at a duly scheduled public meeting on December 3, 2015, the ANC voted to refer the Project back to the Zoning, Preservation, and Design Committee for further review, and requested deferral to issue its full report until after that time. (Ex. 51.) At the public hearing, the ANC's representatives noted that a few issues, primarily concerning the Project's impact on the public alley, were still being resolved between the ANC and the Applicant, and that additional review by the ANC's Zoning, Preservation, and Design could help resolve such issues. (Ex. 51; 12/10/2015 Tr. at pp. 145-46)
47. On February 9, 2016, ANC 1B submitted a new report in support of the application. The letter stated that, on February 4, 2016, at a duly-noticed meeting with a quorum present, the ANC voted 10-1-0 to support the PUD and related Zoning Map amendment application. The recommendation stated that the ANC encourages the Applicant to pursue use of private property adjacent to the alley entrance for public use and to develop a mechanism to administer its alley beautification fund. (Ex. 60.)

Persons in Support

48. Five persons testified in support of the application. Testimony was from existing residents who were happy to be returning to the new Project and from a neighbor sharing the alley who expressed pleasure with the Applicant's changes and accommodations. Additional support testimony concerned how the existing tenants were pleased with the agreement with the Applicant, how the Applicant was responsive to the adjacent building, and how approval of the Project would benefit community organizations, such as the Mazique Parent Child Center. (12/10/2015 Tr. at pp. 109-122.)
49. The Commission received 24 letters of support for the Project. The letters expressed support of the Project based on the Project's opportunity for residents, the proffered public amenities, the Applicant's history of commitment to the neighborhood, the appealing context-appropriate design of the Project, the elimination of run-down apartment buildings, the enhancement of open space, overall enhancement and benefit to the character of the neighborhood, the potential to draw greater amenities and create a safer environment, and the appropriateness of the new buildings' heights. (Ex. 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 47, 49, 52, 53.)

Persons in Opposition

50. At the public hearing, two persons testified in opposition to the Project. Reasons cited for opposition to the project included: the Project obstructs the view from the lower-level apartments on adjacent properties; the rear yard relief requested; infrastructure concerns; and that the development might create negative environmental consequences. (12/10/2015 Tr. at pp. 114-119.)
51. The Commission received one letter in opposition to the Project. The letter expressed concern over the Project's height, massing, and traffic impact. (Ex. 10.)

Satisfaction of the PUD and Zoning Map Amendment Approval Standards

52. In evaluating a PUD application, the Commission must "judge, balance, and reconcile the relative value of project amenities and public benefits offered, the degree of development incentives requested and any potential adverse effects." (11 DCMR § 2403.8.) The Applicant engaged in extensive communication with ANC 1B and the ANC's Zoning, Preservation, and Design Committee to develop a specific and appropriate package of public benefits and project amenities. Given the amount and quality of the project amenities and public benefits included in this PUD and related Zoning Map amendment application, the Commission finds that the development incentives to be granted for the Project and the related rezoning are appropriate and that the application satisfies the requirements for a PUD under Chapter 24 of the Zoning Regulations. The Commission also finds that the requested areas of flexibility from the requirements are consistent with the purpose and evaluation standards of Chapter 24 of the Zoning Regulations and are fully justified by the superior benefits and amenities offered by this Project.

53. Based on evidence and testimony submitted by the Applicant, the Commission finds that the Project is acceptable in all proffered categories of public benefits and project amenities and is superior in public benefits and project amenities relating to housing and affordable housing, land use, urban design, site planning, transportation, environment, and uses of special value to the neighborhood and District as a whole.
54. The Commission also credits the testimony of the Applicant and OP that the proposed PUD project and rezoning of the Property are not inconsistent with the Comprehensive Plan or the Future Land Use Map. The Project and related rezoning are consistent with medium density residential development and advance numerous policies of the Comprehensive Plan.
55. The Commission credits the written submissions and testimony of the Applicant and persons in support that the PUD, related map amendment, and community amenities package resulted from significant and inclusive community outreach and input over many months. The Commission finds that the Applicant engaged in extensive outreach with the community, particularly the Property residents, and participated in numerous meetings, phone calls, and email exchanges with many community and ANC members to solicit feedback. The Commission acknowledges that Applicant was responsive to concerns, demonstrated by the number of changes to the Project – including adjustment of the rear-yard setback, architectural refinements, and adjustments for increased privacy and view – that were direct responses to community concerns. The Commission finds that the Applicant engaged in extensive public outreach during the planning for the Project. (12/10/2015 Tr. at pp. 15-16.)
56. The Commission credits the written submissions and testimony of the Applicant and persons in support that height, size, and placement of the new building is appropriate and will not detrimentally restrict light, air, and openness on the site. The Commission is compelled by building's design and the significant amounts of open space on the site, particularly in the side courts and the front setback, to conclude that the massing of new building will be appropriate for the site and for the neighborhood. The Commission finds that the distance from Clifton Street to the building frontage is appropriate to retain the character of the neighborhood. Furthermore, the Commission is convinced that the design refinements, including upper floor setbacks, made in response to community comments will preserve the design integrity and resident privacy of the neighborhood. Based on the many enhancements and benefits that this Project will bring to the neighborhood, the Commission concludes that the Project will not have a deleterious effect.
57. The Commission credits the testimony and written submissions of the Applicant that the Project design will provide significant amounts of open space that will preserve light, air, and quality of life for the neighborhood. The Project's landscape and site design will incorporate many new features, such as alley trees, more plantings, and vertical plantings on the building that will enhance the exiting open spaces and will provide more landscaped and welcoming spaces than currently exist. The Commission concludes that the high quality of the Project and improvements in the neighborhood and community

organizations that will accompany the addition of the building on the Property will significantly outweigh the additional density and height that accompany the Project.

58. The Commission credits the testimony and written submissions of the Applicant that the Project height and massing will be consistent with the character of the neighborhood. As the Applicant demonstrated, the surrounding blocks in the neighborhood, including across the street, includes multiple apartment buildings that are similar or larger in scale to the Project. (Ex. 50.)
59. The Commission credits the testimony and written submissions of the Applicant that the benefits and amenities, including the substantial affordable housing provided by the Project, are appropriate in relationship to the proposed Project. The Commission credits the testimony and written submissions of OP and persons in support of the Project that assisted the Applicant in shaping the benefits and amenities package for the Project.
60. The Commission credits the testimony and written submissions of the Applicant and DDOT that the site will provide a safe traffic flow pattern for both cars and pedestrians. The Commission finds that the Project's parking garage located off of the public alley provides appropriate facilities for the demand created by the Project. Also, the Commission finds that the Project will not significantly contribute to alley congestion and that the potential for two-way conflicts in the alley is small and that the Project will not exacerbate any conflicts. Furthermore, the Project's loading management plan will limit any potential for problems or conflicts with large trucks in the alley or at the site. Additionally, due to the Property's proximity to Metrorail and Metrobus routes, the Commission finds that this Project will be a transit-oriented development that does not generate unduly high automotive travel and that the provided number of parking spaces will be sufficient to satisfy demand in the building. Finally, the robust TDM plan constructed by the Applicant will ensure the Project does not negatively impact the traffic conditions at the Property.
61. The Commission finds that through its testimony at the December 10, 2015 hearing and in its February 8 submission, the Applicant sufficiently complied with or agreed to OP's conditions of support. Accordingly, the Commission can accord OP's full support for the Project and related Zoning Map amendment.
62. The Commission finds that, through the Applicant's testimony at the December 10, 2015 hearing and through its February 8, 2016 submission, the Applicant sufficiently responded to DDOT's conditions and recommendations in its report. The Commission concludes that DDOT's full support for the Project and related Map amendment can be accorded. The Applicant agreed to the recommended TDM measures, which will reduce demand for parking and automobiles and will address traffic concerns in the area. Based on this agreement and the Applicant's own testimony and written submissions, the Commission finds that the Project will not have an adverse impact on the transportation or parking network in the vicinity of the Project. (Ex. 59, 59E; 12/10/2015 Tr. at pp. 80-83.)

63. From evidence presented at the hearing the Commission finds that the PUD and related Zoning Map amendment will not have material adverse impacts on neighboring properties. The Commission credits the Applicant's post-hearing submission addressing alley traffic concerns and illustrating that the Project will not have an adverse impact on the area. Further, the Commission credits the Project's neighborhood context and landscaping features to demonstrate that the building heights will not cause adverse impacts on neighboring properties. Finally, the Commission credits the site planning and landscape features to demonstrate that the Project will retain the characteristics of the neighborhood. (Ex. 50, 59, 59B; 12/10/2015 Tr. at p. 58.)
64. The Commission finds that the Applicant's submission on February 8, 2016 adequately addressed questions and issues raised during the December 10 hearing, particularly with respect to the alley conditions the Project's impacts on the alley. The Commission credits the Applicant's alley study and its review of other alley conditions, as well as the changes to the building's rear to address these concerns. (Ex. 59, 59B.)

CONCLUSIONS OF LAW

1. Pursuant to the Zoning Regulations, the PUD process provides a means for creating a "well-planned development." The objectives of the PUD process are to promote "sound project planning, efficient and economical land utilization, attractive urban design and the provision of desired public spaces and other amenities." (11 DCMR § 2400.1.) The overall goal of the PUD process is to permit flexibility of development and other incentives, provided that the PUD project "offers a commendable number or quality of public benefits, and that it protects and advances the public health, safety, welfare, and convenience." (11 DCMR § 2400.2.)
2. Under the PUD process, the Commission has the authority to consider this application as a consolidated PUD. (11 DCMR § 2402.5.) The Commission may impose development conditions, guidelines and standards that may exceed or be less than the matter-of-right standards identified for height, FAR, lot occupancy, parking, loading, yards, or courts. The Commission may also approve uses that are permitted as special exceptions and would otherwise require approval by the Board of Zoning Adjustment. (11 DCMR § 2405.)
3. The proposed PUD meets the minimum area requirements of 11 DCMR § 2401.1.
4. Proper notice of the proposed PUD and related rezoning was provided in accordance with the requirements of the Zoning Regulations.
5. The development of the Project will implement the purposes of Chapter 24 of the Zoning Regulations to encourage well-planned developments that will offer a variety of building types with more attractive and efficient overall planning and design not achievable under matter-of-right standards. Here, the height, character, scale, use, and design of the proposed PUD are appropriate, and the proposed construction of an attractive residential building that capitalizes on the Property's transit-oriented location is compatible with the citywide and area plans of the District of Columbia.

6. The Applicant seeks a PUD-related zoning map amendment to the R-5-C Zone District, an increase in the maximum permitted FAR pursuant to 11 DCMR § 2405.3, and flexibility from the rear yard, side yard, parking, and loading requirements. The Commission has judged, balanced, and reconciled the relative value of the Project amenities and public benefits offered, the degree of development incentives requested, and any potential adverse effects, and concludes approval is warranted for the reasons detailed below.
7. The PUD is within the applicable height and bulk standards of the Zoning Regulations. The proposed height and density will not cause an adverse effect on nearby properties, are consistent with the height and density of surrounding and nearby properties, and will create a more appropriate and efficient utilization of land in a central urban location.
8. The Project provides superior features that benefit the surrounding neighborhood to a significantly greater extent than a matter-of-right development on the Property would provide. The Commission finds that the housing and affordable housing, urban design, site planning, architecture, efficient and safe vehicular and pedestrian access, environmentally-beneficial features, employment opportunities, and uses of special value are all significant public benefits. The impact of the Project is acceptable given the quality of the public benefits of the Project.
9. The impact of the Project on the surrounding area and the operation of city services will not be unacceptable. The Commission agrees with the conclusions of the Applicant's traffic expert and DDOT that the proposed project will not create adverse traffic, parking, or pedestrian impacts on the surrounding community, including on the alley. The application will be approved with conditions to ensure that any potential adverse effects on the surrounding area and the alley from the Project will be mitigated.
10. Approval of the PUD and rezoning is not inconsistent with the Comprehensive Plan. The Project will advance numerous goals and policies of the Comprehensive Plan in the Land Use Element, Housing Element, Urban Design, and other citywide elements and policies as well as policies in the Mid-City Area Element, as delineated in the OP report.
11. The proposed PUD-related Zoning Map amendment to the R-5-C Zone District is not inconsistent with the Property's designation on the Future Land Use Map. The Commission agrees with the determination of OP and finds that the R-5-C Zone District in this case is congruent with the Medium-Density Residential land use category in the Comprehensive Plan. The R-5-C Zone District is included in the definition of Medium-Density Residential in the Framework Element of the Comprehensive Plan. Thus, the proposed R-5-C Zone District is appropriate for the Property and its Future Land Use Map designation.
12. The Project's height, massing, and use are not inconsistent with the Future Land Use Map, Generalized Policy Map, or the Comprehensive Plan. The Project will preserve residential use on the Property, as identified on the Generalized Policy Map. Further, the Project's density and height are at and below those permitted by a R-5-C PUD. Since the R-5-C Zone District is squarely consistent with Medium-Density Residential use, the

proposed height and density are not inconsistent with the Future Land Use Map. Accordingly, the Commission concludes that the Project's height and density are not inconsistent with the Comprehensive Plan.

13. The PUD and rezoning for the Property will promote orderly development of the Property in conformance with the District of Columbia zone plan as embodied in the Zoning Regulations and Map of the District of Columbia.
14. The Commission is required under D.C. Official Code § 6-623.04 to give great weight to OP recommendations. OP recommended approval and, accordingly, the Commission concludes that approval of the consolidated PUD and related rezoning should be granted.
15. In accordance with D.C. Official Code § 1-309.10(d), the Commission must give great weight to the written issues and concerns of the affected ANC. The Commission accorded the issues and concerns raised by ANC 1B the "great weight" to which they are entitled, and in so doing fully credited the unique vantage point that ANC 1B holds with respect to the impact of the proposed application on the ANC's constituents. ANC 1B recommended approval, and the Commission credits this recommendation.
16. The Applicant is subject to compliance with D.C. Law 2-38, the Human Rights Act of 1977.

C. Mitigation

1. The Applicant shall provide the following transportation demand management (“TDM”) measures **for the life of the Project unless otherwise specified:**
 - a. *Transportation Management Coordinator (“TMC”).* A member of the property management group would be a point of contact and would be responsible for coordinating, implementing, and monitoring the TDM strategies. This shall include the development and distribution of information and promotional brochures to residents and visitors regarding transit facilities and services, pedestrian and bicycle facilities and linkages, ridesharing (carpool and vanpool), and car sharing. In addition, the TMC shall be responsible for ensuring that loading and trash activities are properly coordinated and do not impede the pedestrian, bicycle, or vehicular lanes adjacent to the development, including the existing alley located behind the proposed building. The contact information for the TMC shall be provided to DDOT/Zoning Enforcement with annual contact updates;

 - c. The TMC shall establish a TDM marketing program that provides detailed transportation information and promotes walking, cycling, and transit. An effective marketing strategy should consist of a multi-modal access guide that provides comprehensive transportation information. This information can be compiled in a brochure for distribution. The marketing program should also utilize and provide website links to CommuterConnections.com and goDCgo.com, which provide transportation information and options for getting around the District;
 - d. *Transportation Incentives.* To help encourage non-auto transportation uses, the Applicant shall offer the first occupant of each residential unit with an annual carsharing membership and an annual Capitol Bikeshare membership for a period not to exceed three years to help alleviate the reliance on personal vehicles. These incentives shall be included in a move-in transportation package that includes brochures for transit facilities as well as bicycle and car sharing services for the first occupant of each residential unit;
 - e. The Applicant shall unbundle the cost of renting a parking space from the cost of renting a residential unit in the Project;

- f. The Applicant shall encourage all alternative transportation modes including bicycling. Bicycling shall be promoted with the provision of on-site outdoor temporary and secure indoor long-term bicycle parking spaces. The secure indoor long-term bicycle parking spaces shall be provided in a bicycle storage room that shall also include a bicycle repair station. The marketing program shall include brochures on bicycling in the District and for Capital Bikeshare;
 - g. The Applicant shall prohibit daytime parking for nearby businesses in the 1315 Clifton Building; and
 - h. Coordinate with the District to increase enforcement of vehicles parking in public space and along the alley that will serve the Project.
- 2. **For the life of the Project**, the Applicant shall abide by the following loading management plan:
 - a. Tenants shall be required to coordinate and schedule deliveries, and a loading coordinator shall be on duty during delivery hours;
 - b. Trucks accessing the on-site loading space shall be limited to a maximum of 24 feet in length. Any truck larger than 24 feet in length shall be required to obtain temporary parking restrictions along Clifton Street and load from the curb;
 - c. All tenants shall be required to schedule any loading operation conducted using a truck greater than 24 feet in length;
 - d. Deliveries shall be scheduled such that the loading space's capacity is not exceeded. In the event that an unscheduled delivery vehicle arrives while the loading space is full, that driver shall be directed to return at a later time when the loading space shall be available so as to not impede the alley that passes adjacent to the loading space;
 - e. Inbound and outbound truck maneuvers shall be monitored to ensure that trucks accessing the loading space do not block vehicular traffic along the alley except during those times when a truck is actively entering or exiting the loading space and alley;
 - f. Trucks using the loading space shall not be allowed to idle and must follow all District guidelines for heavy vehicle operation including but not limited to DCMR 20 – Chapter 9, Section 900 (Engine Idling), the regulations set forth in DDOT's Freight Management and Commercial Vehicle Operations document, and the primary access routes listed in the DDOT Truck and Bus Route System; and

- g. The loading dock operation shall be limited to daytime hours of operation, with signage indicating these hours posted prominently at the loading space with notification also given to tenants. The loading space shall be open seven days a week from 9:00 a.m. to 5:00 p.m. so as not to conflict with commuter traffic entering and exiting the alley. The Applicant shall prohibit trucks from accessing the loading docks outside of these times.
3. If parking spaces are unused and available in the building, then the Applicant shall offer to lease up to 10 unused spaces to residents of Square 2866. Unused spaces cannot be leased to anyone outside the building other than residents of Square 2866.

D. Miscellaneous

Such covenant shall bind the owner of the Property and all successors in title to construct on or use the Property in accordance with this Order and any amendment thereof by the Commission.
2. The application approved by this Commission shall be valid for a period of two years from the effective date of this Order. Within such time, an application must be filed for the building permit as specified in 11 DCMR § 2409.1. Construction shall start within three years from the effective date of this Order.

PERB Case No. 16-CU-02

Opinion No. 1569

DECISION AND ORDER ON COMPENSATION UNIT DETERMINATION

On December 21, 2015, the American Federation of State, County, and Municipal Employees, District Council 20, Local 2401 (“AFSCME”) and the Public Service Commission (“PSC”) (collectively “Petitioners”) filed a Joint Petition with the Board for Compensation Unit Determination (“Petition”) to designate Compensation Unit 1 as the appropriate compensation unit for a bargaining unit in PSC that is represented by AFSCME.¹ Pursuant to Board Rule 503.4, PSC posted the required notice for fourteen (14) consecutive days. No comments to the notice were received by the Board.

¹ Labor organizations are initially certified by the Board under the Comprehensive Merit Personnel Act (“CMPA”) to represent units of employees that have been determined to be appropriate for the purpose of non-compensation terms-and-conditions bargaining. Once this determination is made, upon request, the Board then determines the compensation unit in which these employees should be placed. The determination of a terms-and-conditions unit is governed by criteria set forth under D.C. Code § 1-617.09. Unit placement for purposes of authorizing collective bargaining over compensation is governed by D.C. Code § 1-617.16(b).

Decision and Order
PERB Case No. 16-CU-02
Page 2 of 3

AFSCME is the certified exclusive bargaining representative for:

All professional and non-professional employees employed by the District of Columbia Public Service Commission, excluding all management officials, supervisors, confidential employees, employees who are covered by another union's certification, employees engaged in personnel work other than in a purely clerical capacity and employees engaged in administering the provisions of Title I, Chapter 6, subchapter XVII of the D.C. Official Code.²

The Board authorizes compensation units pursuant to D.C. Official Code § 1-617.16(b), which provides:

In determining an appropriate bargaining unit for negotiations concerning compensation, the Board shall authorize broad units of occupational groups so as to minimize the number of different pay systems or schemes. The Board may authorize bargaining by multiple employers or employee groups as may be appropriate.

The Board recognizes a two-part test from this provision to determine an appropriate compensation unit: (1) the employees of the proposed unit comprise broad occupational groups; and (2) the proposed unit minimizes the number of different pay systems or schemes.³

According to Petitioners, the proposed group of employees consists of a broad range of occupational groups, including Regulatory Affairs Specialist; Paralegal Specialist; Compliance Enforcement Officer; Pipeline Safety Engineer; Economist; Financial Analyst; Senior Accountant; IT Specialist; Program Analyst; and Consumer Specialist. Petitioners assert that the position classifications fall within the broad occupational groups found in Compensation Unit 1.⁴ The Board finds that the Petitioners have satisfied the first statutory requirement that the proposed group of employees consists of a broad range of occupational groups.

Petitioners further assert that all of the employees are Career Service employees and on the District Service pay, retirement, and compensation system⁵ and that the placement of the employees in Compensation Unit 1 does not increase the number of different pay systems or schemes.⁶ The Board finds that the placement of the employees in Compensation Unit 1 would minimize the number of different pay systems or schemes in the District, and that the Petitioners have satisfied the second statutory requirement.

2. The following employees are placed in Compensation Unit 1:

MOTION FOR RECONSIDERATION

DECISION AND ORDER

I. Statement of the Case

On January 4, 2016, the Board issued Opinion No. 1559 (“Opinion”) in the above-captioned matter, affirming an arbitration award (“Award”), which was before the Board at the request of the District of Columbia Public Schools (“DCPS”).¹

On January 19, 2016, DCPS filed a Motion for Reconsideration (“Motion”) of Opinion No. 1559. DCPS requests that the Board reverse its Opinion, on the grounds that the Board erred by (1) finding that the Arbitrator did not exceed his jurisdiction when he denied DCPS’s request to introduce a witness after the close of the record, and (2) determining that the Award was not contrary to law and public policy. The Council of School Officers, Local 4 (“CSO”) did not file an Opposition.

II. Background

A relevant background summary from the Board's Opinion is as follows:

The grievance before the Arbitrator was filed on behalf of an employee ("Grievant") by CSO, concerning Grievant's termination. DCPS removed Grievant from his position of Dean of Students at a DCPS high school for adults for an alleged improper relationship with a student ("Student"). The parties presented their cases at a December 14, 2014² hearing before the Arbitrator. After DCPS rested its case-in-chief without any testimony from the Student, CSO moved for a "Directed Verdict" ("Motion") on the grounds that DCPS had failed to meet its burden of proof that DCPS had just cause to terminate Grievant. DCPS objected to CSO's motion, arguing that the case involved "a credibility issue that the arbitrator is appropriate to weigh" and that further briefing should take place. The Arbitrator continued the hearing, and CSO presented its witness. At the close of the hearing, the parties agreed off the record that DCPS could file a position regarding CSO's Motion. The Arbitrator then closed the evidentiary record at the end of the hearing, but instructed that any evidence that needed to be added to the record would require a conference call before admission.

In an email to the Arbitrator, DCPS opposed CSO's motion and requested a conference call to discuss reopening the record for testimony from the Student who had not testified during the hearing, along with other unnamed witnesses. The Arbitrator granted DCPS's request for a conference call, but placed DCPS on notice that the bar for reopening the record would be high for a witness that he believed should have been called during the hearing. On January 28, 2015, the Arbitrator held a conference call with the parties. The Award noted that, during the conference call, DCPS provided for the first time some of the efforts it made to locate the Student in order to have her testify at the December 17, 2014 arbitration hearing. According to the Arbitrator, "No specifics were provided by the DCPS as to dates of telephone calls, e-mails, letters, etc., which assertedly had been made by the DCPS to" the Student. The Arbitrator denied DCPS's request to present the Student as a witness. In denying DCPS's request, the Arbitrator noted that DCPS made no arguments about its attempts to obtain the Student's cooperation and attendance before or during the hearing, nor did DCPS request to have the record be held open in order for DCPS to reach the Student as a witness. The Arbitrator found that DCPS's request at that point in the proceedings

² The hearing was held on December 17, 2014. ARR at 10.

Decision and Order
PERB Case No. 15-A-07
Page 3 of 6

was “inappropriate and harmful to the Arbitration process, given that the request was not made until after the DCPS had rested its direct case, after the Union had presented the testimony of the Grievant, and after the evidentiary record at the instant Arbitration hearing was declared closed by the Arbitrator following the full, complete and unreserved agreement of the DCPS and the Union.”

The Arbitrator sustained CSO’s motion, finding that DCPS failed to meet its burden of proof that the Grievant engaged in the alleged misconduct. In finding that DCPS failed to prove just cause for the Grievant’s termination, the Arbitrator determined that DCPS improperly based the Grievant’s termination upon a Report of Investigation that was compiled by an investigator. The Arbitrator found that the Report of Investigation yielded no “probative evidence to support the bare allegation” that the Grievant and the Student had an improper relationship. The Arbitrator also found that DCPS failed “to present on its direct case sufficient credible, probative evidence to support” the charge that the Grievant and the Student engaged in an improper relationship. The Arbitrator ordered the Grievant reinstated and made whole for his losses.³

DCPS filed an arbitration review request, asserting that (1) the Arbitrator exceeded his jurisdiction under the parties’ collective bargaining agreement (“CBA”) when he denied DCPS’s request to reopen the arbitration record to allow the Student to testify, (2) the Award was contrary to law under the Revised Uniform Arbitration Act, and (3) the Award was contrary to law under the D.C. Court of Appeals’ standard for a directed verdict.⁴ The Board rejected DCPS’s arguments, and upheld the Award.

III. Discussion

The Comprehensive Merit Personnel Act (“CMPA”) authorizes the Board to modify or set aside an arbitration award in three limited circumstances: (1) if the arbitrator was without or exceeded his or her jurisdiction; (2) if the award on its face is contrary to law and public policy; or (3) if the award was procured by fraud, collusion or other similar and unlawful means.⁵ The Board has only “limited authority to overturn an arbitral award.”⁶ There is a “well defined and dominant” policy favoring arbitration of a dispute where the parties have chosen that course.⁷ Just as “Congress [has] declared a national policy favoring arbitration,” so has the District of Columbia.⁸ This preference for honoring the parties’ agreement to arbitrate disputes underlies the

practical “hands-off” approach to review arbitrators’ decisions, except in certain “restricted” circumstances.⁹ The Board will not substitute its own interpretation of the collective bargaining agreement for that of the parties or of the duly designated arbitrator.¹⁰

In reviewing a motion for reconsideration, the Board has held that mere disagreement with the Board’s decision is not grounds for reversal.¹¹ A successful motion for reconsideration must demonstrate that the Board’s decision was based on an error of law or reasoning, which requires reconsideration of its decision.¹²

DCPS asserts that the Board should reverse and vacate its Opinion, because (1) the Arbitrator exceeded his jurisdiction, and (2) the Award was contrary to law. The Board notes that DCPS’s arguments are a repetition of its arguments that the Board considered in its Opinion. DCPS has failed to state in its Motion how the Board erred in rejecting its arguments. For the following reasons, the Board denies DCPS’s Motion.

A. The Arbitrator did not exceed his jurisdiction.

DCPS asserts that the Arbitrator added terms to the parties’ collective bargaining agreement (“CBA”) by requiring DCPS to meet a “new standard for witness inavailability [sic].”¹³ DCPS challenges the Arbitrator’s refusal to allow DCPS to reopen the arbitration record to allow the Student to testify. The Arbitrator found that DCPS had failed to raise the possibility of calling the Student as a witness at any point during the arbitration proceedings until after the close of the arbitration record. DCPS does not assert in its Motion or Request what standard the Arbitrator should have applied.

DCPS asks that the Board adopt its assertion that the Arbitrator erred by denying its witness. DCPS crafts its evidentiary argument as an Arbitrator’s jurisdiction argument, arguing that the Arbitrator’s denial of evidence modified the parties’ CBA outside the Arbitrator’s jurisdiction.¹⁴ DCPS concludes that the Arbitrator exceeded his jurisdiction and that the Award did not draw its essence from the CBA.¹⁵ DCPS without any analysis or reasoning repeats the same argument that was considered and rejected by the Board in its Opinion.

Rejecting DCPS's arguments, the Board stated:

DCPS's argument that the Arbitrator exceeded his jurisdiction by refusing to reopen the record amounts to an objection to the Arbitrator's evaluation of certain evidence....Even if the denial of a witness was a serious error, this did not divest the Arbitrator of jurisdiction to resolve the issues presented to him. Furthermore, the Board has held on numerous occasions that such evidentiary objections do not rise to the asserted statutory basis for review.¹⁶

Further, an arbitrator has the power to procedurally control an arbitration hearing, as the Board has stated that "the CMPA does not give us [PERB] general supervisory power over grievance arbitrators...."¹⁷ As a result, the Board has held that an arbitrator has jurisdiction to determine admissibility of evidence.¹⁸ The Arbitrator's decision that DCPS in essence waived adding more witnesses at the close of the record was within the general power of the Arbitrator and did not require being included expressly in the CBA.

The Board has held, with respect to an arbitrator's findings and conclusion, that the resolution of disputes over credibility determinations and assessing what weight and significance such evidence should be afforded is within the jurisdictional authority of an arbitrator.¹⁹ The Board concludes that the Arbitrator acted within his jurisdictional authority to deny DCPS's witness after the close of the record and that the Arbitrator did not modify or add to the parties' CBA. The Board denies DCPS's Motion for Reconsideration on the grounds that the Arbitrator did not exceed his jurisdiction.

B. The Award is not contrary to law.

DCPS asserts that the Award is contrary to law, because the Arbitrator did not apply the standard used by the D.C. Court of Appeals for granting a Motion for a Directed Verdict.²⁰ As was true with respect to the argument that the Arbitrator exceeded his jurisdiction, DCPS provides no argument or analysis of how the Board erred in determining that the Award was not contrary to law.

In its Motion, DCPS asks that the Board require the Arbitrator be held to the D.C. Court of Appeals standard for granting a motion for a directed verdict.²¹ DCPS argues that a directed verdict should not be granted “as long as there is some evidence from which jurors could find that the [non-moving] party has met its burden.”²² In its Opinion, the Board rejected DCPS’s argument that the Award was contrary to law, and found that the Arbitrator was not required to apply the standard applied by the Court of Appeals. DCPS overlooks the fact that the Union’s counsel called CSO’s motion a Motion for a Directed Verdict, as he noted, “for lack of a better ter.”²³ In fact, the Arbitrator rendered a decision on the merits of the case based on the evidence presented at the hearing and the arguments of the parties. The Board denies DCPS’s Motion for Reconsideration, as DCPS fails to demonstrate that the Board erred in its conclusion that the Award was not contrary to law and public policy.

IV. Conclusion

The Board finds that DCPS has not asserted a legal basis for overturning the Board’s decision in Opinion No. 1559. As a result, the Board denies DCPS’s Motion for Reconsideration.

ORDER

IT IS HEREBY ORDERED THAT:

1. DCPS’s Motion for Reconsideration is denied.
2. Pursuant to Board Rule 559.1, this Decision and Order is final upon issuance.

PERB Case No. 14-S-02

Opinion No. 1572

DECISION AND ORDER

I. Statement of the Case

On March 7, 2014, Renee Jackson (“Complainant”) filed a Standards of Conduct Complaint (“Complaint”), alleging Teamsters Local Union No. 639 (“Teamsters”) violated D.C. Official Code § 1-617.03(a) by failing to ensure Complainant was provided monetary payments from a settlement agreement between Teamsters and the District of Columbia Public Schools. Teamsters filed an answer, denying the allegations and asserting that Complainant had failed to state a claim for a standards of conduct violation or a duty of fair representation violation. The matter was sent to a hearing. The Hearing Examiner’s Report and Recommendation (“Report and Recommendation”) is before the Board for disposition. No Exceptions were filed in the case.

II. Hearing Examiner's Report and Recommendation

A. Factual findings

The Hearing Examiner found:

In 2008 the Complainant was a cafeteria worker for District of Columbia Public Schools (DCPS); she was a 10-month employee. She was in a bargaining unit that was represented by the Respondent (Local 639). At the beginning of the 2008-09 school year, DCPS contracted with Chartwell's, a private company, to provide food services in the schools.

Decision and Order
PERB Case No. 14-S-02
Page 2 of 5

The Complainant, along with several hundred other food service workers, were transferred to Chartwell's. (The Complainant was still working for Chartwell's at the time of the hearing.) The Complainant's final pay period with DCPS ended on May 24, 2008. Her pay stub for this final period showed that she had accrued 356.35 sick leave hours.

There was some dispute between Local 639 and DCPS about what would happen to employees' accrued sick leave at the time of their transfer to Chartwell's....Eventually (the date is not in the record), DCPS said it would not honor unused sick leave. Local 639 then filed a grievance and an unfair labor practice charge.

In late 2013, prior to the grievance being heard by an arbitrator, or the unfair labor practice charge heard by a PERB hearing examiner, DCPS offered to settle the matter. According to [Teamsters' Business Agent] Scott Clark, DCPS agreed to pay employees, at the rate of approximately 25 cents on the dollar, for the accrued sick leave they had at the time of their transfer to Chartwell's. Employees who had transferred to Chartwell's but were no longer working for the company at the time of the settlement (whether by death, retirement, or resignation) would be excluded from the settlement. Also excluded would be employees who had zero or negative sick leave balances at the time of the transfer.¹

At some point after the settlement, Complainant notified Teamsters that she had not received payment for her sick leave hours under the settlement agreement. In order to determine who would receive payment under the settlement, Clark requested employees' sick leave records from Chartwell, as DCPS no longer kept the transferred employees' records. Chartwell's records for Complainant showed that she had a balance of zero sick leave hours at the time of the transfer. Clark investigated to see if there were any other records to verify Complainant's sick leave, but was unable to find any other verification of her sick leave.²

Complainant then filed the Complaint that is before the Board.

B. Recommendations

The Hearing Examiner considered whether Teamsters violated D.C. Official Code § 1-617.03(a) by failing to provide "fair and equal treatment" to Complainant.³ The Hearing Examiner found that Teamsters "took reasonable steps to ascertain the facts of the Complainant's sick leave status," that DCPS did not have Complainant's employee records, and that Chartwell's records showed that Complainant had a zero sick leave balance.⁴ The Hearing Examiner considered whether Teamsters' actions were in good faith and its actions motivated by honesty

of purpose, and not its competence.⁵ The Hearing Examiner found that Teamsters acted reasonably and in good faith while investigating Complainant's sick leave.⁶ The Hearing Examiner concluded that Teamsters' determination that Complainant was not entitled to a payment under the settlement agree was not arbitrary, discriminatory, or reached in bad faith, nor was the determination based on irrelevant, unfair, or invidious considerations.⁷ The Hearing Examiner recommended that the Complaint be dismissed, because Teamsters did not violate the standards of conduct set forth in D.C. Official Code § 1-617.03(a)(1).

III. Analysis

No Exceptions were filed. "Whether exceptions have been filed or not, the Board will adopt the hearing examiner's recommendation if it finds, upon full review of the record, that the hearing examiner's 'analysis, reasoning and conclusions' are 'rational and persuasive.'"⁸

Considering standard of conduct and duty of fair representation violations, the Board has held that "a breach by an exclusive representative of the duty to fairly represent its employees ... does not concomitantly constitute a breach of the standards of conduct, and vice versa."⁹ The CMPA's standards of conduct for labor organizations address standards that apply to the internal operation of the union and union members' participation in such affairs, which arises from a union's duty to comply with certain minimum standards prescribed by D.C. Official Code § 1-617.03(a).

The right to be fairly represented arises from a union's role as the employee's collective bargaining representative.¹⁰ An unfair labor practice alleging a breach of a union's duty of fair representation concerns infringements by the union of employees' statutory collective bargaining rights under the CMPA.¹¹ D.C. Official Code § 1-617.04(b)(1) prohibits employees, labor organizations, their agents or representatives from "[i]nterfering with, restraining or coercing any employees or the District in the exercise of rights guaranteed by this subchapter" "Employee rights under this subchapter" are prescribed under and consist of the following: "(1) [t]o organize a labor organization free from interference, restraint or coercion; (2) [t]o form, join or assist any labor organization; (3) [t]o bargain collectively through a representative of their own choosing ...; (4) [to] present a grievance at any time to his or her employer without the intervention of a labor organization [.]"¹² The Board has ruled that D.C. 617.04 (b)(1) (2001) also “encompasses the right of employees to be fairly represented by the labor organization that has been certified as the exclusive representative for the collective-bargaining unit of which the employee is a part. Specifically, the right to bargain collectively through a designated representative includes the duty of labor organizations to ‘represent the interests of all employees in the unit without discrimination and without regard to membership in the labor organization’”¹³

A. Standards of Conduct allegations

D.C. Official Code § 1-617.03(a) sets certain minimum standards that labor organizations must maintain with respect to its operation, practice and procedures for recognition by the Board as a labor organization under the CMPA.¹⁴ The CMPA’s standards of conduct for labor organizations address standards that apply to the internal operation of the union and union members’ participation in such affairs.¹⁵ Under § 1-617.03(a)(1), a member of the bargaining unit is entitled to “fair and equal treatment under the governing rules of the [labor] organization.” The Board considers whether the union’s conduct was arbitrary, discriminatory, or in bad faith, or based on considerations that are irrelevant, invidious, or unfair.¹⁶

In the present case, Complainant does not state any allegations related to any internal union proceedings or breach of any of Teamsters’ by-laws or constitution. Complainant has not asserted a requisite element of a standards of conduct claim. While a Complainant need not prove his or her case on the pleadings, the Complainant must plead or assert allegations that, if proven, would establish the alleged statutory violations.¹⁷ Even if, *arguendo*, a proper standards of conduct claim was before the Board, the Board has held that, to find a violation, a union’s conduct “must be arbitrary, discriminatory or in bad faith, or be based on considerations that are irrelevant, invidious or unfair.”¹⁸ The Hearing Examiner found that the Teamsters acted reasonably while investigating Complainant’s sick leave hours and making the determination that she was not entitled to payment under Teamsters’ and DCPS’s settlement agreement.¹⁹ The Board finds that the Hearing Examiner’s findings and conclusions are reasonable, supported by the record, and consistent with the Board’s precedent. Therefore, the Board adopts the Hearing Examiner’s Report and Recommendation and dismisses the standards of conduct allegations.

B. Duty of fair representation

Although Complainant captioned her Complaint as a standards of conduct complaint and not an unfair labor practice complaint, the Board has not required strict compliance with Board Rules for *pro se* complainants.²⁰ When considering an allegation that a union has breached its duty of fair representation, the Board has repeatedly held that the test is not the competence of a union, but rather whether a union's representation was in good faith and its actions motivated by honesty of purpose.²¹ The Board applies this test by determining whether a union engaged in any conduct that was arbitrary, discriminatory, or in bad faith, or was based on considerations that are irrelevant, invidious or unfair.²² The Hearing Examiner analyzed Complainant's allegations as if she had claimed a breach of the duty of fair representation. The Hearing Examiner found that Teamsters acted reasonably, and that Complainant did not assert any arbitrary, discriminatory, or bad-faith actions by the Teamsters.²³

The Board finds that the Hearing Examiner's findings and conclusions are reasonable, supported by the record, and consistent with Board precedent. The Board adopts the Hearing Examiner's Report and Recommendation with respect to Complainant's allegations.

IV. Conclusion

The Board adopts the Hearing Examiner's findings and conclusions, and dismisses the Complaint for a failure to state a claim for a standards of conduct violation

DECISION AND ORDER

The instant complaint asserts an unfair labor practice claim and a standards of conduct claim for breach of the duty of fair representation and requests a variety of remedies. The complaint and a motion to dismiss are before the Board for disposition. As the complaint alleges neither the elements of a claim for breach of the duty of fair representation nor the elements of a standards of conduct violation, the motion to dismiss is granted.

I. Statement of the Case

A. Parties

On December 2, 2014, Complainant Paula Bonaparte (“Complainant” or “Bonaparte”), an employee of the Office of the Chief Financial Officer, acting *pro se*, filed a complaint styled “Unfair Labor Practice & Standards of Conduct” (“Complaint”). The Complaint contains four different versions of the name of the respondent. The caption names as the respondent “District Council #20, Andrew Washington, Executive Director.” At the bottom of the cover page, the respondent’s name appears as “Andrew Washington, Executive Director, Council #20.” The certificate of service certifies service by U.S. Mail upon “Council #20, of AFSCME” and service by e-mail upon “Stephen Gerald White, agent.” The body of the complaint refers simply to “the union” and to “Council #20.”

PERB’s Executive Director sent to Andrew Washington, Executive Director, Council #20, a letter advising him that the Complaint was filed and that he may file an answer no later

than December 17, 2014. No answer was filed. On December 17, 2014, the American Federation of State, County and Municipal Employees, District Council 20, Local 2776 (“Union”) filed a motion to dismiss. The Union argues in its motion that the Complaint states neither an unfair labor practice claim nor a standards of conduct claim. As will be discussed below, the Union is correct that the Complaint does not state a claim against anyone. Consequently, it is unnecessary to determine whether the respondent is the Union or the Union’s executive director.

B. Undisputed Facts

The Board deems the factual allegations of the Complaint to be true for two reasons. First, Board Rules 520.6 and 544.6 require an answer to be filed within fifteen days of service of the Complaint. Rules 520.7 and 544.7 provide, “A respondent who fails to file a timely answer shall be deemed to have admitted the material facts alleged in the complaint and to have waived a hearing.” Second, when considering a motion to dismiss, the Board will view all factual allegations in a complaint as true in order to determine whether the complaint may give rise to a violation of the Comprehensive Merit Personnel Act (“CMPA”).¹ It should be added that the Board does not deem to be true legal allegations or allegations that are legally conclusory or speculative.²

Paragraph 8 of the Complaint states, “See Exhibits for proof of my claims.” We regard paragraph 8 as incorporating by reference the exhibits to the Complaint, which are e-mails between Bonaparte and Stephen White, staff representative of AFSCME District Council 20, and the collective bargaining agreement between AFSCME District Council 20, AFL-CIO and the Government of the District of Columbia (“CBA”).

The following are the Complaint’s allegations of material fact, which are deemed to be true:

In August 2014, Bonaparte was suspended without pay for 3 days. She filed a grievance challenging her suspension with Mr. Jeffrey DeWitt, the Chief Financial Officer. The Complaint further states that “no grievances are ever filed by the union. . . . [T]he sole reason is economics; the money is in the budget.”³ DeWitt never responded.⁴

The staff representative of AFSCME District Council 20, Stephen White, told Bonaparte on November 4, 2014, that he was going to sign documents to send her grievance(s) to arbitration.⁵ On November 18, 2014, Bonaparte asked for proof that the arbitration had been filed. White sent Bonaparte an e-mail on November 24, 2014, stating, “After having our attorney

review your case, the Executive Director has declined to pursue arbitration at this time. We will be scheduling to meet with your Director after the Holiday.”⁶

C. Complainant’s “Motion to Stay”

A response to the Union’s motion to dismiss was due on December 24, 2014, but was not filed. On December 30, 2014, Bonaparte filed a pleading styled “Motion to Stay.” The pleading does not request a stay of anything. Instead, it re-states Bonaparte’s dissatisfaction with the Union’s conduct and responds generally to the motion to dismiss.

II. Discussion

The Complaint alleges that the Union committed unfair labor practices and violated the standards-of-conduct provisions of the CMPA in violation of D.C. Official Code sections 1-617.04(b)(1) and (3) and 1-617.03(a)(1).⁷

B. Bonaparte failed to allege facts establishing an unfair labor practice.

Section 1-617.04(b)(3) prohibits labor organizations designated as the exclusive representative from refusing to bargain collectively with the District. An employee, such as Bonaparte, does not have standing to allege an unfair labor practice in violation of this provision.⁸ Only an employer can demand that a union bargain in good faith with the District.⁹ Bonaparte does not allege that she is an employer.

Section 1-617.04(b)(1) states, “Employees, labor organizations, their agents, or representatives are prohibited from: (1) Interfering with, restraining, or coercing any employees or the District in the exercise of rights guaranteed by this subchapter. . . .” This provision “encompasses the right to be fairly represented by the labor organization that has been certified as the exclusive representative for the collective bargaining unit of which the employee is a part.”¹⁰

Bonaparte filed her grievance herself.¹¹ She alleges that “no grievances are ever filed by the Union . . . and the sole reason is economics; the money is in the budget.”¹² A complaint alleging that a union’s *refusal* to file a grievance was arbitrary, discriminatory, or in bad faith could present a *prima facie* case of breach of the duty of fair representation,¹³ but Bonaparte does

not allege that she requested the Union to file the grievance, that the Union refused to file the grievance, or that such refusal was arbitrary, discriminatory, or in bad faith. Absent those allegations, the filing of the grievance by Bonaparte rather than by the Union does not constitute a breach of the duty of fair representation.¹⁴

Bonaparte does allege that the Union refused to send her grievance to arbitration. In arguing that this refusal was “unfair representation,” Bonaparte’s motion to stay calls attention to the benefits of arbitration: it saves money; it is tailored to address workplace problems; arbitrators can apply the law to the facts as well as interpret the contract; and both the union and the arbitrator bring their expertise to the table.¹⁵ In her praise of arbitration, Bonaparte overlooks the role of unions as gatekeepers in the process. The Supreme Court discussed the importance of that role in *Vaca v. Sipes*:

In providing for a grievance and arbitration procedure which gives the union discretion to supervise the grievance machinery and to invoke arbitration, the employer and the union contemplate that each will endeavor in good faith to settle grievances short of arbitration. Through this settlement process, frivolous grievances are ended prior to the most costly and time-consuming step in the grievance procedures. Moreover, both sides are assured that similar complaints will be treated consistently, and major problem areas in the interpretation of the collective bargaining contract can be isolated and perhaps resolved. . . .

If the individual employee could compel arbitration of his grievance regardless of its merit, the settlement machinery provided by the contract would be substantially undermined, thus destroying the employer’s confidence in the union’s authority and returning the individual grievant to the vagaries of independent and unsystematic negotiation. Moreover, under such a rule, a significantly greater number of grievances would proceed to arbitration. This would greatly increase the cost of the grievance machinery and could so overburden the arbitration process as to prevent it from functioning successfully.¹⁶

Board precedent and the CBA are consistent with *Vaca v. Sipes* in giving the Union discretion to handle a grievance in the way it sees fit and to pursue the grievance to the level it

deems necessary.¹⁷ Article 22, section 2 of the CBA provides that if a grievance is unresolved after Step 4, “the Union *may* by written notice request arbitration within twenty (20) days after the reply at Step 4 is due or received, whichever is sooner.”¹⁸ The duty of fair representation does not require a union to pursue every grievance to arbitration. A complainant alleging that a union breached the duty of fair representation by deciding against pursuing a grievance to arbitration must demonstrate that the decision was arbitrary, discriminatory, or the product of bad faith.¹⁹

The Union argues in its motion to dismiss that “[n]owhere in her complaint does Bonaparte allege that the Union acted arbitrarily, discriminatorily, or in bad faith.”²⁰ A review of the undisputed allegations of fact in the Complaint reveals that the Union is correct.

Apparently referring to agents of the Union, Bonaparte states in her Complaint that “they treated me unequally and unfairly.”²¹ This conclusory statement is insufficient to establish that the Union’s conduct was discriminatory. A complainant who alleges that a union breached its duty by not advancing a grievance to arbitration must go beyond mere conclusions or beliefs and allege the existence of some evidence that would tie actions of the union to the alleged violation.²² The Complaint does not allege facts indicating that the Union discriminates in deciding when to request arbitration.

Bonaparte’s motion to stay acknowledges that the Complaint does not allege discrimination.²³ In several places the motion to stay makes vague references to discrimination against women, minorities, and the disabled but does not indicate who has discriminated against them. Even if the motion to stay were to be construed as amending the Complaint, Bonaparte would still not have alleged facts that would establish that the Union’s decision against arbitration of her grievance was discriminatory. Bonaparte asserts that she is disabled and expresses her “belief that unfair representation is made against women, minorities, and the disabled”²⁴ but does not suggest that the Union decided against arbitration of her grievance on the basis of her asserted disability or on any other invidious basis.

In the Complaint, Bonaparte claims that the Union misled her, lied to her, and was deceitful.²⁵ Like her claim that she was treated unequally, these are merely conclusions without any factual support. The facts alleged by Bonaparte support the opposite conclusion: that the Union reversed the position that Stephen White initially took not because the Union was dishonest but because a higher-ranking official of the Union, with the advice of counsel, re-evaluated the grievance after White had given his opinion. White e-mailed Bonaparte, “After

having our attorney review your case, the Executive Director has declined to pursue arbitration at this time.”²⁶ Unions are allowed to reconsider such matters. A decision against arbitration is neither arbitrary nor in bad faith merely because it rescinds an earlier decision to invoke arbitration.²⁷ Considering a less costly alternative, such as meeting with the director, is not arbitrary either. In the absence of evidence of bad motive, the handling and processing of an employee’s grievance are within the discretion of the Union as the bargaining unit’s exclusive representative.²⁸

C. Bonaparte failed to allege facts establishing a violation of standards of conduct.

The Complaint also claims that the Union’s failure to bring Bonaparte’s grievance to arbitration violated section 1-617.03(a)(1).

D.C. Official Code § 1-617.03(a) sets certain minimum standards that a labor organization must maintain with respect to its operation, practice and procedures for recognition by the Board as a labor organization under the CMPA.²⁹ The CMPA’s standards of conduct for labor organizations address standards that apply to the internal operation of the union and union members’ participation in such affairs.³⁰ One of the standards, to which the motion to stay refers, is “[t]he maintenance of . . . provisions defining and securing the right of individual members . . . to fair and equal treatment under the governing rules of the organization. . . .” In order to show that a union’s conduct violates this standard, a complainant must demonstrate that the union’s conduct was arbitrary, discriminatory, or in bad faith, or based on considerations that are irrelevant, invidious, or unfair.³¹

In the present case, Bonaparte does not state any allegations related to any internal union proceedings or breach of the Union’s by-laws or constitution. She therefore has not asserted a requisite element of a standards of conduct claim. While a complainant need not prove his or her case on the pleadings, the complainant must plead or assert allegations that, if proven, would establish the alleged statutory violations.³² Even if, *arguendo*, a proper standards of conduct

claim were before the Board, the Complaint, does not allege facts establishing that the union's conduct was arbitrary, discriminatory, or the product of bad faith.³³

III. Conclusion

As the Board said of the complainant in *Owens v. AFSCME, Local 2095*,³⁴ there is no question that Bonaparte was dissatisfied with the Union's decision, but her dissatisfaction, in and of itself, does not constitute breach of the duty of fair representation when no evidence of arbitrariness, discrimination, or bad faith is alleged. Accordingly, the motion to dismiss is granted.

ORDER

IT IS HEREBY ORDERED THAT:

1. The Union's motion to dismiss is granted. The Complaint is dismissed with prejudice.
2. Pursuant to Board Rule 559.1, this Decision and Order is final upon issuance.
